

United Nations Climate Change Conference
COP 15 and CMP 5
Copenhagen, 7-18 December 2009

Daily Programme

Part Two

1

Special announcement

NGO participation will be limited to 300 delegates on Thursday, 17 and Friday, 18 December at the UN climate change conference to maintain a peaceful environment for the negotiations and ensure the necessary level of security when over 110 Heads of State and Government will be present. Regrettably, security considerations and the limitation of the capacity of the Bella Center have made it impossible to open the venue to a larger number of civil society representatives.

Alternative conference venue for observer organizations

The Host Country in cooperation with the Danish NGO-network Peoples' Climate Action (PCA) is organizing an alternative conference venue at Forum Copenhagen for the observer organization representatives that will not be able to enter the Bella Center Thursday, 17 and Friday, 18 December. TV links to the Bella Center will be established that will show the proceedings at COP 15. A wireless internet connection will be available.

Observer organization representatives with valid UNFCCC COP 15 badges may go to the alternative venue from 08:00 on Thursday, 17 December at Forum Copenhagen, Julius Thomsens Plads 1, 1925 Frederiksberg (Metrolines M1 and M2 go directly to Forum station). Catering will be available.

The parallel conference Peoples' Climate Summit (Klimaforum09) also organizes a meeting place as of today at Øksnehallen, Halmtorvet 11, 1700 Copenhagen V. TV links to the Bella Center will also be available at this venue. Peoples' Climate Summit is part of the parallel conference in the DGI town where seminars, exhibitions, concerts etc. are being organized, please see www.klimaforum09.org.

For further practical information about the alternative conference venue, access, IT facilities, catering etc., please contact PCA tel. +45 7022 2799 (www.peoplesclimateaction.dk/uk).

For other information, please contact Ms. Margit Thomsen, Ministry of Foreign Affairs, tel. +45 2639 8782

¹ Please consult the CCTV monitors and the Information counter for any last-minute changes to this Programme. FCCC/2009/VI/OD/10 (Part II)

Events

For a full schedule of side events during the sessions and a list of the exhibits, please see the brochure "**...inSide climate change**", available from the Information desk, or visit the UNFCCC [website](#). The secretariat would like to note that the scheduling of events remains dependent upon the demands of the negotiating process. For short-term changes please consult the CCTV monitors.

Side events

Time	Organizer	Title/Theme	Venue
09:00– 10:30	Climate Institute (Australia) Limited, Australian National University (ANU), University of New South Wales Mr. William McGoldrick wmcgoldrick@climateinstitute.org.au +61 2 415043696	Bali to Copenhagen via Canberra: Australia's domestic and international climate policies In this session, leading policy analysts and decision makers from government, NGOs, the business sector and academia will provide an update and assess the prospects for the post-2012 period.	Halfdan Rasmussen (Hall H)
09:00– 10:30	University of Stuttgart, Climatednet Ms. Maïke Sippel maïke.sippel@ier.uni-stuttgart.de +49 711 68587815	From urban regions to the countryside - climate policy options for low carbon cities and rural areas First, researchers and practitioners discuss challenges and options for cities and their climate policy-making. Second, CDM and agricultural specialists discuss how to mainstream the low-cost GHG mitigation potential of agricultural projects in the CDM. By University of Stuttgart and Climatednet	Niels Bohr, (Hall H)
09:00– 10:30	National Association of Forest Industries (NAFI) Ms. Lisa Marty lmarty@vafi.org.au +61 3 96119003	LULUCF, sustainable forest management and treatment of forestry in emissions trading schemes What will post-Kyoto rules for land use, land-use change and forestry mean for forest management and forestry? How will the rules affect the treatment of forestry in emissions trading schemes? What are the implications for forest industries, communities and the environment?	Liva Weel, (Hall H)
11:00– 12:30	European Climate Forum (ECF) Ms. Antonella Battaglini antonella@european-climate-forum.net +49 331 2882670	SuperSmart Grids: Pathways to a decarbonised power system We will suggest policy road maps to MPs and stakeholders to secure the necessary legislation on support mechanisms and regulatory reform to decarbonise the power systems and meet the 2°C.	Niels Bohr, (Hall H)
11:00– 12:30	Centre for International Sustainable Development Law (CISDL), International Development Law Organization (IDLO), University of Toronto Mr. Sebastien Jodoin sjodoin@cisdl.org +514 398 8918	Developing sustainable and equitable legal frameworks for the global low-carbon economy Leading international jurists discuss legal frameworks for climate finance focusing on the needs of the most vulnerable and based on experiences worldwide. Hosted by CISDL and IDLO, with Toronto, Sydney, McGill, Cambridge, NYU, Chile and Capetown Law faculties, ILA and the Government of Quebec.	Liva Weel, (Hall H)

