Item 3(a) of the provisional agenda

Reporting from and review of Parties included in Annex I to the Convention

**Status of submission and review of national
communications and biennial reports from Parties
included in Annex I to the Convention**

Status of submission and review of national communications and biennial reports

Note by the secretariat

Abbreviations and acronyms

Annex I Party	Party included in Annex I to the Convention
BR	biennial report
COP	Conference of the Parties
CTF	common tabular format
NC	national communication
TRR	technical review report

1. This document provides information on the status of submission and review of BR4s from Annex I Parties as at the time of publication of this document.
2. COP 17 requested Annex I Parties to submit their second and subsequent BRs two years after the due date of a full NC.¹ The due date for BR4s was 1 January 2020.
3. In addition, COP 17 adopted the “UNFCCC biennial reporting guidelines for developed country Parties” and decided that developed country Parties shall use them for preparing their BRs.² COP 18 adopted the CTF for those guidelines³ and COP 21 revised it and decided that developed country Parties shall use the revised format when preparing and submitting their BRs in accordance with decision 2/CP.17.⁴
4. At the time of preparation of this document, the secretariat had received 43 BR4s, including their corresponding BR4 CTF tables, from Annex I Parties. The secretariat received the NC7, BR3, BR4 and corresponding BR3 and BR4 CTF tables of the United States of America on 30 October 2021. The BR4, BR4 CTF tables and NC7 of Ukraine had not yet been submitted.
5. A total of 29 Annex I Parties submitted their BR4s and 26 Annex I Parties submitted their BR4 CTF tables before the due date of submission as per decision 2/CP.17. A total of 14 Annex I Parties submitted their BR4s and 17 Annex I Parties submitted their BR4 CTF tables after that date, 5 of which informed the secretariat about the delay in advance. All BR4s and BR4 CTF tables received have been posted on the UNFCCC website.⁵ The dates of submission and review are presented in the table below.
6. COP 20 decided that the “Guidelines for the technical review of information reported under the Convention related to greenhouse gas inventories, biennial reports and national communications by Parties included in Annex I to the Convention” shall be used for the review of BRs, starting with BR2s in 2016.⁶
7. The secretariat coordinated the reviews of 41 of the submitted BR4s in nine centralized reviews.⁷ The planned in-country reviews of the NC7 and BR4 of Belarus and the United States had to be postponed owing to the pandemic and will take place in conjunction with the reviews of their NC8 and BR5, if possible.
8. At the time of preparation of this document, the TRRs for all BR4s reviewed had been finalized and published on the UNFCCC website.⁸ Of those, 39 TRRs were finalized within the mandated timeline⁹ (four months after the review week) despite the additional effort required to complete the reviews of the resubmissions while working remotely. The average time required to finalize a TRR was three months.
9. To further improve the reporting, 66 per cent (27 of 41) of Annex I Parties resubmitted documentation before, during or after the review week: 12 resubmitted both their BR4s and BR4 CTF tables, 15 resubmitted their BR4s and 25 resubmitted their CTF tables.
