**SUBSIDIARY BODY FOR SCIENTIFIC AND TECHNOLOGICAL ADVICE**  
**Thirty-first session**  
**Copenhagen, 7–18 December 2009\***

**Item 2 (a) of the provisional agenda**  
**Organizational matters**  
**Adoption of the agenda**

## **Provisional agenda and annotations**

**Note by the Executive Secretary**

### **I. Provisional agenda**

1. Opening of the session.
2. Organizational matters:
  - (a) Adoption of the agenda;
  - (b) Organization of the work of the session;
  - (c) Election of officers other than the Chair;
  - (d) Election of replacement officers.
3. Nairobi work programme on impacts, vulnerability and adaptation to climate change.
4. Development and transfer of technologies.
5. Reducing emissions from deforestation in developing countries: approaches to stimulate action.
6. Research and systematic observation.
7. Methodological issues under the Convention:
  - (a) Annual report on the technical review of greenhouse gas inventories from Parties included in Annex I to the Convention;
  - (b) Emissions from fuel used for international aviation and maritime transport.

---

\* Exact dates within the sessional period are subject to confirmation.

8. Methodological issues under the Kyoto Protocol:
  - (a) Implications of the establishment of new hydrochlorofluorocarbon-22 (HCFC-22) facilities seeking to obtain certified emission reductions for the destruction of hydrofluorocarbon-23 (HFC-23);
  - (b) Carbon dioxide capture and storage in geological formations as clean development mechanism project activities;
  - (c) Common metrics to calculate the CO<sub>2</sub> equivalence of greenhouse gases.
9. Matters relating to Article 2, paragraph 3, of the Kyoto Protocol.
10. Other matters.
11. Report on the session.

## II. Annotations to the provisional agenda

### 1. Opening of the session

1. The thirty-first session of the Subsidiary Body for Scientific and Technological Advice (SBSTA) is scheduled to be opened by the Chair. The exact date is subject to confirmation.

### 2. Organizational matters

- (a) Adoption of the agenda

2. The provisional agenda for the session will be presented for adoption.

FCCC/SBSTA/2009/4	Provisional agenda and annotations. Note by the Executive Secretary
-------------------	---

- (b) Organization of the work of the session

3. *Background:* The thirty-first session of the SBSTA will be held in conjunction with the fifteenth session of the Conference of the Parties (COP) and the fifth session of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP). A detailed schedule of the session will be posted on the UNFCCC website.

4. Given that several bodies will be meeting during the sessional period, the time available for contact groups and informal consultations will be very limited. To maximize the use of meeting time, the Chairs of the subsidiary bodies may propose that the co-chairs of negotiating groups facilitate agreement by tabling initial draft conclusions at the first meeting of the negotiating groups, based on relevant submissions and statements made during plenary meetings, and taking into account any previous negotiations and/or conclusions. In addition, the Chairs may, in consultation with Parties, propose additional time-saving measures and identify items that could be referred to future sessions without in-depth consideration or the need for contact groups. The Chairs may also seek to identify items that may result in procedural conclusions without establishing negotiating groups.

5. The Subsidiary Body for Implementation (SBI), at its thirtieth session,<sup>1</sup> agreed that all meetings should end by 6 p.m., particularly to give Parties and regional groups sufficient time to prepare for daily

---

<sup>1</sup> FCCC/SBI/2009/8, paragraph 115.

meetings, but may, in exceptional circumstances, and on a case by case basis, continue for two to three hours. The session will be organized taking this into account. In order to enable delegations to participate fully in other meetings taking place in parallel, the SBSTA will be invited to conduct its deliberations as efficiently as possible, including to optimize time used for plenary and for informal negotiations, and to finish its work within the time foreseen. Items that are not concluded at this session will be forwarded to the SBSTA for consideration at its thirty-second or thirty-third session.

6. In accordance with the conclusions adopted by the SBI at its twenty-fourth session,<sup>2</sup> representatives of Parties and international organizations are requested to keep their oral statements as brief as possible. Those representatives wishing to make available a written statement should bring copies for distribution.