11:00– 12:30	Sierra Club Mr. Fred Heutte phred@sunlightdata.com +503 757 6222	Building consensus for strong U.S. climate policies Led by principals of Blue Green Alliance partners and U.S. Senator Sherrod Brown, this panel will cover policy priorities as well as organizing strategies for building a robust blue-green movement in North America, in support of good jobs, a clean environment and a green economy	Halfdan Rasmussen, (Hall H)
13:00– 14:30	World Health Organization (WHO) Ms. Marina Maiero maierom@who.int +41 7 623501115	The World Health Organization - Protecting health from climate change Highlighting the human health dimensions of climate change and to proposing adaptation and mitigation policies in order to protect and enhance human health and well-being.	Victor Borge, (Hall H)
13:00– 14:30	United Nations Environment Programme (UNEP), International Labour Organization (ILO) Mr. Kaveh Zahedi kaveh.zahedi@unep.org +33 6 82221155	Green economy: implementing a new climate deal Economic paths to prosperity, decent employment, and poverty reduction by accelerated investment in climate change mitigation and adaptation.	Halfdan Rasmussen, (Hall H)
13:00– 14:30	The Innovation Center for Energy and Transportation (iCET) Ms. Lucia Green-Weiskel LuciaGW@icet.org.cn +1 917 2878297	Panel discussion: The China Energy and Climate Registry This panel will discuss GHG reduction mechanisms in China, specifically building GHG registries and the need for more transparency in the context of China's business community. The goal of the ECR is to produce reliable, consistent and verifiable information on energy consumption and GHG emissions.	Niels Bohr, (Hall H)
13:00– 14:30	United Nations Development Programme (UNDP) Ms. Hannie Meesters meesters@undp.org +1 347 4465908	Investing in women's leadership for climate solutions Climate change finance mechanisms are gender-blind, despite evidence of the community and environmental benefits associated with women's access to finance. GGCA, Denmark, Finland and other co-sponsors feature high-level speakers and launch new research and initiatives on gender and climate finance.	Liva Weel, (Hall H)
14:45– 16:15	Global Wind Energy Council (GWEC) Mr. Stephen Sawyer steve.sawyer@gwec.net +3 2 4001029	Wind power, carbon markets, NAMAs and mitigation GWEC and partners will highlight the opportunities provided through deployment of wind power under a post-2012 climate regime: for mitigation, adaptation, economic development, energy security and employment	Niels Bohr, (Hall H)
14:45– 16:15	Third Generation Environmentalism (E3G), Institute for Environmental Security (IES) Ms. Meera Shah meera.shah@e3g.org +44 207 2349880	Delivering climate security: International coordination around security threats from climate change A presentation on security threats by leading national security voices from key countries highlighting the relationship between security concerns and UNFCCC policies on adaptation and mitigation. The presentation will be followed by a round table with members of the U.S. congressional delegation	Liva Weel, (Hall H)

