
CONFERENCE OF THE PARTIES
Fifth session
Bonn, 25 October - 5 November 1999
Agenda item 4 (g)

**REVIEW OF THE IMPLEMENTATION OF COMMITMENTS AND
OF OTHER PROVISIONS OF THE CONVENTION**

**ACTIVITIES IMPLEMENTED JOINTLY UNDER THE PILOT PHASE
(DECISION 6/CP.4)**

**Recommendation of the Subsidiary Body for Scientific and Technological Advice
and the Subsidiary Body for Implementation**

The Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation, at their eleventh sessions, decided to recommend jointly the following draft decision for adoption by the Conference of the Parties at its fifth session:

Draft decision -/CP.5

Activities implemented jointly under the pilot phase

The Conference of the Parties,

Recalling its decisions 5/CP.1, 1/CP.4, 6/CP.4 and 7/CP.4,

Taking note of the conclusions of the Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation at their eleventh sessions on the issues addressed in the comprehensive review of the pilot phase of activities implemented jointly, as well as of the third synthesis report on activities implemented jointly (FCCC/SB/1999/5 and Corr.1 and Add.1),

Noting that activities implemented jointly under the pilot phase have made some contribution to meeting the ultimate objective of the Convention,

Noting that, by virtue of decision 5/CP.1, activities implemented jointly under the pilot phase are undertaken within the framework of the UNFCCC,

Acknowledging the importance of learning by doing through activities implemented jointly under the pilot phase and of providing new activities implemented jointly opportunities to those Parties that have not yet experienced activities implemented jointly projects under the pilot phase,

1. *Decides* to conclude the review process and, without prejudice to future decisions, to continue the pilot phase of activities implemented jointly beyond the end of the present decade; such continuation should address the issue of geographic imbalance, in particular the lack of projects in Africa and small island developing states;
2. *Invites* Parties to provide proposals for the improvement of the draft revised uniform reporting format contained in document FCCC/SB/1999/5/Add.1 by 31 March 2000;
3. *Requests* the secretariat to prepare a further draft revision of the uniform reporting format and a set of guidelines for its use, for consideration by the Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation at their thirteenth sessions;
4. *Encourages* Parties involved in activities implemented jointly under the pilot phase to submit further information using the uniform reporting format, the deadline for the submission of such information to be considered in the fourth annual synthesis report being 30 June 2000;
5. *Urges* Parties reporting on activities implemented jointly under the pilot phase to submit joint reports through the designated national authority of one Party, providing proof that the designated national authorities of all the other Parties involved concur with the report.