7. Parties are invited to refer to the overview of the session posted on the UNFCCC website and to consult the Daily Programme, published during the session, for a detailed and up-to-date schedule of the work of the SBSTA.

8. *Action:* The SBSTA will be invited to agree on the organization of the work of the session.

FCCC/SBSTA/2009/4	Provisional agenda and annotations. Note by the Executive Secretary
-------------------	---

(c) Election of officers other than the Chair

9. *Background:* Pursuant to rule 27 of the draft rules of procedure<sup>3</sup> being applied, the SBSTA shall elect its Vice-Chair and Rapporteur. At the request of the President of the COP, at its fourteenth session, consultations with the coordinators of the regional groups were initiated at SBSTA 30, together with the consultations on the election of members of the other Convention and Kyoto Protocol bodies. If necessary, further consultations will be held during the session. Parties are invited to recall decision 36/CP.7 and to give active consideration to the nomination of women for elective posts in any body established under the Convention or its Kyoto Protocol. The current officers of the SBSTA will remain in office until their successors are elected.

10. *Action:* The SBSTA will be invited to elect its Vice-Chair and Rapporteur at the earliest opportunity following completion of consultations.

(d) Election of replacement officers

11. *Background:* Pursuant to Article 15, paragraph 3, of the Kyoto Protocol, when the SBSTA exercises its functions with regard to matters concerning the Kyoto Protocol, any member of its Bureau representing a State that is a Party to the Convention but, at that time, not a Party to the Kyoto Protocol, shall be replaced by an additional member to be elected by and from among the Parties to the Protocol. If necessary, further consultations with the coordinators of the regional groups will be undertaken.

12. *Action:* If necessary, the SBSTA will be invited to elect additional officers to replace the Vice-Chair and/or Rapporteur representing a State that is a Party to the Convention but not a Party to the Kyoto Protocol.

---

<sup>2</sup> FCCC/SBI/2006/11, paragraph 102.

<sup>3</sup> FCCC/CP/1996/2.

### 3. Nairobi work programme on impacts, vulnerability and adaptation to climate change

13. *Background:* At its twenty-eighth session, in accordance with decision 2/CP.11, paragraph 6 (d), the SBSTA agreed to implement the second phase of the Nairobi work programme on impacts, vulnerability and adaptation to climate change, covering the period up to SBSTA 33, through the activities referred to in document FCCC/SBSTA/2008/6, paragraphs 10–74.

14. At the same session, the SBSTA requested the secretariat to provide a report, for consideration at its thirty-first session, on progress made in implementing these activities, including calls for action.<sup>4</sup> This report is contained in document FCCC/SBSTA/2009/INF.5.<sup>5</sup> The report also highlights efforts on further enhancement of the outreach of the Nairobi work programme to relevant stakeholders as well as on development and dissemination of user-friendly information products.<sup>6</sup>

15. The SBSTA also requested the secretariat to prepare the following documents before its thirty-first session:

- (a) The reports of the two technical workshops that took place in the period between SBSTA 29 and SBSTA 30 under the areas of work on adaptation planning and practices, and economic diversification.<sup>7</sup> These reports are contained in documents FCCC/SBSTA/2009/5 and FCCC/SBSTA/2009/7, respectively;
- (b) A technical paper reviewing the existing literature on the potential costs and benefits of adaptation options.<sup>8</sup> The technical paper is contained in document FCCC/TP/2009/2;
- (c) A synthesis report based on the submissions contained in document FCCC/SBSTA/2009/MISC.4 as well as on other relevant sources.<sup>9</sup> This report is contained in document FCCC/SBSTA/2009/6.

16. The SBSTA further requested the secretariat to organize, under the guidance of the Chair of the SBSTA and before SBSTA 31, a technical workshop on advancing the integration of approaches to adaptation planning.<sup>10</sup> The workshop is to be held from 12 to 14 October 2009, in Bangkok, Thailand. In accordance with the conclusions of SBSTA 28, the corresponding report will be made available by SBSTA 32. Information on the workshop, including the Chair's summary, will be made available on the Nairobi work programme web pages.<sup>11</sup> Some of the outcomes of this workshop and the documents mentioned in paragraphs 14 and 15 above may inform the ongoing discussions of the Ad Hoc Working Group on Long-term Cooperative Action under the Convention (AWG-LCA) on issues relating to decision 1/CP.13, paragraph 1 (c).

