Rationale provided by the Plurinational State of Bolivia, on behalf of the Like-minded Developing Countries, for including an item in the provisional agenda for the fifty-sixth session of the Subsidiary Body for Scientific and Technological Advice

[English only]

On behalf of the LMDC, the Plurinational State of Bolivia is submitting this written proposal pursuant to Rule 12 of the Rules of Procedure of the COP/CMA as applied to their subsidiary bodies to add the following items to the provisional agenda of the fifty-sixth session of the Subsidiary Bodies to be held in Bonn, 6-16 June 2022.

1. A joint agenda item for the SBSTA and SBI titled ‘Glasgow–Sharm el-Sheikh work programme on the global goal on adaptation’.

Rationale: At Glasgow, Parties decided “to establish and launch a comprehensive two-year Glasgow–Sharm el-Sheikh work programme on the global goal on adaptation” (para 2 of decision 7/CMA.3 on Glasgow–Sharm el-Sheikh work programme on the global goal on adaptation).”

It was further decided that the work programme will be carried out jointly by the Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation (para 4 of the decision) and “Invites the subsidiary bodies to carry out the work programme...” (para 5 of the decision).

We have noted that in the annotated provisional agendas for the 56th SBs issued by the Executive Secretary on 28 March 2022,^[1] under agenda item 2(c)(i) under ‘Mandated events’ as ‘Events under the Glasgow–Sharm el-Sheikh work programme on the global goal on adaptation’ is listed.

The mandated event should, however, be undertaken in the context of continued work by the SBs to ensure that the outcomes of the work programme of the global goal on adaptation (GGA) are duly reflected in appropriate recommendations from the SBs for the consideration of the CMA.

It must be recalled that para 7 of decision 7/CMA.3, sets out the objectives of the GGA work programme, while para 9 states that the activities of the work programme should build on the work of the Adaptation Committee, while drawing “on a variety of sources of information and inputs, including national adaptation plans and adaptation communications, take into account traditional knowledge, knowledge of indigenous peoples and local knowledge systems, and be gender-responsive”.

The decision via para 13 also invited Parties to provide submissions on their views on how to achieve the objectives under the work programme;

Para 15 of the decision requests the secretariat to prepare, under the guidance of the Chairs of the subsidiary bodies, a compilation and synthesis of those submissions for consideration at the workshops and para 16 also requests the secretariat to prepare, under the guidance of the Chairs of the subsidiary bodies, a single annual report on the workshops for consideration at the sessions of the SB, coinciding with the sessions of the CMA.

Further, para 17 “Invites the SBs to report annually to the CMA, taking into account the report referred to in paragraph 16 above, on progress in implementing the work programme with a view to recommending a draft decision thereon for consideration and adoption by the CMA its fifth session (November 2023). (Emphasis added).

Since the SBs have to report annually to the CMA, it is necessary for the agendas of the SBs to have a dedicated agenda item called “Matters relating to the Glasgow-Sharm-el-Sheikh work programme on the GGA”, beginning with the 56th session of the SBs.

This means that in addition to the agenda items under 2(c)(i) in relation to the GGA work programme as a mandated event, there must also be a separate agenda item on matters relating to the GGA work programme at the 56th session of SBs.