14:45– 16:15	John Heinz III Center for Science, Economics and the Environment, International Centre for Research in Agroforestry (ICRAF) Ms. Amber Childress childress@heinzctr.org +1 202 5524712	Strategies for a staged full inclusion of terrestrial carbon The World Agroforestry Centre (ICRAF) and the Terrestrial Carbon Group present progress and strategies for resolving scientific, institutional and economic challenges to a staged full inclusion of terrestrial carbon in accounting for GHG mitigation, starting with forest emissions and sequestration.	Halfdan Rasmussen, (Hall H)
14:45– 16:15	Arctic Athabaskan Council (AAC) Ms. Cindy Dickson cindy.dickson@cyfn.net +1 867 3939214	Caribou, people and resiliency in Arctic North America This event will focus on caribou, climate change, community resilience and adaptation. Dr. Robert Watson chairs this session featuring aboriginal hunters and elders, and scientists.	Victor Borge, (Hall H)
16:30– 18:00	University of Oxford, Environmental Change Institute (ECI), University of East Anglia (UEA) Ms. Heike Schroeder heike.schroeder@ouce.ox.ac.uk +44 1865 275894	Heading to 4C: Implications and ways out This event reports on the impact and adaptation consequences of a global change and explores the options for avoiding this magnitude of climate change.	Halfdan Rasmussen, (Hall H)
16:30– 18:00	Spain Mr. Juan Jose Sanchez Dominguez buzon-oecc@mma.es +34 91 5976055	World Energy Outlook 2009 The Spanish Government is hosting a side event in which the IEA will present a region-by-region roadmap, drawn from the WEO 2009, of how the energy sector could transform in order to deliver on a Copenhagen agreement.	Victor Borge, (Hall H)
16:30– 18:00	International Federation of Organic Agriculture Movements (IFOAM), World Future Council (WFC) Mr. Robert Jordan r.jordan@ifoam.org +49 176 51094836	Bio-sequestration versus geo-sequestration (CCS) - Organic solutions to climate change and food security The World Future Council and IFOAM emphasize bio solutions over high tech, unproven CCS.	Liva Weel, (Hall H)
16:30– 18:00	Stockholm Environment Institute (SEI), German Advisory Council on Global Change (WBGU) Ms. Clarisse Kehler Siebert clarisse.kehler.siebert@sei.se +46 73 7078601	Economics for climate change, or a change of climate for economics? WBGU and SEI discuss fair and feasible strategies for future budgeting in terms of emissions, energy scenarios, and adaptation financing.	Niels Bohr, (Hall H)
18:15– 19:45	European Business Council for Sustainable Energy (e5), Munich Re Foundation (MRF) Ms. Gudrun Merkle gudrun.merkle@e5.org +49 711 12252829	Climate justice in a post-Kyoto world - options for a fair global policy and eco-innovation MISEREOR, Munich Re Foundation and the Potsdam Institute for Climate Impact Research present a global energy path for a feasible climate change policy to fight poverty. e5 adds models for alternative benefits to stimulate technology cooperation when conventional acquisition of gain is not an option.	Dan Turell, (Hall H)

18:15– 19:45	International Trade Union Confederation (ITUC) Ms. Anabella Rosemberg anabella.rosemberg@ituc-csi.org +33 1 55373735	Trade unions for a safe and fair climate: ensuring a just transition for all This event describes how a just transition towards a low carbon economy is possible and can make climate action a driver for sustainable economic growth and social progress.	Niels Bohr, (Hall H)
18:15– 19:45	Organisation for Economic Co-operation and Development (OECD) Ms. Patricia Nilsson patricia.nilsson@oecd.org +33 1 45249871	How can we build a sound economic foundation for the post-2012 international climate framework? Ministers and senior OECD officials will discuss how to minimize the costs of action and to generate the necessary financing and investment flows.	Halfdan Rasmussen, (Hall H)
18:15– 19:45	Federation of Indian Chambers of Commerce and Industry (FICCI) Ms. Rita Roy Choudhury rita@ficci.com +91 11 23738760	Next generation carbon market in India: Role of technology and finance The event will highlight the evolution of carbon market in India to the next generation level in the context of scaling up CDM through both project and programme based activities.	Saxo Grammaticus, (Hall H)
18:15– 19:45	Italy Ms. Laura Calamaro calamaro.laura@minambiente.it +39 6 57228130	Climate neutral cities The event features the launching of video on climate neutral cities and plans and programmes for reducing emissions in urban areas, including on transport, housing, urban forests and financing. Invited speakers from the Italian Ministry, UNECE and other organizations.	Victor Borge, (Hall H)
18:15– 19:45	UNFCCC Mr. Sudhir Sharma ssharma@unfccc.int +49 228 8151621	Climate finance: Challenges and opportunities for developing countries The event will present the results of the financing needs assessments conducted by 11 countries. The presentation will also include lessons learned relating to financial and policy instruments available to countries and institutional arrangements to support the implementation of adaptation and mitigation activities.	Liva Weel, (Hall H)
20:00– 21:30	Center for International Climate and Environmental Research (CICERO) Ms. Jorunn Gran jorunn.gran@cicero.uio.no +0 47 22858750	Climate change is already happening in vulnerable societies in the Arctic and in many island states The event will focus on present and future climate change, consequences already noticed and adaptation needed due to ice melt in the north and sea level rise in the south.	Niels Bohr, (Hall H)
20:00– 21:30	International Emissions Trading Association (IETA) Mr. Edwin Aalders aalders@ieta.org +41 22 7370500	Improving and expanding the FlexMex Toolbox: Improving the old and bringing in the new In this event, IETA will discuss concerns about NAMAs and sectoral crediting mechanisms (SCM), explore design options for SCM, and explain why CDM reform is still critical.	Saxo Grammaticus, (Hall H)

