Draft conclusions proposed by the Chairs

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) and the Subsidiary Body for Implementation (SBI) welcomed the progress in the implementation of the Glasgow–Sharm el-Sheikh work programme on the global goal on adaptation and the fifth and sixth workshops held under the work programme in the first half of 2023.¹
2. The SBSTA and the SBI expressed appreciation to their Chairs for providing guidance on the workshops referred to in paragraph 1 above, to the secretariat for conducting the workshops and implementing interactive modalities for participation, and to Parties and non-Party stakeholders for contributing to and engaging in the workshops.
3. The SBSTA and the SBI also expressed appreciation to the Governments of Maldives and Germany for hosting the fifth and sixth workshops respectively under the Glasgow–Sharm el-Sheikh work programme.
4. The SBSTA and the SBI reiterated that the development of the framework for guiding the achievement of the global goal on adaptation and the review of overall progress in achieving it² is to be undertaken through a structured approach and may take into consideration, inter alia, the elements referred to in paragraph 10 of decision 3/CMA.4.
5. The SBSTA and the SBI invited their Chairs to continue considering, at the remaining workshops under the Glasgow–Sharm el-Sheikh work programme, matters related to the framework referred to in paragraph 4 above, inter alia, the development and use of targets, indicators and metrics, global adaptation priorities, and modalities for increasing international cooperation in support of the framework, and to include in the workshops sessions for Parties to explore areas of commonality in developing the framework and taking stock of progress.

¹ The summary note on the fifth workshop is available at <https://unfccc.int/documents/627908>. The summary note on the sixth workshop is under preparation.

² See decision 3/CMA.4, paras. 8–9.

6. The SBSTA and the SBI took note of the views presented by Parties during the fifty-eighth sessions of the subsidiary bodies,³ which can be considered during the remainder of the work programme and in the development of the framework referred to in paragraph 4 above, including to serve as input to discussions during the seventh and eighth workshops, recognizing that these views do not capture all those of Parties and do not represent consensus.

7. The SBSTA and the SBI considered the possible structural elements, outlined below, for a draft decision for consideration and adoption by the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement at its fifth session (November–December 2023):
