

Subsidiary Body for Implementation

Sixtieth session

Bonn, 3–13 June 2024

Item 19 of the provisional agenda

Administrative, financial and institutional matters

Budget performance for the biennium 2022–2023 as at 31 December 2023

Note by the Executive Secretary

Addendum

Programme performance data for 1 January 2022 to 31 December 2023

Summary

This document contains performance data for all objectives presented in the updated work programme of the secretariat for the biennium 2022–2023. It also provides details of the outputs delivered by the secretariat. It should be considered in conjunction with document FCCC/SBI/2024/7, which contains the report on budget performance and programme delivery for the biennium 2022–2023 as at 31 December 2023.

As the impacts of the coronavirus disease 2019 pandemic decreased, the secretariat was expected to implement work in response to mandates from the United Nations Climate Change Conference in Glasgow that went beyond the core budget activities. While the secretariat implemented its mandates, the zero real growth budget and insufficient supplementary funding impacted the scope and timing of implementation. This affected activities across the Programmes, Operations and cross-cutting divisions and highlighted the dependence of work programme delivery on an unsustainable and unpredictable funding model.

Abbreviations and acronyms

AC	Adaptation Committee
ACE	Action for Climate Empowerment
Annex I Party	Party included in Annex I to the Convention
BA	biennial assessment and overview of climate finance flows
Bonn Fund	trust fund for the special annual contribution from the Government of Germany
BR	biennial report
BTR	biennial transparency report
BUR	biennial update report
CDM	clean development mechanism
CDM-MAP	clean development mechanism business and management plan
CGE	Consultative Group of Experts
CMA	Conference of the Parties serving as the meeting of the Parties to the Paris Agreement
CMP	Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol
CO ₂	carbon dioxide
CO ₂ eq	carbon dioxide equivalent
COP	Conference of the Parties
CRF	common reporting format
CTCN	Climate Technology Centre and Network
ETF	enhanced transparency framework under the Paris Agreement
FAO	Food and Agriculture Organization of the United Nations
FRL	forest reference level
FSV	facilitative sharing of views
FWG	Facilitative Working Group
GCA	global climate action
GCA portal	global climate action portal (NAZCA)
GCF	Green Climate Fund
GEF	Global Environment Facility
GHG	greenhouse gas
Glasgow–Sharm el-Sheikh work programme	Glasgow–Sharm el-Sheikh work programme on the global goal on adaptation
ICAO	International Civil Aviation Organization
ICT	information and communication technology
IMO	International Maritime Organization
IPCC	Intergovernmental Panel on Climate Change
IT	information technology
ITL	international transaction log
JI	joint implementation
JISC	Joint Implementation Supervisory Committee
KCI	Katowice Committee of Experts on the Impacts of the Implementation of Response Measures
KJWA	Koronivia joint work on agriculture
LAKI	Lima Adaptation Knowledge Initiative
LCIPP	Local Communities and Indigenous Peoples Platform
LDC	least developed country
LEG	Least Developed Countries Expert Group
LT-LEDS	long-term low-emission development strategy(ies)
LULUCF	land use, land-use change and forestry
MA	multilateral assessment
MPGs	modalities, procedures and guidelines
MRV	measurement, reporting and verification
MWP	Sharm el-Sheikh mitigation ambition and implementation work programme
NA	not applicable
NAMA	nationally appropriate mitigation action
NAP	national adaptation plan
NC	national communication
NDC	nationally determined contribution

NDE	national designated entity
non-Annex I Party	Party not included in Annex I to the Convention
NWP	Nairobi work programme on impacts, vulnerability and adaptation to climate change
OECD	Organisation for Economic Co-operation and Development
PAICC	Paris Agreement Implementation and Compliance Committee
PCCB	Paris Committee on Capacity-building
RCC	regional collaboration centre
REDD+	reducing emissions from deforestation; reducing emissions from forest degradation; conservation of forest carbon stocks; sustainable management of forests; and enhancement of forest carbon stocks (decision 1/CP.16, para. 70)
RM forum	forum on the impact of the implementation of response measures
RSO	research and systematic observation
SB	sessions of the subsidiary bodies
SBI	Subsidiary Body for Implementation
SBSTA	Subsidiary Body for Scientific and Technological Advice
SCF	Standing Committee on Finance
SDG	Sustainable Development Goal
SIDS	small island developing State(s)
TEC	Technology Executive Committee
Transitional Committee	transitional committee on the operationalization of the new funding arrangements for responding to loss and damage and the fund established in paragraph 3 of decisions 2/CP.27 and 2/CMA.4
TT:CLEAR	technology information clearing house
UN Women	United Nations Entity for Gender Equality and the Empowerment of Women
UNDP	United Nations Development Programme
UNEP	United Nations Environment Programme
UNESCO	United Nations Educational, Scientific and Cultural Organization
WIM	Warsaw International Mechanism for Loss and Damage associated with Climate Change Impacts

Programme performance data for 1 January 2022 to 31 December 2023

This document contains performance data for all objectives presented in the updated work programme of the secretariat for the biennium 2022–2023. It also provides details of the outputs delivered by the secretariat, budget implementation and posts. Post numbers are counted in full-time equivalent as some posts are not fully budgeted or filled. The total number of staff members is higher than the total number of posts as some posts are budgeted at 50 per cent only or filled with staff working part-time.

1. Programmes Coordination

Table 1

2022–2023 objectives, planned and delivered outputs, and performance indicators and data for Programmes Coordination

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>Objective 1a: intergovernmental engagement</p> <p>Specific objective: facilitate intergovernmental engagement on responding to the threat of climate change by ensuring the provision of effective, coherent and synergistic support for the operation of processes related to adaptation, mitigation, means of implementation and transparency</p> <p>ER101-011-1</p> <p>Parties are provided with comprehensive and coherent support to facilitate their implementation of agreed UNFCCC provisions</p>	<p>Core</p> <p>Comprehensive and strategic oversight and coordination of the planning, implementation and monitoring of the Programmes divisions' provision of support to intergovernmental processes</p>	<p>Core</p> <p>Monitored and coordinated the planning and implementation of activities of the four Programmes divisions, including support for the meetings of the subsidiary and governing bodies, with consideration of cross-divisional linkages and synergies, as appropriate. External outreach relating to the work of the Programmes divisions carried out through events, bilateral meetings and other forums, including on behalf of the Executive Secretary</p>	<p>Performance indicator: number of complementary activities identified, and resource needs minimized through coordination of delivery</p> <p>Baseline: NA</p> <p>Target: 4 activities</p> <p>Performance data: 4 activities</p> <p>Activity 1: analysis of the contribution of COP 26 outcomes to progress on SDG 13 and synergies/linkages with other SDGs. The results were used in SDG-related communications within the United Nations system and with the COP Presidencies</p> <p>Activity 2: review/reassessment of collaboration needs across the Programmes divisions in support of the revision of the memorandum of understanding between UNFCCC and the World Meteorological Organization. The revised memorandum of understanding was signed on 23 May 2022</p> <p>Activity 3: introduction of in-session analysis of progress on all key substantive issues, including cross-cutting issues. Such</p>

Objective and expected result	Outputs planned per funding source	Outputs delivered per funding source	Performance indicator and performance data
<p>Objective 1b: intergovernmental processes</p> <p>Specific objective: Support for the work programme on just transition pathways SB101-011</p> <p>Parties are provided with comprehensive and coherent support to facilitate the negotiation process for operationalization of the work programme on just transition pathways referred to in the relevant paragraphs of decision 1/CMA.4</p>	<p>Supplementary</p> <p>Synthesis of submissions on views for decision on implementation of different elements of the work of the work programme. A workshop and a report of the workshop to support negotiations on the topic before SB 59</p>	<p>Supplementary</p> <p>Synthesis report entitled “Views on the elements of the work programme on just transition” was developed and published by the secretariat, and a workshop on the work programme on just transition pathways was held on 27 November 2023. The report on the workshop on the work programme on just transition pathways referred to in the relevant paragraphs of decision 1/CMA.4 was published on 29 November 2023 to facilitate the negotiations during SB 59</p>	<p>analysis was conducted at SB 56 and COP 27</p> <p>Activity 4: continued follow-up of intergovernmental engagement by the four Programmes divisions aimed at enhancing the coordination of internal work to ensure coherence in the implementation of mandated activities, the preparation of briefing notes and presentations on issues being negotiated, and the delivery of external outreach at the Director and Executive Secretary level</p> <p>Performance indicator: Timely delivery of the synthesis report, the workshop before SB 59 and the summary report</p> <p>Baseline: NA</p> <p>Target: 1 activity, 2 reports</p> <p>Performance data: 1 activity, 2 reports</p> <p>Activity 1: The workshop on the work programme on just transition pathways before SB 59 was delivered on time. Synthesis report of the submissions and the report on the workshop were produced in a timely manner</p>
<p>Objective 2: constituted bodies</p> <p>Specific objective: enable constituted bodies working in the areas of adaptation, mitigation, means of implementation and transparency to fulfil their mandates in an effective, coherent and synergistic way</p> <p>ER200-011-1</p> <p>Constituted bodies are provided with quality support in the delivery and implementation of their mandates and work programmes</p>	<p>Core</p> <p>Comprehensive and strategic oversight and coordination of the planning, implementation and monitoring of the Programmes divisions’ provision of support to constituted bodies</p>	<p>Core</p> <p>Monitored and coordinated the planning and implementation of activities of the four Programmes divisions relating to the work of constituted bodies, with consideration of cross-divisional linkages and synergies, as appropriate</p>	<p>Performance indicator: number of complementary activities identified, and resource needs minimized through coordination of delivery</p> <p>Baseline: NA</p> <p>Target: 4 activities</p> <p>Performance data: 2 activities</p> <p>Activity 1: coordination of the negotiations relating to constituted bodies at SB 56 and COP 27</p> <p>Activity 2: continued follow-up of the ongoing support provided to constituted bodies by the four Programmes divisions,</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>Objective 5: oversight and management</p> <p>Specific objective: effectively oversee, manage and administer the Programmes department</p> <p>ER500-011-1</p> <p>The human and financial resources and other assets of the Programmes divisions are effectively managed in accordance with relevant United Nations rules and regulations</p>	<p>Programme support costs and the CDM</p> <p>Effective and efficient financial and human resource management of the four Programmes divisions</p>	<p>Programme support costs and the CDM</p> <p>Provided effective and efficient financial and human resource management for the four Programmes divisions and one cross-cutting division</p>	<p>including coordination of internal work and external outreach to ensure coherence of activities and related messaging</p> <p>The number of activities delivered for this objective is below the target because some of the work related to constituted bodies was integrated into the activities carried out under objective 1a above</p> <p>Performance indicator: expenditure levels compared with the approved budget and available cash</p> <p>Baseline and target: 95 per cent</p> <p>Performance data: 120 per cent of the approved budget for 2022</p>

