Climate Change Resources Corner (CCRC)

Parties and admitted observer organizations without an exhibit are welcome to display their electronic materials at the CCRC, located next to the exhibit area. In line with the sustainability efforts to reduce carbon footprint of UNFCCC sessions and meetings, only electronic materials can be accepted. Visual materials (e.g. video, slideshow) will be displayed on two screens and other types of materials (e.g. publications) will be available through Poken. To make use of this option, please send a request to see@unfccc.int.

“Touch-to-collect” technology (Poken)

In line with the sustainability efforts for SB 44, innovative “touch-to-collect” technology (Poken) is introduced as a pilot project. Poken is a platform for collecting digital information and networking in a user-friendly way.

Participants can receive a personal Poken device, at no charge, at the Poken booth located in the exhibit area. Poken, once registered with personal login information, allows collecting digital information from the exhibits, the Paris Agreement booth, the COP 22/CMP 12 booth, the Climate Neutral Now booth and the Climate Change Resources Corner (CCRC). The registration of personal login information also allows an exchange of digital business cards among participants holding a personal Poken device.

Once collected information is loaded on participants’ computer and the conference is over, Poken devices are no longer needed. Participants are invited to contribute to sustainability by recycling their Poken device on the last day.
