Panel discussion Technology & NDC

26 April 2021

Ambrosio.Yobanolo@ascc.cl

AYobanolo@cop25.cl

INDC 2015

Mitigation

Adaptacion

Means of Implementation

Technology

TEC Strategy

1. 2019 Key Year
2. NDC update + TEC strategy undertaken as part of package
 - + Climate Change Law
 - + Long Term Strategy
1. Overlapping people and Institutions
2. Institutional arrangements created to take advantage of it
3. Processes feed each other

TEC Strategy

NDC 2020

Information

Mitigation

Adaptacion

Integracion

Implementation Measures

Technology

TEC Strategy

TNA & TAPS

Social Pillar:
Just Transition
& Sustainable
Development

Technology Strategy

General Barriers

- Finance
- Talent Development
- Information
- Infrastructure
- Coordination

Objectives

1. Methodology for Prioritization
2. Enabling Frameworks for TAP's
3. Enabling Conditions for TD&T
4. Governance, Cooperation and Coordination

HOW

1. First half of a General TNA* based on sectors included on previous national communication -> Sectors and "Scopes"

--- There is a conceptual and (maybe) a methodological gap to bridge here ---

1. TNA Process

1. National Policy on Science, Technology, knowledge and Innovation
Ciencia, Tecnología + Prioritized Initiatives

1. Ministry of Science + Prioritized Initiatives + 2025 Update
