Subsidiary Body for Scientific and Technological Advice

Fifty-second to fifty-fifth session

Glasgow, 31 October to 6 November 2021

Agenda item 9

Sources of input for the global stocktake under the Paris Agreement

Sources of input for the global stocktake under the Paris Agreement

Draft conclusions proposed by the Chair

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) recalled decision 19/CMA.1 and considered the non-exhaustive lists in paragraphs 36–37 of that decision with a view to complementing the lists, while noting paragraphs 20, 25 and 26 of the decision.
 2. The SBSTA took note of the exchange of views by Parties on this matter and recalled paragraph 27 of decision 19/CMA.1.
 3. The SBSTA agreed that the non-exhaustive lists referred to in paragraph 1 above will serve as a basis for the sources and types of information for the first global stocktake.
 4. The SBSTA also agreed that in addition to the lists referred to in paragraph 1 above further sources and types of information pursuant to paragraphs 2 and 6(b) of decision 19/CMA.1 will also serve as a basis for the sources and types of information for the first global stocktake with a view to informing the technical assessment component thereof.
 5. The SBSTA noted that, pursuant to paragraphs 24 and 37(d) of decision 19/CMA.1, relevant constituted bodies and forums and other institutional arrangements under or serving the Paris Agreement and/or the Convention, including those established after the adoption of decision 19/CMA.1, can prepare for the technical assessment of the first global stocktake, with the assistance of the secretariat, synthesis reports on the information identified in paragraph 36 of decision 19/CMA.1, taking into account paragraph 4 above, in their areas of expertise.
