### Draft conclusions proposed by the Chair

1. The Subsidiary Body for Implementation (SBI) welcomed the efforts of the secretariat in preparing<sup>1</sup> the interim report on the first periodic assessment of the effectiveness and adequacy of the support provided to the Technology Mechanism in supporting the implementation of the Paris Agreement on matters relating to technology development and transfer.<sup>2</sup>
2. The SBI noted that the outcomes of the first periodic assessment should guide the improved effectiveness of and enhanced support provided to the Technology Mechanism in supporting the implementation of the Paris Agreement, as guided by the technology framework, and serve as input to the global stocktake referred to in Article 14 of the Paris Agreement.<sup>3</sup>
3. The SBI requested the secretariat to consider, as part of the elements of the scope of and modalities for the periodic assessment,<sup>4</sup> Parties' deliberations at this session<sup>5</sup> in preparing the final report on the effectiveness and adequacy of the support provided to the Technology Mechanism in supporting the implementation of the Paris Agreement on matters relating to technology development and transfer for consideration at SBI 57 (November 2022).
4. The SBI looked forward to receiving the report referred to in paragraph 3 above, noting that the outputs of the periodic assessment include, as appropriate, a report to the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement (CMA) through the SBI and recommendations of the CMA on updating the technology framework.<sup>6</sup>