Total	44	32	73

^a Post requirements as per the updated work programme of the secretariat for the biennium 2022–2023.

3. Mitigation division

Table 7

2022–2023 objectives, planned and delivered outputs, and performance indicators and data for the Mitigation division

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>Objective 1a: intergovernmental engagement</p> <p>Specific objective: facilitate intergovernmental engagement in relation to NDCs, the design of the NDC registry under Article 4, paragraph 12, of the Paris Agreement, response measures, the mechanisms under the Kyoto Protocol and Article 6 of the Paris Agreement</p> <p>ER101-002-1</p> <p>Parties' consideration of the progress of established processes and bodies related to mitigation, response measures and cooperative implementation is facilitated</p>	<p>Core</p> <p>30 expected/recurring agenda items supported through the preparation of reports and other documents, governing body decisions and subsidiary body conclusions, including:</p> <ul style="list-style-type: none"> • Support for the RM forum (4 sessions of the subsidiary bodies) • Report on the RM forum (2 COP/CMP/CMA sessions) • Guidance on the CDM (2 CMP sessions) • Guidance on JI (2 CMP sessions) <p>Support for the agenda item on emissions from fuel used for international aviation and maritime transport (4 SBSTA sessions) and engagement at 10 sessions of the ICAO/IMO</p>	<p>Core</p> <p>Supported the negotiations and implementation of the workplan of the RM forum at 4 sessions of the subsidiary bodies</p> <p>Prepared 2 reports on the RM forum for COP/CMP/CMA sessions</p> <p>Supported negotiations and the preparation of guidance on the CDM at CMP 17 and CMP 18</p> <p>Supported negotiations and the preparation of guidance on JI at CMP 17 and CMP 18, including a report by the secretariat on the operation of JI Track 2 to the CMP 18</p> <p>Engaged with ICAO and IMO in relevant committees and working groups, including the third ICAO Conference on Aviation and Alternative Fuels, the annual ICAO Committee on Aviation Environmental Protection steering group meeting, the eightieth session of the IMO Marine Environment Protection</p>	<p>Performance indicator: percentage of presiding officers expressing satisfaction with the level of support provided</p> <p>Baseline: NA</p> <p>Target: 100 per cent</p> <p>Performance data: no complaints on the level of support provided were received</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
	<p>Guidance on Article 6 of the Paris Agreement (2 CMA sessions)</p> <p>Support for CMA, SBI and SBSTA agenda items on the Sharm el-Sheikh mitigation ambition and implementation work programme and on engaging with Parties and non-Party stakeholders</p> <p>Supplementary</p> <p>2 workshops and 2 workshop reports (Article 6, para. 2)</p> <p>1 workshop and 1 workshop report (Article 6, para. 8)</p> <p>At least 10 expected/recurring subsidiary body agenda items supported through the preparation of reports and other documents, conclusions and governing body decisions, including further guidance on Article 6, paragraphs 2 and 4, of the Paris Agreement</p>	<p>Committee and the fourteenth and fifteenth meetings of the IMO Intersessional Working Group on Reduction of GHG Emissions from Ships, and supported SBSTA agenda item on emissions from fuel used for international aviation and maritime transport at SBSTA 56, 57, 58 and 59</p> <p>Supported decisions on Article 6, paragraphs 2, 4 and 8, of the Paris Agreement at CMA 4 and CMA 5</p> <p>Supported negotiations on the Sharm el-Sheikh mitigation ambition and implementation work programme in 2022 and 2023</p> <p>Organized 1 global workshop to advance negotiations on the MWP in 2022</p> <p>Organized 2 global dialogues under the MWP in 2023</p> <p>Organized 2 investment-focused events under the MWP in 2023</p> <p>Prepared 2 summary reports of the 2 global dialogues in 2023</p> <p>Prepared 1 annual report under the MWP in 2023</p> <p>Supplementary</p> <p>Held virtual and hybrid workshops on Article 6, paragraphs 2, 4 and 8, of the Paris Agreement</p> <p>In May, September and October 2022, prepared technical papers, and reports, including informal documents, for the Chair of SBSTA 57</p> <p>In April and May 2023 prepared technical reports and held a workshop on Article 6, paragraph 2, and a technical expert</p>	

Objective and expected result	Outputs planned per funding source	Outputs delivered per funding source	Performance indicator and performance data
<p>Objective 1b: intergovernmental processes</p> <p>Specific objective: Specific objective: facilitate the intergovernmental processes related to response measures, NDCs, LT-LEDS and Article 6 of the Paris Agreement</p> <p>ER102-002-1</p> <p>The operation of established intergovernmental processes related to mitigation, response measures and cooperative implementation is facilitated</p>	<p>Core</p> <p>4 RM forums, including preparation of reports and other documents</p> <p>2 in-session workshops on response measures, including review of the workplan</p> <p>1 compilation of examples of the creation of decent work and quality jobs</p> <p>2 inputs from experts, practitioners and international organizations in support of the activities of the RM forum workplan</p>	<p>dialogue on Article 6, paragraph 4, in October 2023</p> <p>Supported negotiations on Article 6, paragraph 2, at SBSTA 56, SBSTA 57, SBSTA 58 and SBSTA 59; during the intersessional period, conducted 4 workshops (2 in 2022 and 2 in 2023), produced 3 technical papers in 2022 and 1 technical specification paper in 2023, carried out 2 surveys of Parties on use of the international registry and produced 3 informal notes by the SBSTA Chair in June 2023 and December 2023</p> <p>Supported negotiations on Article 6, paragraph 4, of the Paris Agreement at SB 56, SB 57, SB 58 and SB 59 through the preparation of 1 synthesis report, 1 technical expert dialogue (in 2023) and 3 information notes by the SBSTA Chair that were published in November 2022, June 2023 and December 2023 respectively</p> <p>Convened the first meeting of the forum of Article 6 registry system administrators in October 2023</p> <p>Core</p> <p>Prepared formal and informal documents to support negotiations under 4 RM forums during SB 56, SB 57, SB 58 and SB 59</p> <p>Held 1 in-session workshop, in 2022, on activity 9 of the RM forum workplan (identifying and assessing the impacts of the implementation of response measures on groups of communities) and 1 in 2023. No revision on the 6-year workplan</p> <p>Compiled examples of private sector engagement for the creation of decent work and quality jobs for organizing an</p>	<p>Performance indicator: reports and other documents are published on time</p> <p>Baseline: all documents and reports published 4 weeks prior to the start of a meeting</p> <p>Target: 100 per cent of documents published on time</p> <p>Performance data: 100 per cent of documents were published on time</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
	2 events to raise awareness of and enhance information-sharing on response measures	event sharing the examples (activity 8 of the RM forum workplan)	
	2 compilation and synthesis reports on Article 3, paragraph 14, of the Kyoto Protocol	Processed inputs from experts, practitioners and international organizations in support of activities 5 and 9 of the RM forum workplan	
	Supplementary		
	1 document on response measures to feed into linked processes such as the global stocktake	In 2022, held 1 event on activity 5 of the RM forum workplan (assessing the economic impacts of emerging industries resulting from the implementation of response measures)	
	2 in-session workshops on response measures	Organized 2 in-session technical events during SB 59 on activities 7 and 8 of the RM forum workplan (understanding the effects of climate policies and response measures to support just transition and economic diversification, and engagement of the private sector to facilitate decent work and quality jobs in low GHG emission sectors). These were organized to raise awareness and enhance information-sharing	
	1 LT-LEDS global peer exchange and lessons learned workshop and 1 workshop report		
	Regional workshop on activity 3 of the RM forum workplan		
	Workshop on activities 3, 4 and 11 of the RM forum workplan		
	Organization and facilitation of and support for the annual high-level ministerial round table on pre-2030 ambition at CMA 4		
	Synthesis report on LT-LEDS	Prepared 2 compilation and synthesis reports on the minimization of adverse impacts	
	1 compilation/synthesis technical expert review report (Article 6, para. 2, of the Paris Agreement)	Supplementary	
	4 meetings of the Glasgow Committee on Non-market Approaches, with the agenda and outcomes made available for each (Article 6, para. 8, of the Paris Agreement)	Prepared 1 synthesis report (NDCs, LT-LEDS and mitigation measures) and 1 update as inputs to the technical assessment component of the first global stocktake	
	1 synthesis report for the Glasgow Committee on Non-market Approaches (Article 6, para. 8)	In support of the first global stocktake, created 2 compilations of submissions by Parties, prepared 2 synthesis reports by the KCI for SB 56 and SB 57	
	2 progress and outcomes reports on non-market approaches (Article 6, para. 8)	Supported the subsidiary bodies and the CMA in the negotiations of the mitigation component of the first global stocktake	
	2 technical papers (Article 6, para. 8)	Held 2 in-session workshops: 1 in 2022 on RM and 1 in 2023 during SB 58 on activity 2 of the RM forum workplan (workshop on	

