Global Ecosystem Management Programme

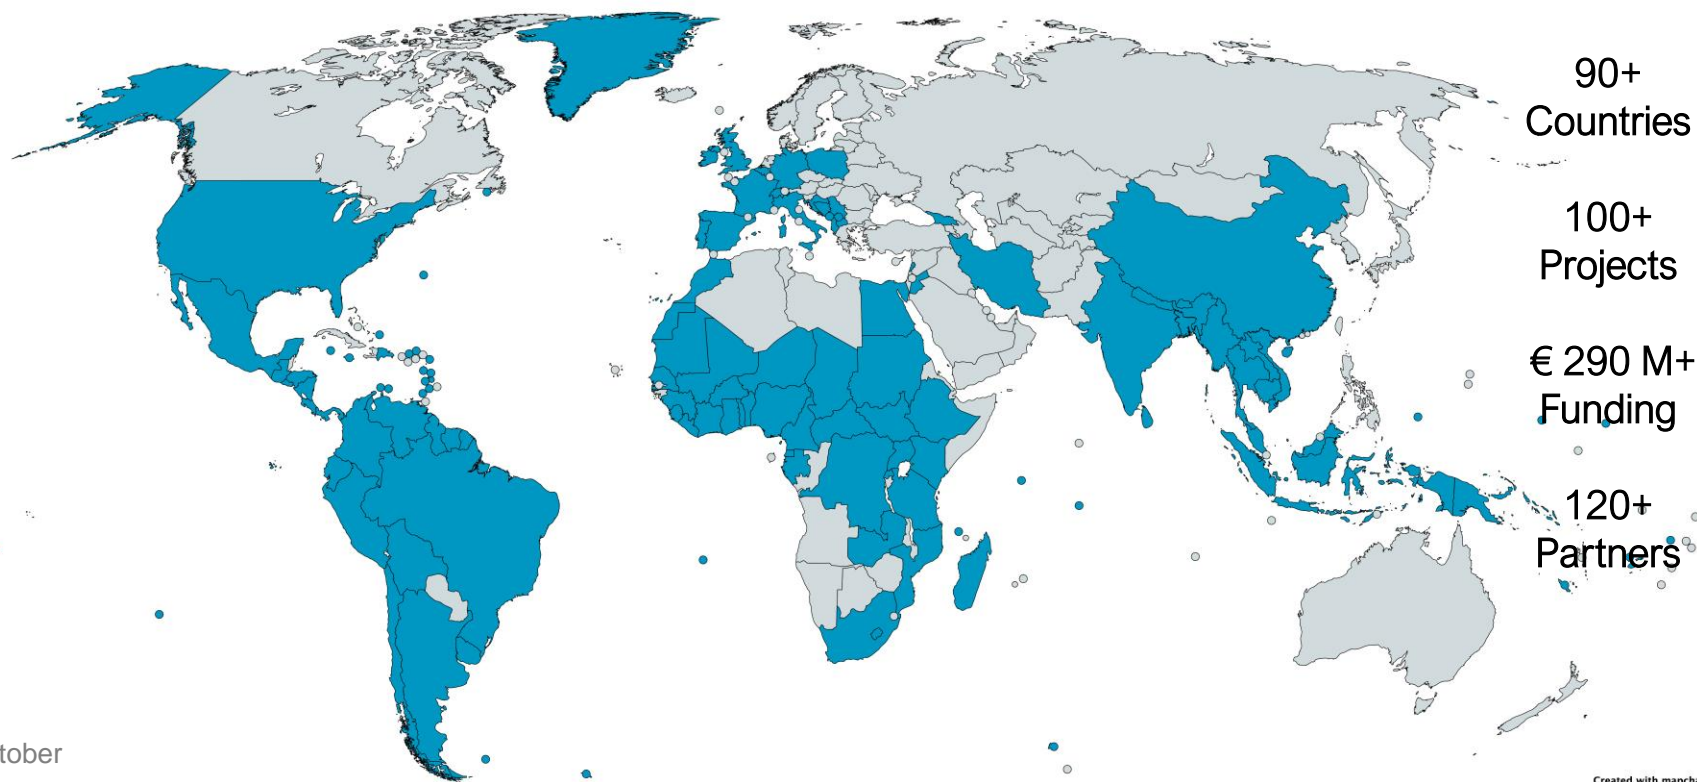

4th Global Sustainable Technology and
Innovation Community Conference

October 27, 2020

Ecosystem-based Adaptation Projects

Portfolio of projects that serve to increase the resilience of ecosystems and communities to the impacts of climate change from 2010 to date

As of October 2020

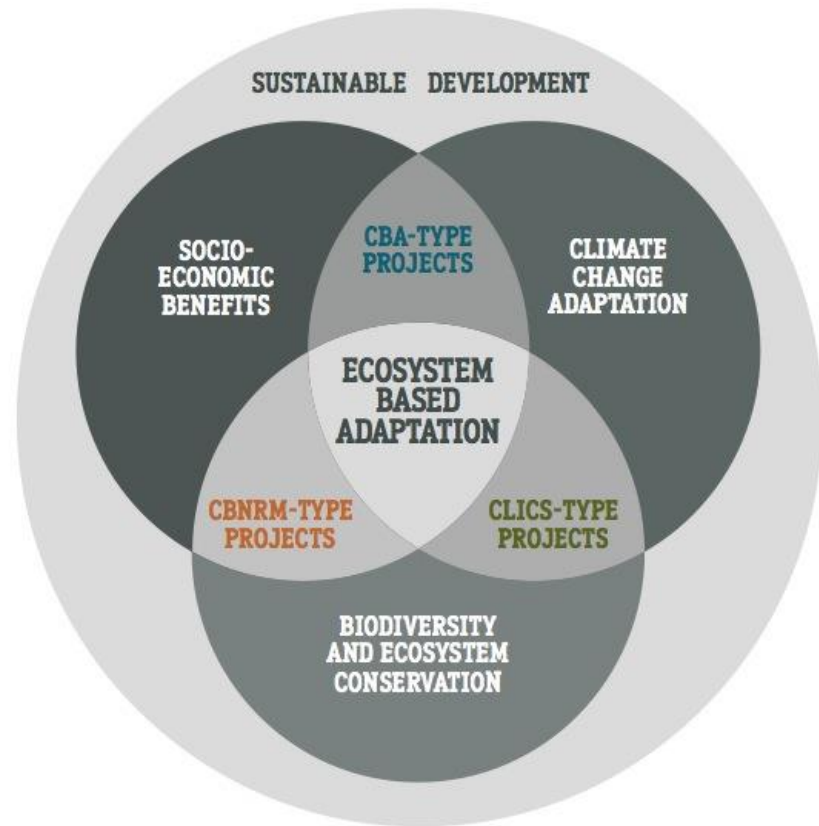

Created with mapchart.net

Ecosystem based Adaptation – An Innovative Approach

*“the use of biodiversity
and ecosystem
services to help
people adapt to the
adverse effects of
climate change”.*

CBD, 2009

Implementation through enabling environment and capacity-building