20:00– 21:30	Austria Mr. Manfred Kohlbach manfred.kohlbach@ lebensministerium.at +43 1 515221725	Best practices for energy-autonomous municipalities and regions - examples from Austria This event explores some of the best practices and lessons learned from Austrian municipalities and regions such as the city of Guessing, which is now fully energy-autonomous, reducing its greenhouse gas emissions by over 90 percent from previous levels.	Dan Turell, (Hall H)
20:00– 21:30	Center for International Environmental Law (CIEL) Ms. Sofia Plagakis splagakis@ciel.org +1 202 7425830	From MRV to effective implementation: New approaches to compliance Panelists discuss opportunities for Parties and stake holders to ensure effective implementation of the Copenhagen outcome.	Liva Weel (Hall H)
20:00– 21:30	Federation of German Industries (BDI) Mr. Ulrich Hoffrichter u.hoffrichter@bdi.eu +49 30 20281604	Technical innovations for climate protection BDI Initiative 'Business for Climate Protection' leads a discussion about how business contributes to meeting the climate goals. The CEOs of BDI, Siemens, BASF, Daimler and ThyssenKrupp meet NGO and science experts.	Halfdan Rasmussen, (Hall H)
20:00– 21:30	Nordic Council of Ministers (NCMR) Ms. Janne Marijke de Jong jajo@norden.org +0 45 29692929	Towards a green future - Nordic energy and climate solutions The event will focus on the role of Nordic energy and climate solutions, a prioritized area for Nordic co-operation as stated by the Nordic Prime Ministers.	Victor Borge, (Hall H)

Interviews at the "...inSide climate change" Solutions Studio

The "...inSide climate change" Solutions Studio" is located in the Central Hall (entrance to Media Centre)

13:00– 13:20	Observatoire méditerranéen de l'énergie (OME) Ms. Houda Allal houda.allal@ome.org +33 1 3361851223	Securing an affordable and sustainable energy future for the Mediterranean region The OME will propose for discussion its latest reference and alternative scenarios for energy demand in the region. The event will allow sharing views on how the promotion of renewables and energy efficiency could also benefit from bilateral and regional cooperation to achieve sustainability.
13:20– 13:40	Namibia Ms. Uazamo Kaura uazamo.kaura@yahoo.co.uk +264 61 2842701	'...inSide Climate Change' Solutions
13:40– 14:00	Transparency International (TI) Ms. Lisa Elges lorges@transparency.org +49 30 34382018	Climate financing needs accountability and transparency Ms. Lisa Elges, Programme Manager, Climate Governance, Transparency International, will introduce issues and discuss questions on global and national climate governance, in the evolving architecture of climate financing.
14:00– 14:20	World Trade Organization (WTO) Ms. Doaa Abdel-Motaal doaa.abdelmotaal@wto.org +41 22 7395875	Trade and climate change Interview with Ms. Doaa Abdel-Motaal, Consellor, Office of the Director-General, World Trade Organization.

15:40–16:00	Conservation International (CI) Ms. Jennifer McCullough jmccullough@conservation.org +1 703 3412516	What will countries do after Copenhagen? Mr. Glenn Prickett, Senior Vice President Conservation International and Senior Fellow at U.N. Foundation, discusses immediate steps that governments can take to implement strategies, including forest conservation and sustainable land use, energy efficiency, renewable energy, and adaptation and deliver a wide range of economic, security, and environmental benefits.
16:40–17:00	International Telecommunication Union (ITU) Ms. Cristina Beuti cbeuti@itu.int +41 22 7305891	Committed to connecting the world on climate change Dr. Hamadoun I. Toure, Secretary-General, International Telecommunication Union (ITU), will be interviewed.

