Agreement**

**Draft conclusions proposed by the Chairs**

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) and the Subsidiary Body for Implementation (SBI) concluded their consideration of the first global stocktake under the Paris Agreement.
2. The SBSTA and the SBI agreed to forward their work on this matter as captured in the updated textual building blocks together with Parties' views and submissions not yet fully reflected by the co-chairs of the joint contact group on the first global stocktake<sup>1</sup> for further consideration by the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement (CMA) at its fifth session.
3. The SBSTA and the SBI noted that the updated building blocks referred to in paragraph 2 above are not an agreed text and represent work in progress, noting that the Parties' views and submissions were not yet fully reflected and that a third iteration was expected. They requested their Chairs to convey the views expressed by Parties on the updated building blocks to the CMA for further consideration, and invited the CMA to take into account the views and submissions in a third iteration of the updated building blocks.
