

Subsidiary Body for Implementation

Fifty-sixth session

Bonn, 6–16 June 2022

Agenda item 15(b)

Matters relating to capacity-building

Capacity-building under the Kyoto Protocol

Capacity-building under the Kyoto Protocol

Draft conclusions proposed by the Chair

1. The Subsidiary Body for Implementation (SBI) took note of the synthesis reports by the secretariat on the implementation of the framework for capacity-building in developing countries established under decision 2/CP.7 and reaffirmed in decision 29/CMP.1, and on the capacity-building work of bodies established under the Convention and its Kyoto Protocol.¹
2. The SBI reiterated that, while progress has been made in implementing the framework for capacity-building in developing countries under the Kyoto Protocol, needs and gaps remain in addressing the priority areas set out in decision 29/CMP.1.
3. The SBI noted that the 11th meeting of the Durban Forum on capacity-building, on capacity-building for integrating implementation of nationally determined contributions into national sustainable recovery plans, was held at this session.²
4. The SBI underlined the importance of the capacity-building portal³ and the Durban Forum as means of effectively and continuously sharing information, good practices and lessons learned among a wide range of stakeholders under and outside the Convention and its Kyoto Protocol.