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
		<p>country-driven strategies for just transition and economic diversification focusing on challenges and opportunities)</p> <p>Held 2 global peer exchanges (side events at SB 56 and COP 27)</p> <p>Organized 4 global peer exchanges on LT-LEDS preparation and 2 regional workshops (Africa and Asia Pacific) on implementation, together with other international organizations and RCCs (side events at African Climate Week 2024, Asia-Pacific Climate Week 2024, SB 56 and 58, and COP 27 and 28) – no reports were produced</p> <p>Held 3 regional workshops on activity 3 of the RM forum workplan; 1 in Senegal and 1 in Antigua and Barbuda, in 2022 and 1 in 2023 in Bangkok, Thailand, which was not initially planned in the budget</p> <p>Held 1 in-session workshop on activities 3, 4 and 11 of the RM forum workplan at SB 56</p> <p>Held 2 annual high-level ministerial round tables on pre-2030 ambition at CMA 4 and CMA 5</p> <p>Prepared summary reflections by the COP Presidency on the high-level ministerial round table at both CMA 4 and CMA 5</p> <p>Published the synthesis report on LT-LEDS prior to COP 27</p> <p>1 technical report was prepared on Article 6, paragraph 2, of the Paris Agreement</p> <p>Supported 4 meetings of the Glasgow Committee on Non-market Approaches at SBSTA 56, SBSTA 57, SBSTA 58 and SBSTA 59</p> <p>Supported the implementation of the work programme under the framework for non-market approaches referred to in Article 6, paragraph 8, of the Paris Agreement and in decision 4/CMA.3 by conducting 2 in-session workshops and preparing associated workshop reports</p>	

Objective and expected result	Outputs planned per funding source	Outputs delivered per funding source	Performance indicator and performance data
<p>Objective 2: constituted bodies Specific objective: enable the KCI, the CDM Executive Board, the JISC and any bodies agreed in the context of Article 6 of the Paris Agreement to fulfil their mandates</p> <p>ER200-002-1 Constituted bodies, including their panels and working groups, are enabled to meet and perform their assigned functions through substantive and organizational support and process-related advice</p>	<p>Core 3 regular meetings of the KCI, with agenda and outcomes made available for each 1 report to feed into the first technical assessment of the global stocktake</p> <p>Supplementary 1 regular meeting of the KCI, with agenda and outcomes made available 1 communications and engagement strategy for the KCI 6 meetings of the Supervisory Body, with agenda and outcomes made available for each</p> <p>CDM and JI 22 regular meetings of the CDM Executive Board, its panels and working groups, and the JISC, with meeting agenda and outcomes made available for each</p>	<p>Prepared 2 synthesis reports for the Glasgow Committee on Non-market Approaches for its consideration at SBSTA 57, and 1 synthesis report, together with a technical paper, for consideration at SBSTA 58 and 1 synthesis report, together with a technical paper, for consideration at SBSTA 59</p> <p>Submitted 2 progress reports by the Glasgow Committee on Non-market Approaches to CMA 4 and CMA 5 capturing progress against the agreed work programme and recommendations. On Article 6, paragraph 8, a technical paper was prepared on the elements given at SBSTA 56, as well as a technical paper on specifications for the UNFCCC web-based platform on non-market approaches</p> <p>Core 3 meetings of the KCI held (KCI 6, KCI 8 and KCI 9) 2 synthesis reports and 2 updates to the report prepared to feed into the first technical assessment of the global stocktake</p> <p>Supplementary 1 meeting of the KCI held (KCI 7) and agenda and outcomes made available Communications and outreach strategy for the KCI for 2022–2023 adopted (KCI 6)</p> <p>9 meetings of the Supervisory Body held. In addition, 8 video recordings on Supervisory Body matters were prepared and 3 public webinars for stakeholder interaction were conducted</p> <p>CDM and JI Held 20 regular meetings of the CDM Executive Board, its panels and working groups, and the JISC</p>	<p>Performance indicator: number of meetings of bodies Baseline and target: minimum number of mandated meetings Performance data: all mandated meetings were held</p> <p>Performance indicator: implementation status of activities under the CDM Executive Board work programme Baseline: 90 per cent of planned activities implemented Target: 100 per cent of planned activities implemented Performance data: 96 per cent of planned activities implemented</p>
ER200-002-2	<p>Core 2 annual reports of the KCI</p>	<p>Core Prepared 2 annual reports of the KCI</p>	<p>Performance indicator: agenda and documentation of meeting outcomes made</p>

<p>Objective 2: constituted bodies</p> <p>Specific objective: enable the CGE to fulfil its mandate in assisting developing country Parties to implement MRV arrangements and the ETF and enable other constituted bodies and expert groups to engage in matters related to MRV and the ETF to fulfil their mandates</p> <p>ER200-004-1</p> <p>Constituted bodies are enabled to meet and perform their assigned functions through substantive and organizational support and process-related advice</p> <p>ER200-004-2</p> <p>Constituted bodies are provided with quality support in the delivery and implementation of their mandates and work programmes</p>	<p>1 GHG inventory lead reviewers' meeting</p> <p>1 update of the <i>Handbook for the Review of National GHG Inventories</i></p> <p>Supplementary</p> <p>1 BR/NC lead reviewers' meeting</p> <p>1 GHG inventory lead reviewers' meeting</p>	<p>Update of BR/NC review practice guidance and <i>Handbook for the Review of National GHG Inventories</i> delivered</p> <p>Supplementary</p> <p>1 BR/NC lead reviewers' meeting and 1 GHG inventory lead reviewers' meeting held</p>	<p>presentations, conclusions and recommendations</p> <p>Baseline and target: 4 meetings</p> <p>Performance data: 4 meetings</p>
	<p>Core</p> <p>3 regular CGE meetings, with agenda and outcomes made available for each</p> <p>Supplementary</p> <p>1 regular CGE meeting, with agenda and outcomes made available</p>	<p>Core</p> <p>The CGE continues to be the main channel for providing technical assistance and support to developing countries for fulfilling their reporting requirements in relation to MRV and the ETF</p> <p>Organized 3 meetings of the CGE, held in March 2022 (virtual), and September 2022 and February 2023 (in person)</p> <p>Supplementary</p> <p>Organized 1 meeting of the CGE, held in October 2023 (in person)</p>	<p>Performance indicator: number of meetings of the CGE</p> <p>Baseline: minimum number of mandated meetings</p> <p>Target: 4 meetings</p> <p>Performance data: 4 meetings</p> <p>Performance indicator: agenda and documentation of meeting outcomes made available in accordance with the rules of procedure of the CGE</p> <p>Baseline and target: 100 per cent</p> <p>Performance data: 100 per cent</p>
<p>Core</p> <p>2 annual progress reports of the CGE</p> <p>Reports, technical papers and other documents as per the work programmes of the CGE and the Compliance Committee under the Kyoto Protocol</p> <p>Supplementary</p> <p>Technical guidance materials, tools and other knowledge products on the implementation of the ETF</p> <p>Updates to the database on the technical needs of developing country Parties to participate in the existing MRV system and the ETF</p>	<p>Core</p> <p>Published the annual progress report of the CGE for 2022 and 2023</p> <p>Published the annual capacity-building needs assessment report of the CGE in 2022 and 2023</p> <p>Updated the database on the technical needs of developing country Parties and published 2 technical papers on the capacity-building needs assessment of developing country Parties by the CGE</p> <p>Supplementary</p> <p>Prepared the second edition of the CGE technical handbook on the ETF</p>	<p>Performance indicator: implementation status of activities under the work programmes</p> <p>Baseline: number of planned activities</p> <p>Target: 100 per cent of planned activities implemented</p> <p>Performance data: 100 per cent implementation of planned activities</p>	

