

Subsidiary Body for Implementation

Fifty-seventh session

Sharm el-Sheikh, 6–12 November 2022

Agenda item 17(c)

Development and transfer of technologies and implementation of the Technology Mechanism

**First periodic assessment referred to in
paragraph 69 of decision 1/CP.21**

First periodic assessment referred to in paragraph 69 of decision 1/CP.21

Draft conclusions proposed by the Chair

Addendum

Recommendation of the Subsidiary Body for Implementation

The Subsidiary Body for Implementation, at its fifty-seventh session, recommended the following draft decision for consideration and adoption by the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement at its fourth session:

Draft decision -/CMA.4

First periodic assessment referred to in paragraph 69 of decision 1/CP.21

The Conference of the Parties serving as the meeting of the Parties to the Paris Agreement,

Recalling decisions 1/CP.21, 15/CMA.1, 16/CMA.1 and 17/CMA.3,

Also recalling decision 15/CMA.1, paragraph 7, according to which the outcomes of and/or recommendations resulting from the first periodic assessment referred to in paragraph 69 of decision 1/CP.21 shall be considered when updating the technology framework,

Further recalling decision 16/CMA.1, paragraph 4, according to which the outcomes of the first periodic assessment referred to in paragraph 1 of that decision should serve as an input to the global stocktake referred to in Article 14 of the Paris Agreement,

1. *Acknowledges* the findings of the final report on the first periodic assessment of the effectiveness and adequacy of the support provided to the Technology Mechanism in supporting the implementation of the Paris Agreement on matters relating to technology

development and transfer¹ and *invites* the Technology Executive Committee and the Climate Technology Centre and Network to implement the recommendations therein when undertaking the joint work programme of the Technology Mechanism for 2023–2027;²

2. *Requests* the Technology Executive Committee and the Climate Technology Centre and Network to include in their joint annual report for 2023 and in subsequent reports to the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement, through the subsidiary bodies, information on actions undertaken in response to the recommendations contained in the final report referred to in paragraph 1 above;

3. *Welcomes* the joint work programme for 2023–2027 of the Technology Executive Committee and the Climate Technology Centre and Network, which ensures synergies and complementarity between the work of the Technology Executive Committee and the Climate Technology Centre and Network and strengthens the implementation of the mandates of the Technology Mechanism;

4. *Encourages* the Climate Technology Centre and Network to continue matchmaking for the purpose of securing funding for the implementation of projects after technical assistance is provided to developing countries;

5. *Notes with concern* that securing funding for implementing the mandates of the Technology Mechanism remains an important challenge, and *encourages* those in the position to do so to provide enhanced support to the Technology Mechanism;

6. *Also encourages* the Technology Executive Committee and the Climate Technology Centre and Network to continue their efforts to enhance resource mobilization so as to meet the costs associated with their activities for implementing their respective mandates and providing support to developing countries in implementing mitigation and adaptation action;³

7. *Invites* Parties, the Technology Executive Committee and the Climate Technology Centre and Network to explore ways of providing enhanced technical and logistical support to national designated entities, including through collaboration with the public and private sector;

8. *Decides* that the main challenges identified in the periodic assessment referred to in paragraph 1 above be given consideration under the global stocktake;

9. *Requests* the secretariat to consider experience in and lessons learned from undertaking the first periodic assessment in preparing for the second periodic assessment, including the incorporation of the activities under the technology framework, the implementation of technology action plans and the levels of support at different stages of the technology cycle, and taking into account the concern regarding membership composition of the Technology Executive Committee;⁴

10. *Encourages* the Climate Technology Centre and Network, when implementing its programme of work 2023–2027⁵, to make use of pilot and demonstration projects in identifying local champions who could showcase the successful implementation of technology solutions;

11. *Requests* the Subsidiary Body for Implementation to initiate at its sixty-fourth session (2026) the second periodic assessment of the effectiveness and adequacy of the support provided to the Technology Mechanism in supporting the implementation of the Paris Agreement on matters relating to technology development and transfer in accordance with the scope of and modalities for the periodic assessment⁶ with a view to it being completed by the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement at its ninth session (2027).
