Technological Advice**

Fifty-first session

Madrid, 2–9 December 2019

Agenda item 9

**Matters relating to the forum on the impact of the
implementation of response measures serving the
Convention, the Kyoto Protocol and the Paris
Agreement**

Subsidiary Body for Implementation

Fifty-first session

Madrid, 2–9 December 2019

Agenda item 16

**Matters relating to the forum on the impact of the
implementation of response measures serving the
Convention, the Kyoto Protocol and the Paris
Agreement**

**Matters relating to the forum on the impact of the
implementation of response measures serving the
Convention, the Kyoto Protocol and the Paris Agreement**

Draft conclusions proposed by the Chairs

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) and the Subsidiary Body for Implementation (SBI) recognized that the forum on the impacts of the implementation of response measures continued its work on the development of the six-year workplan of the forum and its Katowice Committee of Experts on the Impacts of the Implementation of Response Measures (KCI), but did not conclude it. The SBSTA and the SBI agreed to forward the matter to the Conference of the Parties (COP) at its twenty-fifth session, the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP) at its fifteenth session and the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement (CMA) at its second session to finalize and adopt the workplan, taking into account the draft text prepared by the subsidiary bodies.¹
2. The SBSTA and the SBI, having considered the annual report² on the work of the KCI in 2019, including the possible recommendations to the forum to provide to the COP, the CMP and the CMA, agreed to forward the report to COP 25, CMP 15 and CMA 2 for their further consideration and for the development of decisions.
3. The SBSTA and the SBI recommended the draft rules of procedures of the KCI, as contained in the annex to the KCI report,³ for consideration and adoption at COP 25, CMP 15 and CMA 2.
