Draft conclusions proposed by the Chairs

1. The Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation considered matters relating to the Glasgow–Sharm el-Sheikh work programme on the global goal on adaptation referred to in decision 7/CMA.3.
2. They agreed to recommend to the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement (CMA) to consider these matters at CMA 4 (November 2022) taking into account the draft text on the UNFCCC website¹ and relevant views from Parties and groups of Parties, recognizing that the draft text does not represent consensus among Parties and further work by the CMA is necessary to finalize the decision.
