Special announcements

Vacancies at the UNFCCC secretariat

Conference participants are encouraged to bring to the attention of qualified individuals in their countries/organizations the link to the employment page of the secretariat website:

<<http://unfccc.int/secretariat/employment/recruitment>>

Four professional positions are currently advertised:

Associate Information Management Officer,
Sustainable Development Mechanisms Programme
Chief, Human Resources Unit, Administrative Services
Programme Officer, Reporting, Data and Analysis Programme
Programme Officer (SBI Focal Point)
Financial and Technical Support Programme

The secretariat is committed to ensuring equitable geographical distribution and gender balance among its staff. To this end, it would like to especially encourage qualified women candidates and candidates from developing countries to apply for vacancies.

Announcements

Availability of meeting rooms

The demand for meeting rooms is expected to exceed the capacity of the conference premises and priority will be given to meetings directly associated with the negotiating process. The secretariat appreciates participants' understanding in this connection. Meetings will therefore only be confirmed at the earliest one day prior to the requested meeting taking place.

Nizuc Media Centre

The media centre for COP16/CMP6 is located at the Nizuc branch of the Moon Palace Hotel. Parties and observers are invited to bring to the Nizuc any press releases, publications or digital media for distribution to the media. A continuous shuttle bus operates from the lobby of Maya (Sunrise) to and from the Nizuc Media Centre.

Printed materials may be conveniently displayed on available shelving in the entrance lobby.

For more information telephone the COP16/CMP6 media call centre number: +521 998 283 2144

Use of audio/video recording devices by participants at UNFCCC sessions	The making of audio and video recordings, including any external transmission, by Party or observer organization delegations during open and closed official meetings and in designated security zones is not permitted. The secretariat provides audio recordings of official meetings, as required by Parties. Webcasts are provided for open plenary meetings.
Meditation room	A room for meditation and prayer is available to participants and is located in Cancunmesse, Hall D, and also in the “Meditation Garden” which is located on the beach stretching between Maya (Sunrise) and Nizuc Media Center.
Catholic Mass	During COP16/CMP6, a Catholic mass is held every morning at 7.00 a.m. in the chapel located in the Nizuc section of the Moon Palace Hotel.
Webcasts of the sessions	For the duration of the conference, official Plenary meetings will be available live and on-demand, with English, Spanish and floor audio streams. Press conferences will be webcast in floor and Spanish languages as provided. A selection of side-events will be available on-demand only. On-demand files will be available within 24 hours after the close of each meeting, side-events within 48 hours. Please check the UNFCCC website for the date and time of webcast sessions at < http://unfccc.int/ >.
Online Services@Cancun	<p>Besides classical website information on <unfccc.int>, the secretariat is offering the mobile version of the UNFCCC website <mobile.unfccc.int> and the official iPhone/iPad application ‘Negotiator’ for the conference.</p> <p>Using the iPhone/iPad application ‘Negotiator’, users can:</p> <ul style="list-style-type: none">• get logistical information about the conference (directories, venue maps, etc.);• read the latest documents, agendas and meeting information;• view the latest YouTube videos and photos from the conference;• join the conference via the Facebook and Twitter channels. <p>Please note: The iPhone/iPad app, ‘Negotiator’ can be downloaded FREE via iTunes app store.</p> <p>The secretariat is offering a special online reporting service to the media. Online videos will be made available on the website <unfccc.int> summarizing the secretariat's press briefing. This video can be viewed and downloaded for Podcast. The secretariat is encouraging online media to link to the online video. All videos can be found on <YouTube.com/climateconference> and iTunes.</p> <p>Community tools, such as Facebook, Twitter and Flickr will allow to participate and to respond to the conference in Cancun. All links can be found on the Cancun conference page on <unfccc.int>.</p>
Blogger's Loft	<p>A special support area is available to participants who need a fixed Internet connection in order to upload multimedia content to the web, blogs and social networking sites. The Blogger’s Loft on the upper level of the Cancunmesse provides workspace, power and fixed Internet connections for a limited number. The Blogger’s Loft is prioritized for those working with multimedia content. Participants needing only access to the Internet for email or office purposes should utilize the computer centres or wireless zones.</p> <p>The Blogger’s Loft is part of a pilot project by the UNFCCC secretariat with the United Nations Foundation that seeks to explore options for the participation of new “digital media” both physically and virtually in the UNFCCC process. During the Conference, all online media and bloggers using the Blogger’s lounge will also be able to attend a series of interactive “digital media conversation” events to be held in the Desierto Press Conference Room in the Cancunmesse starting on Saturday, 4 December. Watch for the schedule in the Daily Programme.</p>