Climate Change Kiosk – iSeeT@COP 15

The Climate Change Kiosk – iSeeT@COP 15 is located in the Central Hall (Atrium)

The iSeeT@COP 15 exhibit provides an opportunity to see and hear how Parties and observer and media organizations, including the private sector, are using information and communication technology to address climate change challenges.

11:00–11:45	UNEP GEO Data Portal. <i>Live from Geneva:</i> Mr. Stefan Schwarzer, GIS and Data Management, UNEP DEWA/GRID Europe.
12:00–12:45	Towards a low carbon economy. Ms. Fanina Kodre-Alexander, Head, Internet Unit, UNEP Regional Office for Africa.
13:00–14:00	ITU Business Talks - Green technologies to reduce carbon footprint. <i>Live from Helsinki:</i> Mr. Stephan Scholz, CTO and Head of Research and Technology Platforms, and Ms. Tuula Putkinen, Head of Sustainability, Marketing & Communications, Nokia Siemens Networks. <i>COP 15, Copenhagen:</i> Mr. Michel Jarraud, Secretary-General, World Meteorological Organization (WMO). <i>COP 15, Copenhagen:</i> Mr. Paul Dickinson, Chief Executive, Carbon Disclosure Project. <i>Moderator:</i> Mr. Hamadoun I. Touré, Secretary-General, ITU
14:00–14:45	Need to adapt to climate change and natural disasters: National adaptation strategies and early warning systems in developing countries Prof. Petteri Taalas, Director General of the Finnish Meteorological Institute, and the permanent representative of Finland with World Meteorological Organization and Chairman of the National IPCC Committee of Finland.
15:00–15:45	Introducing the One UN Training Service Platform on Climate Change: UN CC:Learn Mr. Achim Halpaap, Associate Director, Head, Environment Unit, UNITAR
16:00–16:45	Unified messaging at COP 15 and what it means for the future (VoIP) Mr. John Kiarie, Chief, Network Operations, IS, UNFCCC secretariat
18:00–18:45	Terraviva! SEDAC: A tool for climate impacts, vulnerabilities and adaptation assessment <i>Live from New York:</i> Mr. Alexander de Sherbinin, Senior Staff Associate for Research, Columbia University's Center for International Earth Science Information Network (CIESIN).
19:00–19:45	Overview of Canarie's zero carbon internet. <i>Live from Ottawa:</i> Mr. Bill St. Arnaud, Chief Research Officer, CANARIE Inc.

Exhibits:	
Screen 1	Towards a low carbon economy. UNEP Regional Office for Africa.
Screen 2	GEO Forest Carbon Portal. Group on Earth Observations (GEO).
Screen 3	Space technologies, climate change and world heritage. UNESCO.
Screen 4	IGBP climate change index. International Geosphere Biosphere Program (IGBP).
Screen 5	Accessing UN climate change learning and training materials through UN CC: Learn. UNITAR.
Screen 6	Building sustainability with rapid energy modeling. Autodesk.
Screen 7	Online access to research in the environment – OARE. UNEP/DCPI.
Screen 8	Use of space-based information for disaster management and climate change mitigation. UN-SPIDER.

U.S. Center science presentations featuring Science on a Sphere ®

The U.S. Center is located in Hall C

10:15– 11:15	Leadership and innovation by states and tribes in the United States State and tribal officials will describe the leadership and innovations by the U.S. states and tribes in reducing GHG emissions. The panel will be introduced by Ms. Nancy Sutley, Chair U.S. Council on Environmental Quality.	U.S. Center Meeting room
12:45– 14:00	Backing up international agreement with domestic action At this side event, a senior Obama administration official will discuss the status of legislative efforts as well as provide a recap of the key outcomes from COP 15.	U.S. Center Meeting room
16:45– 17:45	Leadership and innovation by U.S. cities and local government Local government leaders will describe the leadership and innovations by U.S. cities and county governments in reducing GHG emissions. Mayor Nickels from Seattle will moderate the panel.	U.S. Center Meeting room

