Special Announcements

Fast Start Finance The following submissions on information from developed country Parties on the resources provided to fulfil the commitment referred to in decision 1/CP.16, paragraph 95 (Fast Start Finance) have been received by the secretariat as of 31 May 2011:

- Australia
- Canada
- European Union and its member States
- Japan
- Norway
- United States of America

The full reports can be found at the following UNFCCC website link:

<http://unfccc.int/cooperation_support/financial_mechanism/fast_start_financeitems/5646.php>

UNFCCC Documents Questionnaire

The UNFCCC secretariat has launched a review of its official documents in order to enhance their readability and user-friendliness. As part of this review, the secretariat has prepared a brief questionnaire, which is distributed with today's Daily Programme, to gather the views of the readers of the documents. We believe that these insights will be extremely valuable in understanding how these documents could be improved and would be grateful if as many delegates as possible could complete the questionnaire and return it to the Documents Distribution counter. Please be assured that all responses will be kept confidential.

Vacancies at the UNFCCC secretariat

Conference participants are encouraged to bring to the attention of qualified individuals in their countries/organizations the link to the employment page of the secretariat website:

<http://unfccc.int/secretariat/employment/recruitment>

Three professional positions are currently advertised. A number of further vacancies ranging from entry level to management level are expected to be advertised during the remaining months of 2011.

The secretariat is committed to ensuring equitable geographical distribution and gender balance among its staff. To this end, it would like to especially encourage qualified women candidates and candidates from developing countries to apply for vacancies.

New UNFCCC roster of consultants

The UNFCCC has recently launched an online roster of consultants to be considered for future assignments.

The UNFCCC consultant roster is an online database of specialized consultants used for sourcing expertise for short- and long-term assignments with our secretariat. Potential consultants can now register directly online via the new roster:
