Subsidiary Body for Implementation Forty-fourth session Bonn, 16–26 May 2016

Agenda item 7(a) Matters relating to the mechanisms under the Kyoto Protocol Review of the modalities and procedures for the clean development mechanism

## Review of the modalities and procedures for the clean development mechanism

## Draft conclusions proposed by the Chair

1. In accordance with decision 4/CMP.9, the Subsidiary Body for Implementation (SBI) continued its consideration of possible changes to the modalities and procedures for the clean development mechanism (CDM).

2. The SBI requested the secretariat to prepare draft provisions containing definitions and/or requirements at a principle level on programmes of activities and roles of designated national authorities to supplement the current CDM modalities and procedures, based on the existing rules adopted by the Executive Board of the CDM.

3. The SBI noted that there continue to be divergent views on the need for further changes to the CDM modalities and procedures.<sup>1</sup>

4. The SBI agreed to continue its consideration of this agenda sub-item at SBI 45 (November 2016) with a view to concluding it at that session.
