Recommendation of the Subsidiary Body for Scientific and Technological Advice

The Subsidiary Body for Scientific and Technological Advice, at its thirty-ninth session, recommended the following draft conclusions for consideration and adoption by the Conference of the Parties at its nineteenth session:

Draft conclusions on the work programme on clarification of quantified economy-wide emission reduction targets of developed country Parties

1. The Conference of the Parties (COP) noted that the Subsidiary Body for Scientific and Technological Advice (SBSTA) initiated its work programme on clarification of quantified economy-wide emission reduction targets of developed country Parties as contained in document FCCC/SB/2011/INF.1/Rev.1 at SBSTA 38, pursuant to decision 1/CP.18, paragraph 13.
2. The COP took note of the progress achieved under the work programme as reflected in the conclusions of SBSTA 38 and SBSTA 39, including the following:
 - (a) The event on quantified economy-wide emission reduction targets of developed country Parties held in conjunction with SBSTA 38, and the corresponding

report,¹ and the technical briefing on land use, land-use change and forestry reporting held in conjunction with SBSTA 39;

(b) The technical paper on quantified economy-wide emission reduction targets by developed country Parties, including assumptions, conditions, commonalities and differences in approaches and comparison of the level of emission reduction efforts, which was prepared by the secretariat for consideration at SBSTA 39.²