17. The SBSTA invited Parties and relevant organizations to submit to the secretariat information and views under two areas of work of the Nairobi work programme: socio-economic information; and adaptation planning and practices.<sup>12</sup> These submissions are contained in documents FCCC/SBSTA/2009/MISC.9 and FCCC/SBSTA/2009/MISC.10, respectively.

---

<sup>4</sup> FCCC/SBSTA/2008/6, paragraph 18.

<sup>5</sup> The call for action attached to this report was produced based on the report of the technical workshop contained in document FCCC/SBSTA/2009/7.

<sup>6</sup> FCCC/SBSTA/2008/6, paragraphs 26 and 34.

<sup>7</sup> FCCC/SBSTA/2008/6, paragraphs 58 and 74.

<sup>8</sup> FCCC/SBSTA/2008/6, paragraph 50.

<sup>9</sup> FCCC/SBSTA/2008/6, paragraph 60.

<sup>10</sup> FCCC/SBSTA/2008/6, paragraph 61.

<sup>11</sup> <<http://unfccc.int/nwp>>.

<sup>12</sup> FCCC/SBSTA/2008/6, paragraphs 51 and 63.

18. *Action:* The SBSTA will be invited to take note of the progress made in implementing the Nairobi work programme and the documents prepared for this session, and take any action, as appropriate.

<i>FCCC/SBSTA/2009/5</i>	<i>Report on the technical workshop on integrating practices, tools and systems for climate risk assessment and management and disaster risk reduction strategies into national policies and programmes. Note by the secretariat</i>
<i>FCCC/SBSTA/2009/6</i>	<i>Synthesis report on approaches to and experiences in integrating and expanding adaptation planning and action, and lessons learned, good practices, gaps, needs, and barriers and constraints to adaptation. Note by the secretariat</i>
<i>FCCC/SBSTA/2009/7</i>	<i>Report on the technical workshop on increasing economic resilience to climate change and reducing reliance on vulnerable economic sectors, including through economic diversification. Note by the secretariat</i>
<i>FCCC/SBSTA/2009/INF.5</i>	<i>Progress made in implementing activities under the Nairobi work programme on impacts, vulnerability and adaptation to climate change. Note by the secretariat</i>
<i>FCCC/SBSTA/2009/MISC.9</i>	<i>Efforts undertaken to assess the costs and benefits of adaptation options, and views on lessons learned, good practices, gaps and needs. Submissions from Parties and relevant organizations</i>
<i>FCCC/SBSTA/2009/MISC.10</i>	<i>Efforts undertaken to monitor and evaluate the implementation of adaptation projects, policies and programmes and the costs and effectiveness of completed projects, policies and programmes, and views on lessons learned, good practices, gaps and needs. Submissions from Parties and relevant organizations</i>
<i>FCCC/TP/2009/2</i>	<i>Potential costs and benefits of adaptation action. Technical paper</i>

#### 4. Development and transfer of technologies

19. *Background:* The COP, by its decision 3/CP.13, agreed to reconstitute the Expert Group on Technology Transfer (EGTT) for a further five years with the terms of reference contained in annex II to that decision.<sup>13</sup> The SBSTA and the SBI, at their twenty-eighth sessions, endorsed a two-year rolling programme of work of the EGTT (2008–2009) as specified in its terms of reference. The EGTT will propose its next two-year rolling programme of work for endorsement by the SBSTA and the SBI at their thirty-first sessions, in line with the terms of reference annexed to decision 3/CP.13. The programme of work of the EGTT for 2010–2011 is contained in document FCCC/SB/2009/INF.6.

20. At the same session, the COP requested the EGTT to make available a draft report with a set of performance indicators to the SBSTA and the SBI for consideration at their thirtieth sessions, in order to make its final report available to the COP at its fifteenth session.<sup>14</sup> The SBSTA and the SBI, at their thirtieth sessions, noted that the final report of the EGTT on performance indicators would be made available for their consideration at their thirty-first sessions, and that the report will contain a set of indicators that could be used by the SBI as one of the tools to conduct the review and assessment of the effectiveness of the implementation of Article 4, paragraphs 1(c) and 5, of the Convention, and to regularly monitor and evaluate the effectiveness of the implementation of the technology transfer

<sup>13</sup> Decision 3/CP.13, paragraph 3.

<sup>14</sup> Decision 3/CP.13, annex II, paragraph 3 (c).

framework, as requested by decision 4/CP.13.<sup>15</sup> The final report of the EGTT on performance indicators is contained in FCCC/SB/2009/4 and Summary.

*Action:* The SBSTA will be invited to:

- (a) Endorse the two-year rolling programme of work of the EGTT for 2010–2011 and to provide further guidance to the EGTT on its future work;
- (b) Consider the final report on performance indicators of the EGTT and determine any appropriate action arising from it.

<i>FCCC/SB/2009/4</i>	<i>Performance indicators to monitor and evaluate the effectiveness of the implementation of the technology transfer framework. Final report by the Chair of the Expert Group on Technology Transfer</i>
<i>FCCC/SB/2009/4/Summary</i>	<i>Performance indicators to monitor and evaluate the effectiveness of the implementation of the technology transfer framework. Final report by the Chair of the Expert Group on Technology Transfer. Summary</i>
<i>FCCC/SB/2009/INF.6</i>	<i>Report of the Expert Group on Technology Transfer for 2009. Note by the Chair of the Expert Group on Technology Transfer</i>

## **5. Reducing emissions from deforestation in developing countries: approaches to stimulate action**

21. *Background:* The SBSTA, at its thirtieth session, continued its programme of work on methodological issues, as outlined in decision 2/CP.13, paragraphs 7 (a) and 11, and considered a draft decision<sup>16</sup> on methodological guidance for the implementation of activities relating to decision 2/CP.13. The SBSTA will continue its work on this matter at its thirty-first session on the basis of this draft decision text.

22. The SBSTA requested its Chair to continue exploring ways of facilitating the coordination of activities relating to decision 2/CP.13 and to report back at its thirty-first session.<sup>17</sup>

23. The SBSTA further reminded and encouraged Parties, relevant organizations and stakeholders to share information relating to ongoing activities to support decision 2/CP.13 via the Web Platform on the UNFCCC website.<sup>18</sup>

24. The outcomes of the work of the SBSTA under this agenda item is expected to inform and complement the ongoing AWG-LCA discussions on issues relating to paragraph 1 b (iii) of decision 1/CP.13.

25. *Action:* The SBSTA will be invited to continue in its programme of work on methodological issues on the basis of the draft decision text referred to in paragraph 21 above, with the aim of completing this work at its thirty-first session and to recommending a draft decision for adoption by the COP at its fifteenth session.

<sup>15</sup> FCCC/SBSTA/2009/4, paragraph 24.

<sup>16</sup> This draft decision text is contained in annex I to the report of the SBSTA at its thirtieth session (FCCC/SBSTA/2009/3, paragraph 36 and annex I).

<sup>17</sup> FCCC/SBSTA/2009/3, paragraph 40.

<sup>18</sup> <<http://unfccc.int/4531.php>>.

## 6. Research and systematic observation

26. *Background:* At its thirtieth session, the SBSTA considered the report on progress with the *Implementation Plan for the Global Observing System for Climate in Support of the UNFCCC*<sup>19</sup> (hereinafter referred to as the Global Climate Observing System (GCOS) implementation plan). The SBSTA noted that an updated GCOS implementation plan that takes into account emerging priorities may assist in continuing progress with GCOS implementation, and therefore invited the GCOS secretariat to prepare, before the thirty-third session of the SBSTA, an update of the GCOS implementation plan including a breakdown of costs involved.<sup>20</sup>

27. At the same session, the SBSTA invited the GCOS secretariat to provide, before COP 15, a provisional updated implementation plan in conjunction with a provisional estimation of costs.<sup>21</sup> This information will be included in document FCCC/SBSTA/2009/MISC.12.

