**Work programme on just transition pathways referred to in
the relevant paragraphs of decision 1/CMA.4**

Draft conclusions proposed by the Chairs

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) and the Subsidiary Body for Implementation (SBI) initiated consideration of the work programme on just transition pathways referred to in paragraph 52 of decision 1/CMA.4.
2. The SBSTA and the SBI agreed to continue work on this matter at SB 59 (November–December 2023), informed by the informal note available on the UNFCCC website,¹ with a view to recommending a draft decision on the matter for consideration and adoption by the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement at its fifth session (November–December 2023).
3. The SBSTA and the SBI invited Parties and observers to submit via the submission portal² by 15 September 2023 views on different elements of the work programme referred to in paragraph 1 above and requested the secretariat to prepare a synthesis report on Parties' submissions with a view to informing Parties' further discussions on the work programme during the workshop referred to in paragraph 4 below.
4. The SBSTA and the SBI also requested the secretariat to organize, under the guidance of their Chairs, a workshop to be held before SB 59 (November–December 2023) on the work programme referred to in paragraph 1 above to inform further work thereunder, based on the submissions and the synthesis report referred to in paragraph 3 above, ensuring broad participation of Parties and observers. The SBSTA and the SBI further requested the secretariat to prepare, under the guidance of their Chairs, a summary report on the workshop.
5. The SBSTA and the SBI took note of the estimated budgetary implications of the activities to be undertaken by the secretariat referred to in paragraphs 3–4 above.
6. The SBSTA and the SBI requested that the actions of the secretariat called for in these conclusions be undertaken subject to the availability of financial resources.