European Union Pavilion

The EU Pavilion is located in Hall C

08:45– 10:15	EUROPEAID, European Commission Ms. Johanna Peyredieu du Charlat johanna.peyredieu-du-charlat@ec.europa.eu	Ecosystem Conservation: a multiple win How the EC supports activities in the area of ecosystem conservation with co-benefits on climate change mitigation and adaptation, biodiversity, sustainable income generation, environmental governance and peace building in post conflict zones. The example of Liberia, Sierra Leone.	Room Schuman
10:30– 11:30	Sweden Mr. Stefan Berry Stefan.berry@tillvaxtverket.se +46 8 6819454	DemoEnvironment - Support for technology in developing countries DemoEnvironment gives authorities, municipalities and companies in forty countries an opportunity to test new technology. It is a grant offering support for environmental technology solutions in the areas of sustainable urban development and renewable energy.	Room Monnet
11:30– 12:30	Spain xavier@uvigo.es	Economic aspects of climate change and corrective policies A presentation of recent research on climate change policies and of different economic aspects of climate change in Spain.	Room Monnet

10:30– 12:30	United Kingdom Aaron Gould aaron.gould@ decc.gsi.gov.uk	Barriers to technology transfer in India This event will provide an overview of the key findings of the UK – India collaborative study on low carbon technology transfer.	Room Schuman
13:00– 15:00	Joint Research Center Frank Raes frank.raes@ jrc.ec.europa.eu +39 0332 78 99 58	Linking research, climate change and energy policies The Joint Research Centre will present its scientific and technical support to major European Commission communications leading to COP 15. It will further shed light on new challenges and opportunities shown by science for an effective climate policy.	Room Monnet
13:00– 15:00	EUROPEAID, European Commission Johanna Peyredieu du Charlat johanna.peyredieu-du- charlat@ ec.europa.eu	GEEREF - a public private partnership to transfer energy technologies to developing countries Together with investee funds, the Global Energy Efficiency and Renewable Energy Fund will give an update on its first investment activities and present some of the small and medium sized energy projects targeted by its investments in Southern Africa, South Asia and China.	Room Schuman
15:30– 17:30	European Parliament Georgios Amanatidis georgios.amanatidis@ europarl.europa.eu	A global carbon market: Linking cap and trade systems? The event will provide an overview of the existing and foreseen cap and trade systems in different parts of the world, including the EU ETS and the planned scheme in the USA. The event will focus on the possibility of linking the systems and will discuss issues such as differences in the stringency	Room Monnet
15:30– 17:30	Germany Birgit Schwenk Birgit.Schwenk@ bmu.bund.de +49 3018 305 2311	The German International Climate Initiative – financing The ICI has been financing climate protection projects in developing and newly industrialising countries and in transition countries in Central and Eastern Europe since 2008. The event will present the ICI as an innovative financing mechanisms from a conceptual point of view.	Room Schuman
18:00– 20:00	Belgium Luc Dries luc.dries@health.fgov.be +32 2 524 95 39	Call for action: <i>The Big Ask Again</i> This short film is aiming to be a strong call for climate action to all decision makers. It will be presented by a Belgian film maker, the Federal Minister for the Environment and two weather forecasters from Belgian television.	Room Schuman

Other observer organizations' events

08:30– 10:00	Friends of the Earth International on behalf of Young Friends of the Earth Norway	Politicians talk – leaders act Young Friends of the Earth Norway meets the delegates on their way to the conference with urges to act instead of talk.	The green area where Vejlands Alle meets Center Boulevard
09:30– 10:30	ICLEI - Local Governments for Sustainability climate-lounge@iclei.org +45 52 75 27 48	The potential of local renewables: International organisations' dialogue Mr. David Cadman, ICLEI President Ms. Hélène Pelosse, Interim Director-General IRENA Ms. Virginia Sonntag-O'Brien, Executive Secretary REN21 Mr. Robert Doyle, Lord Mayor, Melbourne Mr. Emani Kumar, Director, ICLEI SA	Local Government Climate Lounge – ICLEI Office, Hall C6
09:30– 10:00	International Emissions Trading Association (IETA)	IETA tea and coffee time	Mount Everest Foyer – in the Crowne Plaza Hotel (next to the Bella Center)
10:00– 21:00	Holland Climate House (DLO Wageningen UR – Free University Amsterdam) Mrs. Ottelien van Steenis o.van.steenis@programmabureau.klimaat.nl +31 6 2120 2447/ +31 317 48 6540	Mitigation day New developments and perspectives in mitigation technologies. Discussion of geo-engineering and extreme climate scenario's.	Bella Center Pavilion C7
10:00– 11:00	The Bellona Foundation Ms. Guro Wasa, guro@bellona.no +47 971 94 695	Climate models and the future: Is the 2-degree target possible? Human activities influence the global climate, and will continue to do so throughout the 21st century and beyond. How is it possible – and where are the limitations – for scientists to project the climate decades to centuries forward in time?	The Green Room, Restaurant A Porta, Kongens Nytorg 17, 10 metres from Kongens Nytorg Metro station
10:00– 11:30	The Climate Registry and International Emissions Trading Association (IETA)	Maximizing the value of GHG data: Interoperability is key This session will identify both the exciting possibilities and the significant challenges to developing mechanisms that share GHG data in a meaningful way. The panel will explore how environmental data has been shared in the past and how companies and governments might think about new approaches to data transfer and system interoperability in the future.	Mount Everest 3 – in the Crowne Plaza Hotel (next to the Bella Center)
10:30– 12:30	ICLEI - Local Governments for Sustainability climate-lounge@iclei.org +45 52 75 27 48	Climate strategies - Development strategies for cities and regions (organized by UCLG) Mr. Ronan Dantec, Deputy Mayor of Nantes Mr. Kadir Topbas, Mayor of Istanbul Mr. Amazonino Mendes, Mayor of Manaus Mr. Abel Caballero, Mayor of Vigo Mr. Amos Masondo, Mayor of Johannesburg	Local Government Climate Lounge – ICLEI Office, Hall C6, Bella Center

