## Subsidiary Body for Implementation

### Fifty-sixth session

Bonn, 6–16 June 2022

Agenda item 13(c)

### Development and transfer of technologies and implementation of the Technology Mechanism

### Poznan strategic programme on technology transfer

## Poznan strategic programme on technology transfer

### Draft conclusions proposed by the Chair

1. The Subsidiary Body for Implementation (SBI) welcomed the information on progress in the implementation of the Poznan strategic programme on technology transfer contained in the reports of the Global Environment Facility (GEF) to the Conference of the Parties at its twenty-sixth session.<sup>1</sup> It also welcomed the continued support provided by the GEF for technology development and transfer, namely the approval by the GEF Council of proposed projects with technology transfer elements for climate change mitigation and adaptation during the GEF reporting period.
2. The SBI invited the Technology Executive Committee (TEC) and the Climate Technology Centre and Network (CTCN) to consider experience and lessons learned from the implementation of GEF projects in preparing their next workplan and programme of work, respectively.
3. The SBI welcomed the efforts by the GEF to include in the fourth phase of the global project on technology needs assessments (TNAs) those least developed countries and small island developing States that have never undertaken a TNA.<sup>2</sup>
4. The SBI invited the TEC, in consultation with the CTCN and the operating entities of the Financial Mechanism, to consider, when updating the guidelines for TNAs, how developing countries can be supported in updating their TNAs and implementing their technology action plans and TNA outcomes.
5. The SBI welcomed the actions undertaken by the TEC and the CTCN in response to the relevant recommendations contained in the TEC report on the updated evaluation of the Poznan strategic programme on technology transfer.<sup>3</sup>
6. The SBI noted with appreciation the financial support provided by the GEF and the technical support provided by the United Nations Environment Programme and regional organizations for TNAs, and the completion of 53 TNA reports.
7. The SBI also noted that, in the fourth synthesis of technology needs identified by Parties not included in Annex I to the Convention,<sup>4</sup> most Parties identified technology-specific barriers, including financial, economic, technical, policy, regulatory and

<sup>3</sup> FCCC/SBI/2019/7.

<sup>4</sup> FCCC/SBI/2020/INF.1.

institutional barriers. The SBI invited the TEC, the CTCN and relevant organizations to support developing countries in overcoming these barriers.

8. The SBI acknowledged the interlinkages between TNAs, nationally determined contributions, national adaptation plans and other national climate- and development-related processes and encouraged Parties to integrate the implementation of the outcomes of the TNAs into their nationally determined contributions, national adaptation plans and other national climate- and development-related processes, as appropriate.

9. The SBI requested the secretariat to prepare an information note with updated information on the status and successes of, challenges in and lessons learned from projects undertaken through the regional climate technology transfer and finance centres, for consideration at SBI 57 (November 2022).