Objective and expected result	Outputs planned per funding source	Outputs delivered per funding source	Performance indicator and performance data
<p>ER200-004-3</p> <p>Developing country Parties are provided with support and training, as appropriate, to facilitate their implementation of agreed UNFCCC provisions under the existing MRV system and the ETF</p>	<p>Supplementary</p> <p>6 regional in-person training workshops and 6 virtual training workshops or webinars on MRV and the ETF, including NDC aspects</p> <p>6 workshops on building sustainable national GHG inventory management systems and the use of the <i>2006 IPCC Guidelines for National Greenhouse Gas Inventories</i></p> <p>24 quality assurance activities for the GHG inventory management systems and latest GHG inventories, including energy statistics and energy balances, of developing country Parties</p> <p>Pilot projects to assist selected developing countries in enhancing their institutional arrangements in support of ETF activities</p>	<p>Supplementary</p> <p>Organized 6 CGE regional hands-on training workshops (conducted in English, French and Spanish) on tracking progress of NDCs under the ETF in 2022, and reporting on adaptation information under the ETF in 2023, involving 297 experts</p> <p>Organized 6 regional CGE webinars on the ETF, reaching out to 352 participants</p> <p>Published 9 case studies and interviews on country experience and lessons learned as part of the CGE toolbox on institutional arrangements, and developed 2 short animations, also as part of the toolbox</p> <p>Organized 3 regional webinars on the IPCC inventory software for national GHG inventories in collaboration with the IPCC Technical Support Unit and 3 remote training sessions on the building of sustainable national GHG inventory management systems in collaboration with the United States Environmental Protection Agency, with a total of 2,126 experts participating</p>	<p>Performance indicator: number of national experts from developing country Parties trained on MRV and the ETF</p> <p>Baseline: NA</p> <p>Target: 304 experts trained through in-person training workshops and 360 experts trained virtually</p> <p>Performance data: 297 experts trained through in-person training workshops and 352 experts trained virtually</p> <p>Performance indicator: number of workshops on building sustainable national GHG inventory management systems and number of quality assurance activities for GHG inventory management systems</p> <p>Baseline: NA</p> <p>Target: 6 workshops and 24 quality assurance activities</p> <p>Performance data: 16 in-person GHG quality assurance workshops, energy quality assurance activities for 11 countries and 9 online trainings</p>

Objective and expected result	Outputs planned per funding source	Outputs delivered per funding source	Performance indicator and performance data
<p>Objective 3: data and information management</p> <p>Specific objective: maintain the transparency data hub as the authoritative and trusted repository of data and information in relation to the existing MRV framework, the ETF and all transparency-related systems, applications, tools and portals</p> <p>ER300-004-1</p> <p>Updated information in the UNFCCC data warehouse enabling Parties and the public to readily access up-to-date information on MRV, the ETF, transparency and REDD+</p>	<p>Core</p> <p>Operational and up-to-date internal data warehouse linked with tools such as CRF Reporter, the submission portal and the new ETF reporting tools</p> <p>GHG data interface displaying the latest GHG data</p> <p>Some 350 expected documents submitted by Parties (NCs, BRs, BURs, GHG inventories, REDD+ submissions, Kyoto Protocol true-up period reports, NDCs and BTRs) processed and made publicly available on the relevant pages or portals of the UNFCCC website</p> <p>Published reports, such as the annual NDC synthesis report, the COP annual summary report with trends in GHG emissions by sources and removals by sinks, the aggregate GHG information report, the NAMA registry report, reports on detailed GHG data, and compilation and accounting reports</p> <p>Responses to GHG data related enquiries</p> <p>Inputs to the United Nations data portal</p> <p>Supplementary</p> <p>Enhanced internal data warehouse to allow for the recording of data provided by all Parties under the MRV system and the ETF</p>	<p>Organized 16 quality assurance workshops on national GHG inventory management systems (composed of 3 workshops each) on energy information management systems and energy balances for 11 countries, with a total of 800 participants</p> <p>Organized 1 regional peer-learning workshop</p> <p>Core</p> <p>Linked the internal data warehouse with reporting tools such as CRF Reporter and kept the submission portal operational and up to date</p> <p>Updated the GHG data interface such that it displays the latest GHG data</p> <p>Processed 374 documents submitted by Parties (NCs, BRs, BURs, GHG inventories, REDD+ submissions and NDCs) and made them publicly available on the relevant pages or portals of the UNFCCC website</p> <p>Published reports, including the annual NDC synthesis reports, the COP annual summary reports with trends in GHG emissions by sources and removals by sinks, the aggregate GHG information reports, the NAMA registry reports, and compilation and accounting reports</p> <p>Provided responses to GHG data related enquiries</p> <p>Provided inputs to the United Nations data portal</p>	<p>Performance indicator: percentage of up-to-date information on the UNFCCC website and other official media channels on MRV, transparency and REDD+</p> <p>Baseline: NA</p> <p>Target: 100 per cent</p> <p>Performance data: 100 per cent</p> <p>Performance indicator: percentage of submissions (NCs, BRs, BURs, GHG inventories, REDD+ and NDCs) processed and made available on the relevant pages or portals of the UNFCCC website within 3 days of receipt</p> <p>Baseline and target: 100 per cent</p> <p>Performance data: 100 per cent</p> <p>Performance indicator: percentage of mandated reports published in accordance with established deadlines</p> <p>Baseline and target: 100 per cent</p> <p>Performance data: 100 per cent</p> <p>Performance indicator: updated information on the GHG data interface</p> <p>Baseline and target: 6 releases (3 per year)</p> <p>Performance data: 6 releases</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
	Enhanced GHG data interface to fulfil any new mandates		<p>Performance indicator: percentage of responses to enquiries provided within 3 days of receipt</p> <p>Baseline and target: 100 per cent</p> <p>Performance data: 100 per cent</p> <p>Performance indicator: inputs provided to United Nations data portal</p> <p>Baseline and target: 2 per year</p> <p>Performance data: 4</p>
<p>ER300-004-2</p> <p>Parties, stakeholders, experts and the public are provided with up-to-date, readily accessible transparency-related systems, tools, applications and portals</p>	<p>Core</p> <p>Maintenance and streamlining of 22 systems, applications, tools and portals used across the transparency processes, including the REDD+ platform, NDC and NAMA registries, UNFCCC roster of experts, and tools for review and final accounting under the second commitment period of the Kyoto Protocol</p> <p>Supplementary</p> <p>Enhancements or updates made, as necessary, to 22 systems, applications, tools and portals used across the transparency processes, including the NDC and NAMA registries, UNFCCC roster of experts, and tools for review and final accounting under the second commitment period of the Kyoto Protocol</p> <p>Development and implementation of 3 new tools for reporting (1 CRF and 2 common tabular format) and initiation of development of 5 tools for review and multilateral consideration processes required to support the ETF (2 review tools, a virtual team room, the facilitative multilateral consideration of</p>	<p>Core</p> <p>Maintained and streamlined 22 systems, applications, tools and portals used across the transparency processes, including the REDD+ platform, NDC and NAMA registries, UNFCCC roster of experts, and tools for review and final accounting under the second commitment period of the Kyoto Protocol</p> <p>Supplementary</p> <p>Updated the CRF Reporter to implement the global warming potentials referred to in the IPCC Fifth Assessment Report</p> <p>Delivered a new NDC registry</p> <p>No enhancements or updates were made to the 20 other systems, applications, tools and portals used across the transparency processes given the limited funding available and the channelling of supplementary funds to the development of ETF reporting tools</p> <p>Launched the development of 3 new reporting tools for the electronic reporting of CRF tables and common tabular format tables under the ETF; test version made available to Parties in August 2023 with an update in November 2023 in accordance with</p>	<p>Performance indicator: number of transparency-related systems, applications, tools and portals continuously available to users</p> <p>Baseline: 22</p> <p>Target: 25 (including 3 new tools under the ETF)</p> <p>Performance data: 22 are in operation and 3 new ETF reporting tools are under development</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>Objective 4: enhanced engagement</p> <p>Specific objective: facilitate participation of Parties in promoting climate action by strengthening collaboration, coordination and partnerships with other organizations working on matters related to MRV and the ETF, including through the universal participation initiative</p> <p>ER400-004-1</p> <p>Parties are provided with support and training to facilitate their implementation of agreed UNFCCC provisions related to MRV, transparency and NDCs in the context of the ETF, and international organizations are provided with inputs on agriculture, LULUCF and REDD+</p>	<p>Supplementary</p> <p>6 virtual and 6 in-person regional hands-on training workshops on tracking progress of NDCs, making projections and assessing GHG emission impacts</p> <p>6 regional ETF dialogues</p> <p>4 meetings of the MRV/Transparency Group of Friends</p> <p>3 regional networks for South–South cooperation</p> <p>1 database for information to facilitate clarity, transparency and understanding of NDCs</p> <p>Collaboration and partnership activities with United Nations and other intergovernmental organizations working on matters related to MRV, the ETF and data and inputs to technical reports, communication and outreach</p> <p>Inputs provided to FAO, the World Bank, the Forest Carbon Partnership Facility and the GCF to support the implementation of the Convention with regard to REDD+, LULUCF and agriculture, including KJWA</p>	<p>decision 5/CMA.3; the final versions of the 3 new ETF reporting tools will be made available to Parties in June 2024, as mandated</p> <p>Initiated the development of the new data warehouse for the ETF, 4 tools for review and multilateral consideration processes under the ETF (2 review tools, a virtual team room, and the facilitative multilateral consideration of progress portal) and 1 information hub</p> <p>Supplementary</p> <p>Organized 114 events under the #Together4Transparency banner at COP 27 and 28 and the 2023 regional climate weeks to demonstrate that the ETF has entered the implementation phase with all essential operational rules in place and to generate momentum for the preparation and submission by Parties of their first BTRs, which are due by 31 December 2024</p> <p>Organized 3 high-level dialogues for SIDS on the ETF in the Bahamas, Fiji and Grenada for regional Heads of State, which sparked discussion on national and regional priorities and needs, opportunities for regional collaboration and ways of engaging all stakeholders</p> <p>Organized or supported 11 in-person and virtual training sessions on introducing the ETF and its MPGs, involving a total of 567 experts</p> <p>Organized 3 ETF regional dialogues for Africa and Latin America and the Caribbean, bringing together ministers and other regional and international leaders to discuss their vision of moving towards implementation of the ETF</p>	<p>Performance indicator: number of engagement activities (training workshops, dialogues, meetings and networks)</p> <p>Baseline: NA</p> <p>Target: 32</p> <p>Performance data: 133 engagement activities, including training workshops, webinars, dialogues, meetings, networking events and the #Together4Transparency series of events held at COP 27 and 28 and 2023 regional climate weeks</p> <p>Performance indicator: number of contributions to the relevant work of other organizations engaged in REDD+, LULUCF and agriculture</p> <p>Baseline: NA</p> <p>Target: 6</p> <p>Performance data: 10</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
		Organized 5 meetings of the (MRV/Transparency) ETF Group of Friends	
		Supported the organization of the 15 th World Forestry Congress, the Collaborative Partnership on Forests strategy retreat, and the REDD+ related meetings by the Forest Carbon Partnership Facility Carbon Fund and GCF, as well as REDD+ finance capacity-building events organized by the United Nations Collaborative Programme on Reducing Emissions from Deforestation and Forest Degradation in Developing Countries	
		Provided input to the new FAO strategy on climate change and reviewed the FAO publication <i>From reference levels to results: REDD+ reporting by countries (2022 update)</i>