First Aid	Medical services are located in Maya (Sunrise) and Nizuc Media center.
Credentials	“Credentials of representatives, alternate representatives and advisers shall be issued either by the Head of State or Government or by the Minister for Foreign Affairs.” Delegations are kindly requested to present the corresponding letters of credentials to the External Relations team in the Conference Affairs office, located on the ground floor, Sunrise/Maya (left of the escalators).
Climate Change Publications Counter	Publications clearly attributed to a Party or an observer organization can be distributed and displayed, after approval, at the Climate Change Publications Counter. The counter is located at Cancunmesse (Hall C). Please provide a sample to Ms. Claudia Pena-Martin at the Side Events and Exhibits Coordination Office, located at Cancunmesse (Hall C). The counter cannot manage large volumes, but will assist in changing the range of documents. Organizers of Exhibits are requested to display and distribute documents at their Exhibit booths. Side Event advertisements and invitations can be posted on the notice boards located in both Cancunmesse and Moon Palace.
	Contact information Ms. Claudia Pena-Martin see@unfccc.int Tel: +52 1998 2413 873
Delegation nameplates	Delegates are kindly requested not to remove country nameplates from the meeting rooms. The secretariat is unable to replace these at short notice and this can lead to serious disruptions at meetings.
Security	Participants should ensure that they wear their conference badge in full view at all times, as the security officers may request them to verify their identity. This may lead to some inconvenience, but it is expected that participants will appreciate the need for such arrangements.
Medical and security Emergencies	The Mexican Government has a dedicated a number for emergency situations. Please note that the medical and security emergency number is 066 .
Building fire regulations	In order to ensure compliance with building fire regulations, UN Security may ask participants to refrain from accessing meeting rooms or vacate meeting rooms if the room capacity is full. Thank you for your cooperation.
Information Hotline	An information hotline has been established by the Mexican Government. The number for the Information hotline is 01 800 COP 1600 .
Lost and found items	Participants are reminded not to leave personal belongings in meeting rooms. Documents left in meeting rooms and on unattended desks will be removed. The Security office, located near the main entrance, is responsible for lost and found items.
Pigeonholes for delegates	Pigeonholes for the distribution of official documents and messages, which delegates are kindly requested to check at regular intervals, are located next to the Documents Distribution counter. Participants are requested to refrain from distributing non-official material via the pigeonholes.
Facilities for observer organizations	Offices for the business and industry non-governmental organizations (BINGOs), environmental non-governmental organizations (ENGOS), farmers non-governmental organizations (Farmers), indigenous peoples organizations (IPOs), local government and municipal authorities (LGMAs), research and independent non-governmental organizations (RINGOs), trade union non-governmental organizations (TUNGOS), youth non-governmental organizations (YOUNGOS) and the women and gender non-governmental organizations (Women and Gender) are located in Moon Palace (Chile, ground floor).

Catering

If you wish to order catering for your side event or meetings, please liaise directly with the official company at the following link <<http://www.inhouseservicescop16.com>>. Please note that catering orders can only be received through this website up to 72 hours prior to your event. In order to avoid overlaps of catering at side event, catering services will only be provided AFTER side events. It is the responsibility of the organizer to ensure that no food or beverages are taken inside meeting rooms. If you have any further questions, please contact Ms. Ofelia Peniche (see contact information below). On-site staff at the “in-house Services” desk at Cancunmesse will also be able to provide assistance.

