---

### Subsidiary Body for Scientific and Technological Advice

Thirty-fifth session

Durban, 28 November to 3 December 2011

Agenda item 10(c)

**Methodological issues under the Kyoto Protocol**

**Implications of the inclusion of reforestation of lands with forest in exhaustion as afforestation and reforestation clean development mechanism project activities**

### **Implications of the inclusion of reforestation of lands with forest in exhaustion as afforestation and reforestation clean development mechanism project activities**

#### **Draft conclusions proposed by the Chair**

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) took note of the synthesis report on the views submitted by Parties<sup>1</sup> prepared by the secretariat, as requested by the SBSTA at its thirty-third session.
2. The SBSTA agreed that the definition of forest in exhaustion (FiE) as contained in annex I of document FCCC/KP/CMP/2009/16 requires further clarification.
3. The SBSTA took note of Brazil's intention to organize an informal workshop, with a view to providing more clarity on the definition of FiE.
4. The SBSTA further agreed to continue the consideration of this matter at its thirty-sixth session.
