**MESSAGE FROM THE CHAIRS OF THE SUBSIDIARY BODY FOR SCIENTIFIC
AND TECHNOLOGICAL ADVICE AND THE SUBSIDIARY BODY FOR
IMPLEMENTATION**

The First Global Stocktake

I am pleased to convey a joint message from the Chair of the Subsidiary Body for Scientific and Technological Advice, Mr. Tosi Mpanu Mpanu, and the Chair of the Subsidiary Body for Implementation, Ms. Marianne Karlsen, regarding the submission of inputs to the first Global Stocktake. The message from the Chairs is contained in the annex to this note. The secretariat will regularly inform the Chairs of the Subsidiary Bodies of all submissions made in this regard.

Yours sincerely,

(Signed by)

Cecilia Kinuthia-Njenga
Director
Intergovernmental Support
and Collective Progress division

Distribution: To Parties and observer States to the United Nations Framework Convention on Climate Change through their national focal points and diplomatic missions accredited to the Federal Republic of Germany, as well as to United Nations organizations, admitted observer organizations and other non-Party stakeholders.

Annex

Joint message from the Chairs of the Subsidiary Bodies

The First Global Stocktake Call for inputs

Dear Colleagues,

Pursuant to decision 19/CMA.1, paragraph 19, and following our previous communications of 14 September 2021 (ISCP/MTP/GST),¹ we are reaching out to issue a reminder to the call for inputs outlined in paragraphs 36 and 37 of the same decision for the first Global Stocktake (GST).

We encourage Parties to the Paris Agreement, observer States, Non-Party Stakeholders, UNFCCC admitted observer organizations, United Nations agencies and other international organizations who wish to submit inputs to the first GST to focus on the scope of the GST as outlined in decision 19/CMA.1, in particular, the types of information for the GST identified in paragraph 36. We urge preparers of inputs to take into consideration the guiding questions for the GST, especially those for the information collection and preparation component contained in the Revised non-paper on Preparing for the first GST which is available [here](#), as well as the guiding questions for the technical assessment component available [here](#). Inputs to the GST should inform the thematic areas referred to in paragraph 6(b) of decision 19/CMA.1 and align to the objective of its outcome outlined in Article 14, paragraph 3, of the Paris Agreement and the outputs of relevant components of the GST, including those identified in paragraph 34 of decision 19/CMA.1.

Following decision 19/CMA.1, paragraph 19, we remind colleagues that such inputs should be submitted at least three months before their consideration in the technical assessment. Therefore we kindly request that inputs be submitted as soon as possible, by **28 February 2022**, to enable their consideration in the first meeting of the Technical Dialogue which will take place in June 2022 in conjunction with the 56th session of the Subsidiary Bodies.

To submit an input to the first GST, kindly use the [submission portal](#). The secretariat has also prepared a [Guide for submissions to show how to provide a submission on the portal](#). Non-Party stakeholders without observer status are invited to send their submissions to the UNFCCC secretariat by email to submission-info@unfccc.int.

As identified in decision 19/CMA.1 paragraph 22, the secretariat is compiling for the technical assessment the most up-to-date inputs from the sources identified in paragraph 37, which include the submissions referred to above.² These inputs for the first GST can be found in the GST Information Portal available [here](#).

We look forward to receiving your inputs and to your participation in the first GST of the Paris Agreement.

Yours sincerely,

Marianne Karlsen
Chair of the Subsidiary Body for
Implementation

Tosi Mpanu Mpanu
Chair of the Subsidiary Body for
Scientific and Technological Advice