12.30– 12.50	<p>With informed decision making and end-use efficiency 100% renewable energy is possible Planning the future energy mix with the technologies of the future Internalization of external costs Education for 100% renewable energy Removing harmful subsidies Preventing dislocation of obsolete technologies from one country to another Storage of renewable energies.</p>	<p>Marmara University Tanay Sidki Uyar, Vice President WWEA tanayuyar@gmail.com</p>	Climate Change Studio (Cancunmesse Hall C)
13.00– 13.20	<p>Hydropower’s role in Mitigation and Adaptation Hydro’s role in mitigation is well known, as a renewable energy source itself, and as an enabler for other renewable energies, and renewable energy systems. However, hydro’s role in adaptation is only now becoming clear. A key adaptation question is how to manage water, either too much or too little of it. Hydro has a vital role to play in both scenarios.</p>	<p>International Hydropower Association Cameron Ironside ci@hydropower.org (+44 77 8715 5524)</p>	Climate Change Studio (Cancunmesse Hall C)
13.20– 13.40	<p>FUTURE CLIMATE – an international engineering project How should we meet, on the one hand, global energy demands and yet still limit the global temperature rise to within 2°C? Future Climate is an international engineering project which so far represents approaching half million engineers from 10 countries. We provide data to enable national energy plans to be developed.</p>	<p>Danish Society of Engineers Dr. Alison Cooke, CEng FIMechE, Research Manager Energy Efficiency in the built Environment ajc18@eng.cam.ac.uk Ms. Pernille Hagedorn Rasmussen, phr@ida.dk Dr. Brian Vad Mathiesen, bvm@plan.aau.dk</p>	Climate Change Studio (Cancunmesse Hall C)

<p>13.40– 14.00</p>	<p>Real success in minus cost and high GHG reduction action – vegan diet The whole world focuses mostly on energy, industry & transportation, yet if we look at water, land, forest, ocean, food & ecosystem, livestock industry damages 33% to 70% of these human survival dependent environmental cycling elements and is the mother cause of all causes. Changing diet can recover forest, land and ocean’s CO2 sequestration ability in an immediate term which resolves the present problems and thus be the foundation for long term development of green energy and technology. Real successes to share with governments & civic society for implementation.</p>	<p>Centre for Climate Change and Environmental Studies Chu, Lei chulei8008@hotmail.com</p>	<p>Climate Change Studio (Cancunmesse Hall C)</p>
<p>15.00– 15.20</p>	<p>Living up to the Educational Challenge of Article 6: Preparing children and young people for climate change The interview will report outcomes from the 2 December side event of the same name, underscoring the importance of Article 6 implementation through school programmes and out of school innovations. Highlighting intergenerational action, child participation and the importance of partnerships as a key strategy to national capacity development, looking to raise their priority for negotiators.</p>	<p>Earth Child Institute Donna Goodman donna@earthchildinstitute.org (+1 203 376 9177)</p>	<p>Climate Change Studio (Cancunmesse Hall C)</p>
<p>15.20– 15.40</p>	<p>The importance of flexible mechanisms to assure effective GHG mitigation in the energy sector Energy generation in emerging countries will triple by 2030. Incentives for clean growth are needed to prevent the installation of GHG intensive assets. National policies in combination with the CDM are a first step towards more efficient market mechanisms.</p>	<p>Project Developer Forum Philipp Hauser, Senior Manager Carbon Credits GDF SUEZ Energy Latin America (+55 21 3974 5443) Heleen.DEVOS@gdfsuezla.com</p>	<p>Climate Change Studio (Cancunmesse Hall C)</p>
<p>15.40– 16.00</p>	<p>Animal welfare and climate change What is animal welfare and why it matters to animals, people and the environment. How animals and those that look after them are negatively impacted by climate change. How good animal welfare practices can help reduce greenhouse gas emissions.</p>	<p>World Society for the protection of Animals (WSPA) Max Brandt maxbrandt@wspa-international.org</p>	<p>Climate Change Studio (Cancunmesse Hall C)</p>