2022–2023 objectives, planned and delivered outputs, and performance indicators and data for Operations Coordination

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>Objective 1a: intergovernmental engagement</p> <p>Specific objective: facilitate intergovernmental engagement by strengthening integrated virtual and hybrid capabilities for conferences and meetings</p> <p>ER101-012-1</p> <p>Integrated virtual and hybrid capabilities for conferences and meetings are provided by the Digital Platform for Climate Change Events</p>	<p>Supplementary</p> <p>Digital Platform for Climate Change Events, incorporating:</p> <ul style="list-style-type: none"> • Registration system for events of any size and with any ratio of on-site to remote participation • Targeted solution for participants to access meetings and events (1) • Online workspace for collaborating throughout the year (1) • Integration of on-site venues with state-of-the-art virtual conferencing facilities (1) • Integration of meeting and event participant access with the public website (1) • Mobile access to all key features of the platform (1) • Live user support for remote participants, with self-help content 	<p>Supplementary</p> <p>The following outputs were delivered for all large events (subsidiary and governing body sessions) and some midsize events (e.g. climate weeks):</p> <ul style="list-style-type: none"> • Registration system for events with any ratio of on-site to remote participation • Targeted solution for participants to access meetings and events • Integration of on-site venues with state-of-the-art virtual conferencing facilities • Integration of meeting and event participant access with the public website • Mobile access to all key features of the platform • Live user support for remote participants, with self-help content 	<p>Performance indicator: degree to which the Digital Platform for Climate Change Events is operational</p> <p>Baseline: NA</p> <p>Target: 90 per cent</p> <p>Performance data: 100 per cent operational for large and mid-size events</p> <p>The Digital Platform for Climate Change Events is not yet operational for smaller events</p>

Objective and expected result	Outputs planned per funding source	Outputs delivered per funding source	Performance indicator and performance data
<p>Objective 1b: intergovernmental process</p> <p>Specific objective: enhanced support for the intergovernmental process through the provision of authoritative and readily accessible information, including audiovisual recordings of conferences and events</p> <p>ER102-012-1</p> <p>Parties are provided with authoritative information that is readily accessible, including audiovisual recordings of conferences and events</p>	<ul style="list-style-type: none"> • Ability to scale up or down to accommodate different sizes and types of meetings or conferences <p>Core</p> <p>Maintenance and management of 22,000 digital audiovisual recordings of sessions and events held as part of the UNFCCC process</p> <p>Fulfilment of 60 retrieval requests for archival audiovisual materials</p> <p>1,540 UNFCCC records made available and accessible via the United Nations InforMEA portal</p> <p>Programme support costs</p> <p>Maintenance and management of 11,000 digital audiovisual recordings of sessions and events held as part of the UNFCCC process</p> <p>Fulfilment of 40 retrieval requests for archival audiovisual materials</p> <p>780 UNFCCC records made available and accessible via the United Nations InforMEA portal</p> <p>Supplementary</p> <p>Media asset management system implemented for the efficient and effective management and access provision of recordings of events held as part of the UNFCCC process</p> <p>Maintenance and management of 33,000 digital audiovisual recordings of sessions and events held as part of the UNFCCC process</p> <p>2,320 UNFCCC records made available and accessible via the United Nations InforMEA portal</p>	<ul style="list-style-type: none"> • Ability to scale up or down to accommodate different sizes and types of meetings or conferences <p>Core</p> <p>Maintained and managed the production and archiving of audiovisual recordings of sessions and events held as part of the UNFCCC process</p> <p>Maintained and managed the collection of audiovisual recordings of the secretariat</p> <p>Provided meeting recording services at sessions of the governing and subsidiary bodies</p> <p>Fulfilled 937 retrieval requests for archival audiovisual materials from internal and external clients</p> <p>Made 1,732 UNFCCC official records available and accessible via InforMEA</p> <p>Provided online access to UNFCCC historical archive materials</p> <p>Programme support costs</p> <p>Maintained and managed the production and archiving of recordings of sessions and events held as part of the UNFCCC process</p> <p>Maintained and managed the collection of audiovisual recordings of the secretariat</p> <p>Provided meeting recording services at sessions of the governing and subsidiary bodies</p> <p>Fulfilled 468 retrieval requests for archival audiovisual materials from internal and external clients</p> <p>Made 866 UNFCCC official records available and accessible via InforMEA</p>	<p>Performance indicator: number of audiovisual recordings of UNFCCC official events are maintained and managed</p> <p>Baseline: 20 per cent</p> <p>Target: 90 per cent</p> <p>Performance data: 100 per cent</p> <p>22,000 digital recordings of UNFCCC official events were managed and maintained, with 8,305 new recordings being added to the collection</p> <p>Performance indicator: number of archival materials are made publicly available online</p> <p>Baseline: 0 per cent</p> <p>Target: 10 per cent</p> <p>Performance data: 6,307 archival items were made publicly available online (2 per cent)</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>Objective 3: data and information management</p> <p>Specific objective: manage a trusted repository of data and information supported by effective records management</p> <p>ER300-012-1</p> <p>UNFCCC process and secretariat business records and official information are maintained and managed</p>	<p>Core</p> <p>Maintenance and management of 480 metres inactive paper records and archives, and accommodation of all requests for physical access</p> <p>Provision of records management advice and training to 200 staff</p> <p>Programme support costs</p> <p>Maintenance and management of 240 metres inactive paper records and archives, and accommodation of all requests for access</p> <p>Provision of records management advice and training to 100 staff</p> <p>Supplementary</p> <p>1 consolidated records management toolkit made available, enabling some 500 secretariat staff to efficiently manage records and information</p> <p>Maintenance and management of 720 metres inactive paper records and archives, and accommodation of all requests for access</p> <p>Implementation of technologies that provide long-term protection and preservation of integrity, reliability, availability, accessibility and usability of the documentary evidence of work under the UNFCCC</p>	<p>Provided online access to UNFCCC historical archive materials</p> <p>Supplementary</p> <p>Provided meeting recording services at sessions of the governing and subsidiary bodies</p> <p>Core</p> <p>480 metres inactive paper records and archives managed and maintained</p> <p>All requests for physical access to records accommodated</p> <p>Records management advice and training provided to 172 staff</p> <p>Programme support costs</p> <p>240 metres inactive paper records and archives managed and maintained</p> <p>All requests for physical access to records accommodated</p> <p>Records management advice and training provided to 85 staff</p> <p>Supplementary</p> <p>200 metres inactive paper records and archives managed and maintained</p> <p>All requests for physical access to records accommodated</p> <p>Implementation of digital preservation system initiated</p>	<p>Performance indicator: number of requests for transfer and retrieval of records are processed in a timely manner</p> <p>Baseline and target: 100 per cent</p> <p>Performance data: 100 per cent:</p> <p>114 metres of transfer records were processed and 3,534 record eval requests were fulfilled.</p> <p>Performance indicator: percentage of centrally managed UNFCCC records disposed of at end of retention period</p> <p>Baseline: 10 per cent</p> <p>Target: 70 per cent</p> <p>Performance data: 84 per cent:</p> <p>364 metres centrally managed UNFCCC records were disposed of at end of retention period</p>