10:00– 11:30	International Emissions Trading Association (IETA)	Navigating the American carbon world This panel will focus on updates and provide an outlook for the latest regional action, future federal action, and U.S. and Canadian partnerships.	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)
11:30– 13:00	The Climate Registry and International Emissions Trading Association (IETA)	The whole is greater than the sum of its parts: Building an integrated North American system State and provincial leaders share their views on areas for collaboration and harmonization and how their varying approaches could be reconciled in a North American and international context.	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)
11:30– 13:00	International Emissions Trading Association (IETA)	Ties between financial and GHG accounting This event will look at the current ties between Carbon Accounting (voluntary or compliance) and financial accounting and how they interact and can be given confidence that both meet the GHG and Financial Markets requirements.	Mount Everest 3 – in the Crowne Plaza Hotel (next to the Bella Center)
11:45– 13:15	The Bellona Foundation Ms. Guro Wasa, guro@bellona.no +47 971 94 695	E3G	The Green Room, Restaurant A Porta, Kongens Nytorg 17, 10 metres from Kongens Nytorg Metro station
12:30– 13:00	ICLEI - Local Governments for Sustainability climate-lounge@iclei.org +45 52 75 27 48	Local Government Climate Lounge Time for real questions with Ms. Anna Tibaijuka, Executive Director of UN-Habitat	Local Government Climate Lounge – ICLEI Office, Hall C6, Bella Center
13:00– 14:30	World Travel and Tourism Council (WTTC) Ms. Eva Aimable eva.aimable@wtcc.org +44 20 74818007	Addressing the challenges of climate change: Perspectives from the travel and tourism sector This event hosted by World Travel and Tourism Council and World Tourism Organization (UNWTO) will present the steps taken so far in response to the Bali Roadmap and Action Plan while addressing mitigation and adaptation strategies within the Travel and Tourism sector.	Hotel Marriot Copenhagen Kalvebod Brugge 5, DK - 1560 Copenhagen
13:00– 14:00	Palestinian Authority	Pre-launch of the Climate Change Adaptation Strategy for the occupied Palestinian territory The report is published on behalf of the Palestinian Authority by the United Nations Development Programme/Programme of Assistance to the Palestinian People (UNDP/PAPP).	Leonora Christina, Hall C
13:30– 14:30	The Bellona Foundation Ms. Guro Wasa, guro@bellona.no +47 971 94 695	A good climate for jobs At this event the Global Climate Network will launch a new report. Based on nine national-level studies of low-carbon job creation in countries key to action on climate change, the report suggests that workers stand to benefit from investment in new, climate friendly energy	The Green Room, Restaurant A Porta, Kongens Nytorg 17, 10 metres from Kongens