17.00– 17.20	<p>Hope for the Near-Term Climate: A Prototype Financing Mechanism for Methane</p> <p>The urgency of slowing warming in the Arctic and Himalayas has focused attention on the need for rapid reductions in methane. Methane Panel member Rafe Pomerance discusses plans for a prototype methane financing facility; and its potential to hold global temperature rise below 2 degrees.</p>	<p>Climate Policy Center Rafe Pomerance, President, Clean Air - Cool Planet, and former senior U.S./Kyoto climate negotiator. rpomerance@cleanair-coolplanet.org</p>	<p>Climate Change Studio (Cancunmesse Hall C)</p>
17.20– 17.40	<p>Japan's 25% GHG Emission Reduction Target can be Achieved Domestically!</p> <p>We show the result of our 'CASA 2020 Model' simulation, the potentials of GHG emission reduction in Japan by domestic actions.</p>	<p>Citizens' Alliance for Saving the Atmosphere and the Earth (CASA) Masatake Uezono, Director (+81-6-6910-6301) office@casa.bnet.jp</p>	<p>Climate Change Studio (Cancunmesse Hall C)</p>

Rio Conventions' Ecosystems and Climate Change Pavilion

The **Rio Conventions' Ecosystems and Climate Change Pavilion** is a collaborative outreach activity involving the Rio Convention secretariats, the Global Environment Facility and other important partners. In Cancun, the Ecosystems Pavilion will have a physical 'base' at Cancunmesse, but also has events at other locations, providing a diverse range of opportunities to discuss the linkages between biodiversity, climate change and sustainable land management.

During the course of COP 16/CMP 6, negotiators and other key decision-makers, scientists, and practitioners will be able to discuss the links between forest biodiversity and adaptation and mitigation; the role of oceans; indigenous peoples and communities, water, the role of protected areas, climate change biodiversity loss, desertification and land degradation, and financing. A full programme is available at <http://www.ecosystemspavilion.org/en/cancun>.

Framework Convention
on Climate Change

United Nations Climate Change Conference 2010
COP 16 and CMP 6
Cancun, 29 November – 10 December 2010

Daily Programme Part Two

List of speakers for the high-level segment attended by Heads of States and Heads of Government and other heads of delegation

The list below is the preliminary list of speakers who wish to deliver a statement at the high-level segment under agenda item 9 of the COP and agenda item 14 of the CMP.

The list is provisionally divided into morning, afternoon to facilitate the organization of the order of speakers.

All speakers are reminded to be present in the plenary 10 minutes or at least two speakers prior to their presentation. They will be escorted by an usher during the presentation of the previous speaker from the seat of their delegation to a reserved chair close to the podium. Attending Heads of State or Government will be driven to the VVIP entrance of the Moon Palace Hotel and from there escorted by a Protocol Officer to the seats of their delegation. The VVIP lounge will also be available for the Heads of State or Government before delivery of their statements.

Representatives are reminded that statements made during the high-level segment should not exceed the **three-minute limit**, as decided by the Conference of the Parties at its first plenary meeting. Given the large number of statements, it is suggested that statements be as brief and concise as possible, with full texts available for distribution (see below for the quantities required). If Parties do not wish to speak but would prefer to only have their statements circulated, the secretariat will make arrangements to distribute the copies and enter the statement in the records of the Conference.

Parties interested in taking up this offer should communicate their interest to the External Relations team, located in the Conference Affairs Services office in the Sunrise Lobby (Maya), Moon Palace (Ms. Grace Ann Smith) by 12.00 on Saturday, 4 December. Any other changes to the speakers' list should also be brought to the attention of the External Relations team.

The Daily Programme is available electronically at <unfccc.int/>. Participants are kindly reminded to consult the CCTV monitors for any last-minute changes to the Daily Programme. In order to reduce paper consumption, participants are kindly requested to retain copies of documents throughout the sessions.

Parties are requested to note that the secretariat is not in a position to accommodate individual requests for changes in a Party's speaking slot. Parties wishing to make a change should arrange to exchange slots with another Party, and jointly notify the secretariat of the agreement that has been reached.

All Parties are kindly requested to provide the Conference Officer with **20 copies** of their statements in advance to meet the needs of the interpreters and the Conference records. Parties wishing to have their statements distributed during the plenary meeting are requested to provide **300 copies**. These copies may be delivered to the Conference Officer's table located beside the podium in the plenary. Statements that are delivered during the high level segment and for which copies are provided to the secretariat, will also be available on the COP 16/CMP 6 website at <unfccc.int/>.