Objective and expected result	Outputs planned per funding source	Outputs delivered per funding source	Performance indicator and performance data
<p>Objective 5: oversight and management</p> <p>Specific objective: effectively oversee, manage and administer the Operations department and the secretariat at large by protecting its legal interest, minimizing its liability and maximizing its operational efficiency</p> <p>ER500-012-01</p> <p>Financial resources and partnerships are effectively mobilized in accordance with relevant United Nations regulations and due diligence processes</p>	<p>Digitization and cataloguing of 50 metres archival records existing only in paper format</p> <p>Core</p> <p>Resource mobilization and partnership strategy</p> <p>Fundraising letters, specific calls for funding support and briefings to Parties</p> <p>Bilateral and multilateral meetings with potential and existing donors</p> <p>Monthly and ad hoc reporting on status of contributions</p> <p>Supplementary</p> <p>Effective and efficient case management of potential partners</p> <p>Fundraising letters, specific calls for funding support and briefings to selected non-Party stakeholders</p> <p>Partner outreach, agreements and engagement to expand the secretariat's donor base and develop mutually beneficial partnerships, including within the United Nations system and with Parties, international organizations, civil society organizations, foundations, private sector organizations, individuals and other stakeholders</p> <p>Launch of the UNFCCC Philanthropy Leadership Platform to engage with leading philanthropic organizations and foundations and high-net-worth individuals</p> <p>Outreach materials</p>	<p>Core</p> <p>In 2022, fundraising letters were sent to 44 Parties and a specific call for support to address the funding gap for the subsidiary bodies was issued to 19 Parties</p> <p>In 2023, fundraising letters were sent to 43 Parties and mid-year updates on supplementary funding requirements were shared with them; joint letters with the COP 28 President to address the funding gap in the trust fund for participation were sent to 29 Parties</p> <p>Drafting of the secretariat-wide resource mobilization and partnerships strategy was initiated; the resource mobilization action plan is used in the interim until the strategy is completed and implemented</p> <p>Over 150 bilateral meetings were held with Parties during the sessions of the subsidiary bodies, at COP 27 and 28 and virtually</p> <p>8 resource mobilization outreach missions were conducted</p> <p>Supplementary</p> <p>A partnership arrangements mapping report was completed</p> <p>Over 350 bilateral meetings with Parties and non-Party stakeholders were held</p> <p>94 contribution and partnership agreements were processed</p> <p>30 partnership cases were processed through 12 internal Partnership</p>	<p>Performance indicator: number of Party and non-Party donors</p> <p>Baseline: 25 Parties and 5 non-Parties</p> <p>Target: 35 Parties and 15 non-Parties</p> <p>Performance data: 24 Parties and 19 non-Parties</p> <p>Performance indicator: amount of supplementary funding raised from non-Party donors</p> <p>Baseline: EUR 8 million</p> <p>Target: EUR 12 million</p> <p>Performance data: EUR 10.5 million</p> <p>Performance indicator: number of active partnerships</p> <p>Baseline: 25 partnerships with non-Party stakeholders and 24 with United Nations entities</p> <p>Target: 50 partnerships with non-Party stakeholders and 30 with United Nations entities</p> <p>Performance data: 37 partnerships with non-Party stakeholders and 25 with United Nations entities</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
		<p>Committee meetings to ensure effective and efficient partner case management</p> <p>Partnership outreach materials were developed to target non-Party stakeholders</p> <p>Three partnership outreach missions were conducted, 2 during Middle East and North Africa Climate Week and 1 during Africa Climate Week</p> <p>The UNFCCC Philanthropy Leadership Platform was launched at COP 27, with the participation of over 25 philanthropic entities</p> <p>The United Nations Climate Change Pavilion was in place at COP 27, hosting 45 live-streamed events and at COP 28, hosting 31 live-streamed events</p>	
<p>ER500-012-02</p> <p>The human and financial resources and other assets of the Operations divisions are effectively managed in accordance with relevant United Nations rules and regulations</p>	<p>Programme support costs and the CDM</p> <p>Effective and efficient financial and human resource management of the three divisions of the Operations department</p>	<p>Programme support costs and the CDM</p> <p>Effective and efficient financial and human resource management of the three divisions of the Operations department and one cross-cutting division (Communications and Engagement)</p>	<p>Performance indicator: ratio between the approved budget and available cash regarding expenditure</p> <p>Baseline and target: 95 per cent</p> <p>Performance data: 124 per cent of the approved budget for 2022</p>

Table 17
2022–2023 resource requirements for Operations Coordination
(Euros)

<i>Funding source</i>	<i>Budget for the biennium 2022–2023</i>	<i>Expenditure as at 31 December 2023</i>	<i>Expenditure rate (%)</i>
Core budget	1 393 856 ^a	1 392 638	100
Supplementary ^b	3 854 089	2 415 021	63
Programme support costs	2,839,839	2 881 362	101 ^c
Special account for conferences and other recoverable costs ^d	69 866	69 120	99
CDM-MAP	144 600	159 605	110
Total resources	8 302 250	6 917 746	83

^a As reallocated by the Executive Secretary pursuant to the authority granted by the COP to make transfers between appropriation lines (decision 17/CP.25, para. 13).

^b Supplementary budget does not translate to funding available for spending.

^c The expenditure amounts were converted into euros at the rate applicable on the day on which they were incurred, resulting in an expenditure rate in euros that is greater than the actual rate in United States dollars of 100 per cent.

^d Budget is based on the funding received from the Government of Germany for the partial relocation of the secretariat to the United Nations Campus in Bonn and the housing of the secretariat at two separate office premises.

Objective 1a: intergovernmental engagement Specific objective: facilitate intergovernmental engagement on responding to the threat of climate change by providing effective ICT and travel support ER101-009-1 The operation of the intergovernmental negotiations is facilitated	Core 4 United Nations Climate Change Conferences serviced with ICT support Supplementary Virtual meeting/participation system maintained and supported Cost recovery Approximately 100 meetings and workshops serviced with ICT support Programme support costs Travel arrangements for 4,000–5,000 participants of 4 conferences and more than 200 other official UNFCCC events, such as meetings of the constituted bodies, workshops, training sessions and reviews	Core Supported SBs 56 and 58 and COPs 27 and 28 (held in hybrid format) Supplementary Maintained and supported the virtual meeting/participation system Cost recovery Serviced more than 368 meetings and workshops with ICT support including regional climate weeks Programme support costs Made travel arrangements for 4,831 participants at 4 conferences and 272 other official UNFCCC events	Performance indicator: percentage of conferences serviced in accordance with defined service levels Baseline and target: 100 per cent Performance data: 100 per cent Performance indicator: percentage of meetings and workshops serviced in accordance with defined service levels Baseline and target: 90 per cent Performance data: 95 per cent Performance indicator: percentage of nominated participants attending meetings Baseline: 85 per cent Target: 90 per cent Performance data: 91.6 per cent of funded participants who were nominated for UNFCCC conferences and events attended; all cases of non-attendance were due to issues related to participants' medical or travel documents, or unforeseen cancellations by airline companies

