The conference will take place at the Scottish Event Campus (SEC) (see <https://ukcop26.org/the-conference/venue/> and <https://www.sec.co.uk/>). Further information on the venue will be available in due course.

Distribution: To Parties and observer States to the United Nations Framework Convention on Climate Change through their national focal points, diplomatic missions accredited to the Federal Republic of Germany and to the United Kingdom of Great Britain and Northern Ireland.

I am also pleased to inform Parties and observer States to the United Nations Framework Convention on Climate Change, the Kyoto Protocol and the Paris Agreement that the online registration system (ORS) is now open for nomination of delegations for the sessions.

In order to provide a safe and healthy environment for all participants at the conference and the local population, the Government of the United Kingdom of Great Britain and Northern Ireland has **strongly recommended that all participants are fully vaccinated against COVID-19 prior to attending the conference**. Recognizing the challenges that many countries face, it has made an offer to provide vaccines to registered Party, observer and media representatives who have not yet received a vaccine, are not able to get one in time for attendance at the conference or cannot access a vaccine through other means.

The secretariat hopes that launching the registration system at this time will support the implementation of the vaccination offer from the Government of the United Kingdom, in accordance with any applicable national regulations. To facilitate the vaccination effort, participants interested in the offer are very strongly encouraged to **express their interest in vaccination** on the web page linked to in the acknowledgment letter **by Friday, 23 July 2021**. This means they would need to be **confirmed in ORS in advance of that date**.

The acknowledgment letter (which is also the visa support letter) emailed to each participant confirmed in ORS will include a link to a page where the participant can indicate interest in being vaccinated through this offer.

The secretariat also wishes to underline that opening registration does not imply that the format of the conference has been determined. The Government of the United Kingdom is currently making every effort to enable an inclusive conference with in-person participation and will provide information on the arrangements for the conference in the coming weeks.

The information that is available at this time regarding conference preparations is contained in the annex to this notification. Additional information on the sessions, including the provisional agendas and information on preparatory meetings, protocol, credentials, the list of high-level segment speakers, information on the full set of COVID-19 security measures, including in relation to travel regulations, and other key information will be communicated and posted on the UNFCCC website in due course.

ORS will remain open for registration until the end of the conference. Online registration is the only official channel for nominating participants for the sessions. The secretariat cannot process nominations sent by any other method.

To facilitate the processing of visas, the vaccination effort and access to any online platforms, please ensure that accurate information is provided in ORS. For these and other purposes, **it is imperative that a correct and unique email address be provided for each delegate**.