28. Also at its thirtieth session, the SBSTA invited the participants of the World Climate Conference-3 (Geneva, Switzerland, 31 August to 4 September 2009) to take note of the needs of the Convention, in particular with respect to research and systematic observation. It invited the World Meteorological Organization to provide information on the outcome of the conference to inform the work under the Convention.<sup>22</sup>

29. *Action:* The SBSTA will be invited to take note of the provisional information provided by the GCOS secretariat. Consideration of this issue as well as any other matters related to systematic observation would take place at SBSTA 33, when the GCOS secretariat is expected to provide an update of the GCOS implementation plan in line with the conclusions of the SBSTA at its thirtieth session.

FCCC/SBSTA/2009/MISC.12	<i>The Global Climate Observing System implementation plan: a provisional update including provisional cost estimates. Submission from the secretariat of the Global Climate Observing System</i>
-------------------------	---

## 7. Methodological issues under the Convention

(a) Annual report on the technical review of greenhouse gas inventories from Parties included in Annex I to the Convention

30. *Background:* The COP, by its decision 12/CP.9, requested the secretariat to prepare an annual report on inventory review activities, including any recommendation resulting from lead reviewers' meetings, for consideration by the SBSTA. The SBSTA, at its twenty-fourth session,<sup>23</sup> requested the secretariat to continue to prepare annual reports on inventory review activities, for consideration by the SBSTA, and to include in these reports information on the progress made in updating the roster of experts. The latest report is contained in document FCCC/SBSTA/2009/INF.4 and provides information on the review activities in 2009, recommendations from the lead reviewers' meeting, training activities for inventory review experts and an update on the roster of experts.

31. *Action:* The SBSTA will be invited to take note of the annual report on the technical review of greenhouse gas inventories from Parties included in Annex I to the Convention.

FCCC/SBSTA/2009/INF.4	<i>Annual report on the technical review of greenhouse gas inventories from Parties included in Annex I to the Convention. Note by the secretariat</i>
-----------------------	--

<sup>19</sup> FCCC/SBSTA/2009/MISC.7.

<sup>20</sup> FCCC/SBSTA/2009/3, paragraphs 57 and 58.

<sup>21</sup> FCCC/SBSTA/2009/3, paragraph 58.

<sup>22</sup> FCCC/SBSTA/2009/3, paragraph 64.

<sup>23</sup> FCCC/SBSTA/2006/5, paragraph 95.

(b) Emissions from fuel used for international aviation and maritime transport

32. *Background:* The SBSTA, at its twenty-eighth session, agreed to receive relevant information from the International Civil Aviation Organization (ICAO) and the International Maritime Organization (IMO) in order to enable Parties to exchange views on this matter during the twenty-ninth, thirtieth and thirty-first sessions of the SBSTA and to continue to consider this item at SBSTA 32.<sup>24</sup> The SBSTA, at its thirtieth session, invited the secretariats of ICAO and IMO to report, at future sessions of the SBSTA, on relevant work on this issue.

33. *Action:* The SBSTA may invite Parties to exchange views on the information provided by ICAO and IMO on their work on this issue.

## 8. Methodological issues under the Kyoto Protocol

(a) Implications of the establishment of new hydrochlorofluorocarbon-22 (HCFC-22) facilities seeking to obtain certified emission reductions for the destruction of hydrofluorocarbon-23 (HFC-23)

34. *Background:* The SBSTA, at its twenty-eighth session, recalled that the CMP recognized, in its decision 8/CMP.1, that issuing certified emission reductions for the destruction of hydrofluorocarbon-23 (HFC-23) at new hydrochlorofluorocarbon-22 (HCFC-22) facilities could lead to higher global production of HCFC-22 and/or HFC-23 than would otherwise occur and that the clean development mechanism (CDM) should not lead to such increases.<sup>25</sup>

35. The SBSTA did not complete its consideration of the issue under this agenda sub-item at its twenty-eighth, twenty-ninth and thirtieth sessions and agreed to continue its consideration of this issue at its thirty-first session.<sup>26</sup>

36. *Action:* The SBSTA will be invited to continue its consideration of the issue.