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>Objective 3: data and information management</p> <p>Specific objective: manage institutional ICT platforms, including a trusted repository of data and information, in support of the intergovernmental response to the threat of climate change</p> <p>ER300-009-1</p> <p>Parties and the public are provided with authoritative, up-to-date and readily accessible data and information</p>	<p>Supplementary</p> <p>Institutional platforms enhanced</p> <p>Cost recovery</p> <p>4 institutional platforms supported</p> <p>Some 70 systems supported</p> <p>A number of existing systems enhanced and further developed</p> <p>ITL</p> <p>ITL available to national registries</p>	<p>Supplementary</p> <p>No funds were received to enhance the institutional platforms (CRM-Dynamics, Public Website, Data Analytics, MS365-Sharepoint)</p> <p>Cost recovery</p> <p>Supported 64 systems</p> <p>Selected a potential vendor for the Digital Platform for Climate Change Events and completed a proof of concept</p> <p>Delivered a new global stocktake portal</p> <p>Delivered a new adaptation communications registry</p> <p>Delivered the third version of the LCIPP</p> <p>Delivered a relaunch of the UNFCCC public website and updated the website landing page</p> <p>Enhanced the elections nomination portal</p> <p>Enhanced the Codoc documents management system</p> <p>Released 2 versions of the ETF reporting tools for training the users and getting feedback</p> <p>Commenced work on the Article 6 software implementation project and completed the technical evaluation of the potential implementation vendors</p> <p>ITL</p> <p>2 of the 2 planned reports of the ITL Administrator were submitted to CMP 17 at COP 27 and CMP 18 at COP 28</p> <p>2 of the 2 annual Registry System Administrators Forums were convened in September 2022 and October 2023</p>	<p>Performance indicator: ITL service availability to national registries</p> <p>Baseline and target: 99.9 per cent</p> <p>Performance data: 99.98 per cent</p> <p>Performance indicator: percentage of enhancements and new systems developed that meet quality criteria</p> <p>Baseline: 80 per cent</p> <p>Target: 85 per cent</p> <p>Performance data: 85 per cent</p> <p>Performance indicator: percentage of support requests related to institutional platforms addressed in accordance with the defined service levels</p> <p>Baseline and target: 90 per cent</p> <p>Performance data: 92 per cent</p> <p>Performance indicator: percentage of support requests related to systems addressed in accordance with the defined service levels</p> <p>Baseline and target: 90 per cent</p> <p>Performance data: 92 per cent</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>Objective 5: oversight and management</p> <p>Specific objective: manage and administer the secretariat effectively, including its financial and human resources, facilities, IT infrastructure and services, as well as its procurement processes and travel services for staff</p> <p>ER500-009-1</p> <p>Sound, effective and efficient financial management of core and other financial resources in full compliance with United Nations financial regulations, rules and policies</p>	<p>Programme support costs</p> <p>Servicing 4 sessions</p> <p>4 status of contributions reports</p> <p>2 audited financial statements</p> <p>2 budget performance and programme delivery reports</p> <p>1 budget and workplan document for the biennium 2024–2025</p> <p>90 reports in line with supplementary funding agreements</p> <p>Audit recommendations on financial matters implemented</p>	<p>Data exchange standards and common operational procedures were maintained</p> <p>Programme support costs</p> <p>4 sessions serviced</p> <p>4 status of contributions reports</p> <p>2 audited financial statements</p> <p>2 budget performance and programme delivery reports</p> <p>1 budget and workplan document for the biennium 2024–2025</p> <p>103 reports in line with supplementary funding agreements</p> <p>Out of 6 audit recommendations on financial matters, 3 are fully implemented and 3 are pending closure upon confirmation by the United Nations Board of Auditors</p>	<p>Performance indicator: proportion of official documents on financial and budgetary matters published on time</p> <p>Baseline: 80 per cent</p> <p>Target: 90 per cent</p> <p>Performance data: 95 per cent</p>
<p>ER500-009-2</p> <p>The human resources of the secretariat are effectively recruited, administered and trained in accordance with relevant United Nations regulations</p>	<p>Core (secretariat-wide costs)</p> <p>Learning, development and career support available to approximately 200 core staff members</p> <p>Timely processing of entitlements and benefits for some 200 core staff members in line with the processing turnaround benchmarks of the UNFCCC</p> <p>Programme support costs, cost recovery and the CDM</p> <p>Learning, development and career support available to approximately 300 non-core staff members</p> <p>Timely processing of entitlements and benefits for some 300 non-core staff members in line with the processing turnaround benchmarks of the UNFCCC</p> <p>1 campaign for improved talent acquisition outreach initiatives</p>	<p>Core (secretariat-wide costs)</p> <p>Learning, development and career support was made available to 157 core staff members</p> <p>Entitlements and benefits for 157 core staff members were processed in a timely manner in line with the processing turnaround benchmarks of the UNFCCC</p> <p>Programme support costs, cost recovery and the CDM</p> <p>Learning, development and career support was made available to 283 non-core staff members</p> <p>Entitlements and benefits for 283 non-core staff members were processed in a timely manner in line with the processing turnaround benchmarks of the UNFCCC</p>	<p>Performance indicator: proportion of donor reports submitted on time</p> <p>Baseline: 56 per cent</p> <p>Target: 90 per cent</p> <p>Performance data: 64 per cent of donor reports were submitted on time</p>
			<p>Performance indicator: proportion of female candidates in the applicant pool for fixed-term appointments</p> <p>Baseline: 45 per cent</p> <p>Target: 50 per cent</p> <p>Performance data: 51.4 per cent</p>
			<p>Performance indicator: average number of days per year spent by staff members on learning and development activities supported by Human Resources</p> <p>Baseline: 1.5 days per year</p> <p>Target: 2 days per year</p> <p>Performance data: 1.1 days per year</p>

Objective and expected result	Outputs planned per funding source	Outputs delivered per funding source	Performance indicator and performance data
<p>ER500-009-3</p> <p>Procurement processes, travel services and physical working environment of the secretariat are managed effectively and in accordance with relevant United Nations regulations</p>	<p>Core (secretariat-wide costs) and cost recovery</p> <p>Appropriate, safe and environmentally sustainable physical working environment provided to approximately 500 staff members and some 10,000 visitors</p> <p>Reduced environmental footprint from core operations and remaining GHG balance of approximately 10,000 t CO₂ eq offset</p> <p>Programme support costs</p> <p>EUR 16 million to 17 million worth of goods and services supplied that offer best value for money</p> <p>3,000 timely, economical and adequate travel arrangements made for staff</p> <p>Appropriate, safe and environmentally sustainable physical working environment provided to approximately 500 staff members and some 10,000 visitors</p> <p>Implementation of United Nations Disability Inclusion Strategy advanced</p>	<p>Core (secretariat-wide costs) and cost recovery</p> <p>A new state-of-the-art office building with over 300 workstations was officially opened and an older, separate site abandoned, consolidating the physical working environment for approximately 440 staff members and 10,000 visitors in one location</p> <p>The remaining GHG balances for 2021 and 2022 of 2,980 t CO₂ eq were offset</p> <p>Water consumption totalled 7,310 m³ and waste generation 103.4</p> <p>After a dip in 2022, GHG emissions, water consumption and waste generation reached pre-pandemic levels in 2023</p> <p>Programme support costs</p> <p>Goods and services with a total value of EUR 57.4 million were procured</p> <p>3,628 travel arrangements were made for staff, including their families, and other personnel</p> <p>A new state-of-the-art office building with over 300 workstations was officially opened and an older, separate site abandoned, consolidating the physical working environment for approximately 440 staff members and 10,000 visitors in one location</p>	<p>Performance indicator: annual per capita carbon footprint of the secretariat's facility operations and travel (five-year rolling average)</p> <p>Baseline: 9 t CO₂ eq</p> <p>Target: 7 t CO₂ eq</p> <p>Performance data: 4.4 t CO₂ eq</p> <p>Performance indicator: average percentage difference between the price of offers selected and the highest offers received</p> <p>Baseline: 33 per cent</p> <p>Target: 35 per cent</p> <p>Performance data: 30 per cent</p> <p>Performance indicator: percentage of tickets for staff travel purchased more than 15 days prior to departure</p> <p>Baseline: 28 per cent</p> <p>Target: 50 per cent</p> <p>Performance data: 51 per cent</p> <p>Performance indicator: percentage of United Nations Disability Inclusion</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
		Progress made in implementing the United Nations Disability Inclusion Strategy included enhanced accessibility at COP 27 and 28 and enhanced representation and visibility of organizations for people with disabilities at COP 27 and 28, including through side events	Strategy indicators approached, met or exceeded Baseline: 50 per cent Target: 80 per cent Performance data: in the 2021 reporting cycle, the secretariat met 1 and was approaching 11 out of 15 United Nations Disability Inclusion Strategy indicators (80 per cent)
ER500-009-4 IT infrastructure and services are effectively managed in accordance with relevant United Nations regulations	Core Governance of ICT services ICT devices and ICT services provided to 160 end users ICT infrastructure and network services Data centre services Supplementary Upgrading of infrastructure and networks Enhancement of end-user services Enhancement of information security Cost recovery Governance of ICT services ICT devices and ICT services provided to 340 end users ICT infrastructure and network services Data centre services	Core Governance of ICT services was provided, a request for proposals for IT services was issued and new framework vendors selected ICT devices and ICT services were provided to 160 end users All necessary core ICT infrastructure and network services were maintained and delivered as planned All data centre services were maintained and delivered as planned Supplementary Maintained and supported the virtual meeting/participation system Provided support and consultancy on the firewall for the on-site UNFCCC network Acquired licences for cloud-based web application firewall services to protect the UNFCCC web presence Implemented the ServiceNow IT service management tool for management of incidents, requests and asset management/configuration management database Purchased monitors to replace old ones; replacement of the remaining old	Performance indicator: percentage of ICT services provided in accordance with defined frameworks Baseline and target: 100 per cent Performance data: 100 per cent Performance indicator: proportion of personal computing requests responded to in accordance with defined service levels Baseline: 98 per cent Target: 99 per cent Performance data: 99 per cent Performance indicator: proportion of data centre services provided in accordance with defined service levels Baseline and target: 99.9 per cent Performance data: 99.9 per cent

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
		monitors will be covered by 2024 supplementary funds	
		Extended the UNFCCC campus network infrastructure to the new office building	
		Cost recovery	
		Provided governance of ICT services, a request for proposals for IT services was issued and new framework vendors selected	
		Provided ICT devices and ICT services to 340 end users	
		Maintained and delivered all necessary cost-recovered infrastructure and network services as planned	
		Maintained and delivered all cost-recovered data centre services as planned

C. Cross-cutting divisions

1. Intergovernmental Support and Collective Progress division

Table 28

2022–2023 objectives, planned and delivered outputs, and performance indicators and data for the Intergovernmental Support and Collective Progress division

