### **Third biennial high-level ministerial dialogue on climate finance regarding information to be provided by Parties in accordance with Article 9, paragraph 5, of the Paris Agreement**

The CMA at its first session, decided to convene biennial high-level ministerial dialogues (HLMD) on climate finance beginning in 2021, in the context of identification of indicative quantitative and qualitative information related to Article 9, paragraphs 1 and 3 of the Paris Agreement, as applicable, including as available, projected levels of public financial resources to be provided by Parties in accordance with Article 9, paragraph 5, of the Paris Agreement.

The third HLMD will focus on showcasing short- and medium-term solutions for enhancing the predictability and delivery of financial support to developing countries and that contribute to advancing the implementation of Article 9.1 and 9.3 of the Paris Agreement and the qualitative and quantitative elements of the new collective quantified goal on climate finance (NCQG) set at COP 29.<sup>1</sup> Furthermore, the HLMD aims to provide space for Parties and stakeholders to showcase solutions for scaling up adaptation finance to support the urgent and evolving need to accelerate adaptation and build resilience in developing countries. The incoming COP 30 Presidency encourages participants, who are willing to do so, to announce actionable solutions and initiatives, including financial pledges, that contribute to the provision and mobilization of climate finance at scale, including for scaling up adaptation finance.

The COP 30 President will summarize the deliberations of the dialogue for consideration by CMA 9.

Further details on the registration and logistical arrangements for Parties will be shared directly with National Focal Points. The provisional programme and additional information on the dialogue will be published in due course on the UNFCCC [Article 9, paragraph 5, of the Paris Agreement webpage](#).
