NOTIFICATION

Call for submissions How to mainstream gender considerations into national adaptation planning and implementation

As part of the Cancun Adaptation Framework, Parties established the Adaptation Committee (AC) to promote the implementation of adaptation actions. The AC provides technical support and guidance to the Parties, and shares relevant information, knowledge, experience and good practices. It has a role in promoting synergy and strengthening engagement with national, regional and international organizations, centres and networks. The Adaptation Committee, in its 2019-2021 workplan, agreed to include the objective of incorporating gender as a cross-cutting consideration into all its activities.

In this regard, I am pleased to notify that Parties and relevant organizations are invited to submit their views on how to mainstream gender considerations in the national adaptation planning process. Inputs are sought to respond to the following questions:

- What are good examples of lessons learned and best practices in prioritizing/incorporating gender in the process to formulate and implement national adaptation plans in your country or constituency?
- How can gender best be incorporated into adaptation action?
- In your experience, what are remaining gaps related to incorporating gender considerations into adaptation planning and implementation?
- What are useful sources relevant to this topic?

Kindly submit your inputs **no later than 15 July 2019**. Parties are welcome to post their submission on the [UNFCCC submissions portal](#).

The inputs will feed into the AC upcoming deliverables, including a plan on how best to incorporate gender considerations into (1) adaptation action and (2) the AC workplan activities; and an event, in 2020, on identifying gaps and solutions related to incorporating gender considerations into adaptation planning and implementation.

Distribution: To Parties and observer States to the United Nations Framework Convention on Climate Change through their national focal points and diplomatic missions accredited to the Federal Republic of Germany.

Detailed information on how to upload or to send your submissions is available at the following webpage <https://unfccc.int/process-and-meetings/parties-non-party-stakeholders/non-party-stakeholders/submissions-and-statements#eq-2>.

Thank you for your cooperation and your continued support of the work of the Adaptation Committee.

Yours sincerely,

(signed by)