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>Objective 1a: intergovernmental engagement</p> <p>Specific objective: facilitate intergovernmental engagement on responding to the threat of climate change by providing effective organizational and procedural support, as appropriate, to the governing, subsidiary and constituted bodies established under the Convention, the Kyoto Protocol and the Paris Agreement</p> <p>ER101-005-1</p> <p>The governing (COP, CMP, CMA) and subsidiary (SBSTA, SBI) bodies are enabled to operate</p>	<p>Core</p> <p>14 provisional agendas, their annotations and reports:</p> <ul style="list-style-type: none"> • 2 COP/CMP/CMA sessions • 4 SBSTA/SBI sessions <p>2 high-level segments</p> <p>Protocol is observed</p> <p>Supplementary</p> <p>1 synthesis report</p> <p>1 information note</p>	<p>Core</p> <p>14 provisional agendas, their annotations and reports were prepared for the sessions of the governing and subsidiary bodies in 2023:</p> <ul style="list-style-type: none"> • COP 27, CMP 17, CMA 4 • COP 28, CMP 18, CMA 5 • SBSTA 56 and 57, and SBI 56 and 57 • SBSTA 58 and 59, and SBI 58 and 59 	<p>Performance indicator: the annotated agendas for the sessions of the COP, the CMP, the CMA, the SBSTA and the SBI are published in advance of the sessions in accordance with the relevant timelines</p> <p>Baseline and target: 100 per cent</p> <p>Performance data: 100 per cent</p> <p>Performance indicator: the reports on the sessions of the COP, the CMP, the CMA, the SBSTA and the SBI are published after the sessions in accordance with the relevant timelines</p> <p>Baseline and target: 100 per cent</p> <p>Performance data: 100 per cent</p>
<p>ER101-005-2</p> <p>Presiding officers and the Bureaux are enabled to perform their mandated functions</p>	<p>Core</p> <p>Strategic overviews, presentations, briefing notes and other relevant material (some 40 documents in total) to support intersessional work and preparations for the sessions for the presiding officers of the governing and subsidiary bodies, the incoming Presidency, and secretariat management and other staff</p> <p>In-session documentation (some 200 documents in total) to support the work of the presiding officers of the COP, the CMP, the CMA, the SBSTA and the SBI and their Bureaux, such as inputs to speaking notes, presentations and</p>	<p>Core</p> <p>Strategic overviews, presentations, briefing notes and other relevant material (approximately 200 documents) were prepared to support intersessional work and preparations for the sessions for the presiding officers of the governing and subsidiary bodies, the incoming Presidency, and secretariat management and other staff</p> <p>In-session documentation (approximately 400 documents) was prepared to support the work of the presiding officers of the COP, the CMP, the CMA, the SBSTA and the SBI and their Bureaux, such as inputs to speaking notes, presentations and briefing materials, as required, in close</p>	<p>Performance indicator: presiding officers express appreciation for the level of pre-session and in-session support of their work</p> <p>Baseline and target: 100 per cent</p> <p>Performance data: 100 per cent of the presiding officers expressed satisfaction with the level of substantive and procedural support received</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>ER101-005-3</p> <p>Effective participation of Parties in the intergovernmental process is facilitated, Parties</p>	<p>briefing materials, as required, in close cooperation with the relevant substantive programmes of the secretariat</p> <p>Provision of support to presiding officers to ensure alignment between the work of the constituted bodies and that of the governing and subsidiary bodies</p> <p>At least 10 COP/CMP/CMA Bureau meetings (provision of agendas, minutes, logistical arrangements and procedural support for chair)</p> <p>Supplementary</p> <p>Strategic overviews, presentations, website updates, briefing notes and other relevant materials in support of the work of the governing and subsidiary bodies, and travel support for participants at relevant climate change meetings, including those held during regional climate weeks</p> <p>Training workshops on negotiation for co-facilitators from governing bodies and Co-Chairs of subsidiary bodies, in particular those from developing countries</p> <p>Retreats for the presiding officers of the governing and subsidiary bodies, and compilation of lessons learned from and further development of standard operating procedures for the work of the governing and subsidiary bodies</p> <p>Core</p> <p>48 items of correspondence, including notifications,</p>	<p>cooperation with the relevant substantive programmes of the secretariat</p> <p>Support was provided to presiding officers to ensure alignment between the work of the constituted bodies and that of the governing and subsidiary bodies</p> <p>13 COP/CMP/CMA Bureau meetings were held (agendas, minutes, logistical arrangements and procedural support for chair were provided)</p> <p>Supplementary</p> <p>Documentation was prepared to support 10 virtual and 5 in-person heads of delegation meetings convened in 2022 and 2023 by the Presidency and the incoming Presidency in collaboration with the Chairs of the SBSTA and the SBI, as relevant, and logistical support was provided</p> <p>The secretariat hosted 2 retreats for the presiding officers of the governing and subsidiary bodies and provided substantive and procedural guidance in support of the strategies towards COP 27 and COP 28, including the sessions of the subsidiary bodies</p> <p>Core</p>	<p>Performance indicator: level of satisfaction of delegates with protocol services</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
are kept well-informed and protocol is observed	information notes and messages to Parties and observers, as required Organization of 200 meetings with negotiating groups and presiding officers 2 high-level segments	More than 100 items of correspondence were prepared and circulated externally to Parties and observers 2 leaders' summits, with a total 264 attendees, were organized and held More than 300 meetings were organized and supported including newly established meetings with diplomatic representations in Bonn in conjunction with SBs The high-level segment at COP 27 and COP28 were delivered, including support for ministerial round tables and high-level segments during 7 regional climate weeks	Baseline: 85 per cent Target: 85 per cent Performance data: the survey sent to Parties showed a level of satisfaction of delegates well above 85 per cent
ER101-005-4 Parties' consideration of RSO, the review of the long-term global goal and the global stocktake is facilitated	Core 3 agenda items supported through the preparation of reports and other documents, governing body decisions and subsidiary body conclusions, as well as the organization of in-session events: • Global stocktake (4 sessions of the subsidiary bodies) • Review (2 sessions of the subsidiary bodies) • RSO (4 SBSTA sessions)	Core 3 agenda items were supported through the preparation of reports and other documents, governing body decisions and subsidiary body conclusions, as well as the organization of in-session events: • Global stocktake (4 sessions of the subsidiary bodies and 1 session of the CMA) • 3 High-Level events on the global stocktake were held during CMA5 • Review (2 sessions of the subsidiary bodies) – the review was concluded at COP 27 • RSO (4 SBSTA sessions)	Performance indicator: percentage of presiding officers expressing satisfaction with the level of support provided Baseline: NA Target: 100 per cent Performance data: 100 per cent
Objective 1b: intergovernmental processes	Core 2 SBSTA–IPCC special events 2 meetings of the SBSTA–IPCC Joint Working Group	Core 3 SBSTA–IPCC special events on the contributions of Working Groups II, III and the Synthesis Report of the AR6 were held	Performance indicator: number of international and regional programmes and organizations, including the IPCC, participating Baseline and target: 15

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
<p>Specific objective: facilitate intergovernmental engagement on the assessment of collective progress, including consideration of RSO, consideration of ocean-based action, the periodic review of the adequacy of the long-term global goal to limit global warming to well below 2 °C, and the global stocktake of the implementation of the Paris Agreement and of the progress towards its purpose and long-term goal</p> <p>ER102-005-1</p> <p>RSO is facilitated and supported</p> <p>The scientific and technical basis for the periodic review and the global stocktake is improved</p>	<p>Supplementary</p> <p>2 research dialogues</p> <p>2 Earth Information Days</p> <p>1 RSO workshop</p> <p>Core</p> <p>1 session of the structured expert dialogue on the second periodic review of the long-term global goal</p> <p>1 summary report on the structured expert dialogue on the second periodic review of the long-term global goal</p> <p>Supplementary</p> <p>1 compilation and synthesis of inputs for the second periodic review</p> <p>Travel support for experts from developing countries in order to feature developing country expertise in the structured expert dialogue on the second periodic review of the long-term global goal</p>	<p>4 meetings of the SBSTA–IPCC Joint Working Group were held</p> <p>2 research dialogues (fourteenth and fifteenth meeting) were held</p> <p>2 Earth Information Days was held</p> <p>1 session of the structured expert dialogue on the second periodic review of the long-term global goal was held</p> <p>1 summary report on the structured expert dialogue on the second periodic review of the long-term global goal was prepared</p> <p>Supplementary</p> <p>1 compilation and synthesis of inputs for the second periodic review and 1 summary report for the 3rd meeting of the structured expert dialogue were prepared</p> <p>Travel support was provided to experts from developing countries in order to feature developing country expertise in the structured expert dialogue on the second periodic review of the long-term global goal</p>	<p>Performance data: 15</p> <p>Performance indicator: percentage of mandated outputs delivered on time</p> <p>Baseline and target: 100 per cent</p> <p>Performance data: 100 per cent</p>
<p>ER102-005-3</p> <p>The global stocktake is facilitated and supported</p>	<p>Core</p> <p>4 sessions of the technical dialogue under the global stocktake</p> <p>Compilation of sources of information for the technical assessment</p> <p>Summary reports on the technical dialogue</p> <p>Supplementary</p> <p>Provision of travel support for experts from developing countries</p>	<p>Core</p> <p>3 meetings of the technical dialogue under the global stocktake were held</p> <p>1 global stocktake information portal was developed, compiling sources of information for the technical assessment</p> <p>3 summary reports of the meetings as well as an overall synthesis report of the technical dialogue was prepared</p> <p>Supplementary</p>	<p>Performance indicator: proportion of mandated outputs delivered on time</p> <p>Baseline and target: 100 per cent</p> <p>Performance data: 100 per cent</p>

<i>Objective and expected result</i>	<i>Outputs planned per funding source</i>	<i>Outputs delivered per funding source</i>	<i>Performance indicator and performance data</i>
	in order to feature developing country expertise at any in-session round tables, workshops, etc.	1 consultation and 1 workshop on preparing for the political phase of the global stocktake was held Travel support was provided to experts from developing countries in order to feature developing country expertise in the technical dialogue as well as to participate in the consultation and the workshop	
ER102-005-4 Additional item for the updated work programme: consideration of ocean-based action is facilitated and supported	Supplementary 2 ocean dialogues 2 informal summary reports Coordinated enhancement of consideration of ocean-based action by constituted bodies and under relevant workstreams	Supplementary 2 ocean dialogues were held 2 informal summary reports were prepared	Performance indicator: proportion of mandated outputs delivered on time Baseline and target: 100 per cent Performance data: 100 per cent