		technology markets.	Nytorget Metro station
13:00–14:30	International Emissions Trading Association (IETA)	The role of biological sequestration in domestic offset programmes and addressing the issue of permanence This panel will cover the emerging role that biological sequestration could play as a source of domestic offsets under national climate regimes.	Mount Everest 3 – in the Crowne Plaza Hotel (next to the Bella Center)
13:00–14:30	International Emissions Trading Association (IETA)	Market oversight in the European Union and the U.S. This event will analyse the current state of FMR for carbon in the European Union and look at the ongoing discussions that will impact the carbon market in both the EU and the US.	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)
14:30–15:00	International Emissions Trading Association (IETA)	IETA tea and coffee time	Mount Everest Foyer – in the Crowne Plaza Hotel (next to the Bella Center)
14:45–16:15	The Bellona Foundation Ms. Guro Wasa, guro@bellona.no +47 971 94 695	Every reason to act Thought leaders speak of the connections to security, faith, business and social justice.	The Green Room, Restaurant A Porta, Kongens Nytorget 17, 10 metres from Kongens Nytorget Metro station
15:00–18:00	ICLEI - Local Governments for Sustainability climate-lounge@iclei.org +45 52 75 27 48	Local Government Climate Lounge Networking event for European Green Capital Award finalists (Organised by the European Commission and ICLEI)	Local Government Climate Lounge – Today: Njalsgaarden, Njalsgade 13, 2300 Copenhagen
15:00–16:30	International Emissions Trading Association (IETA)	Tax treatment of carbon allowances This event will look at for example how carbon allowances are treated by corporate income taxes and ask what is needed for carbon markets to integrate globally.	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)
15:00–16:30	Climate Action Reserve and International Emissions Trading Association (IETA)	North American communities respond to climate change Hear from experienced leaders on their efforts to reduce GHG emissions while protecting their communities from the changing climate.	Mount Everest 3 – in the Crowne Plaza Hotel (next to the Bella Center)
16:30–18:00	Climate Registry Delegation: The Center for Climate Strategies, Mr. Thomas Peterson, President and CEO, CCS tpeterson@climatestrategies.us +1 703 887 6696	Why Schwarzenegger, Tony Blair and Walmart executives all say low carbon is good for the economy Meet the architects working with international leaders at the forefront of new paradigms of success happening at the local, state and company level. Guests include: US Mayors, State Representatives and a Senior Advisor to International Center for Local Environmental Initiatives (ICLEI).	Hub Culture Climate Pavilion, 14 Gammeltovej, 1457.

16:30– 18:00	Climate Action Reserve and International Emissions Trading Association (IETA)	Building a clean energy economy: Renewable portfolio standards and energy efficiency Expert policymakers from California and New York share their best practices for setting such standards for renewable resources added to the grid and improved energy efficiency building codes, while experts from the electric power sector share their best practices for actual implementation.	Mount Everest 3 – in the Crowne Plaza Hotel (next to the Bella Center)
16:30– 18:00	The Bellona Foundation Ms. Guro Wasa, guro@bellona.no +47 971 94 695	Fair climate: US constituencies perspectives Today the poorest and most underserved people, communities and countries are disproportionately burdened by the impacts of global warming and most vulnerable to poorly designed policy solutions.	The Green Room, Restaurant A Porta, Kongens Nytorg 17, 10 metres from Kongens Nytorg Metro station
16:30– 18:00	Climate Action Reserve and International Emissions Trading Association (IETA)	Transformative and revolutionary solutions for a new climate ideal This panel will investigate alternative and non-conventional approaches to climate change mitigation that might provide a “crystal ball” look into the future of climate actions, negotiations, and technology.	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)
18:00– 19:30	International Emissions Trading Association (IETA) and VCS Association	What role for the voluntary carbon market post-2012? This session will discuss the role of the voluntary carbon market in the context of both the voluntary market and emerging compliance regimes worldwide.	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)
18:00– 19:30	Caisse des Dépôts and International Emissions Trading Association (IETA)	Jl in a post-2012 context This event will include representatives from the UNFCCC, Parties, the private sector and project developers.	Mount Everest 3 – in the Crowne Plaza Hotel (next to the Bella Center)
18:15– 19:15	The Bellona Foundation Ms. Guro Wasa, guro@bellona.no +47 971 94 695	Global faith leaders Senior faith leaders from some of the most vulnerable developing countries will be joined by those from the United States to discuss both the need for international adaptation funding and why major religious communities say such funding is essential to their support of climate policies.	The Green Room, Restaurant A Porta, Kongens Nytorg 17, 10 metres from Kongens Nytorg Metro station