(b) Carbon dioxide capture and storage in geological formations as clean development mechanism project activities

37. *Background:* The SBSTA, at its twenty-ninth session,<sup>27</sup> took note of the synthesis of views on issues relevant to the consideration of carbon dioxide capture and storage (CCS) in geological formations as CDM project activities;<sup>28</sup> the views of Parties and accredited non-governmental organizations on, and including, but not limited to, technological, methodological, legal, policy, financial and other issues;<sup>29</sup> and the synthesis report based on these submissions.<sup>30</sup> The SBSTA did not agree to the conclusions and the draft decision proposed by the Chair and therefore could not conclude its consideration of this issue.

38. The SBSTA, at its thirtieth session, took note of decision 2/CMP.4, which requested the Executive Board of the CDM to assess the implications of the possible inclusion of CCS in geological formations as CDM project activities, taking into account technical, methodological and legal issues, and

---

<sup>24</sup> FCCC/SBSTA/2008/6, paragraphs 118–119.

<sup>25</sup> FCCC/SBSTA/2008/6, paragraph 123.

<sup>26</sup> Decision XIX/6 of the Nineteenth Meeting of the Parties to the Montreal Protocol on Substances that Deplete the Ozone Layer was taken into account.

<sup>27</sup> FCCC/SBSTA/2008/13, paragraph 78.

<sup>28</sup> FCCC/SBSTA/2008/INF.1.

<sup>29</sup> FCCC/SBSTA/2008/MISC.10 and Add.1. Submissions from non-governmental organizations are available at <<http://unfccc.int/3689.php>>.

<sup>30</sup> FCCC/SBSTA/2008/INF.3.

to report back on this issue to the CMP at its fifth session. The SBSTA agreed to continue its consideration of this matter at its thirty-first session.

39. At the same session, the SBSTA invited Parties that may wish to do so to submit to the secretariat, by 28 September 2009, further views on issues relevant to the consideration of CCS in geological formations as CDM project activities. These submissions are contained in document FCCC/SBSTA/2009/MISC.11.

40. *Action:* The SBSTA will be invited to continue its consideration of the matter, taking into consideration the document referred to in paragraph 39 above.

*FCCC/SBSTA/2009MISC.11 Further views on issues relevant to the consideration of carbon capture and storage in geological formations as project activities under the clean development mechanism. Submissions from Parties*

(c) Common metrics to calculate the CO<sub>2</sub> equivalence of greenhouse gases

41. *Background:* The SBSTA, at its thirtieth session, initiated its consideration of this agenda item but was not able to conclude it. The SBSTA agreed to continue its consideration of this matter at its thirty-first session. Parties may wish to note that the Ad Hoc Working Group on Further Commitments for Annex I Parties under the Kyoto Protocol is considering the same issue in the context of methodological issues.

42. *Action:* The SBSTA will be invited to consider this matter with a view to agreeing on further action, as appropriate.

**9. Matters relating to Article 2, paragraph 3, of the Kyoto Protocol**

43. *Background:* The SBSTA, at its thirtieth session,<sup>31</sup> considered this agenda item with the SBI agenda item “Matters relating to Article 3, paragraph 14, of the Kyoto Protocol” in a joint contact group. At the same session, the SBSTA and the SBI agreed to continue discussing these matters in a joint contact group at their thirty-first sessions, based on the draft text annexed to their respective reports.<sup>32</sup>

44. *Action:* The SBSTA will be invited to consider this matter with a view to agreeing on further action.

**10. Other matters**

45. Any other matters arising during the session will be taken up under this item.

**11. Report on the session**

46. *Background:* A draft report on the work of the session will be prepared for adoption by the SBSTA at the end of the session.

47. *Action:* The SBSTA will be invited to adopt the draft report and authorize the Rapporteur to complete the report after the session, under the guidance of the Chair and with the assistance of the secretariat.

<sup>31</sup> FCCC/SBSTA/2009/3, paragraphs 118–122.
