

## TEC TNA task force

Status of the work on the Guidance on how the results of TNAs can be developed into projects that can be ultimately implemented

TEC TNA task force stock-taking meeting

Bonn, 10 June 2015

### Mandate (17/CP.20):

- The COP 20 requested the TEC to provide **guidance** on how the results of the TNAs, in particular the TAPs, can be developed into projects that can be ultimately implemented, and to provide an **interim report** on its preliminary findings to the SB-43 sessions (November–December 2015);

### **Rolling work plan of the Technology Executive Committee for 2014–2015:**

#### 2. Work on technology need assessments

Deliverables:

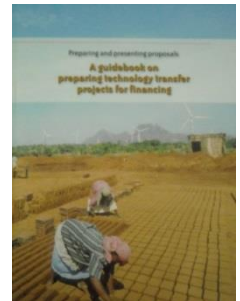

**2.1 Review** of technology needs assessments (TNAs), technology action plans (TAPs) and project ideas, and progress in the implementation of the results of TNAs, and

**2.2 a. Guidelines** to assist Parties in implementing the results of TNAs

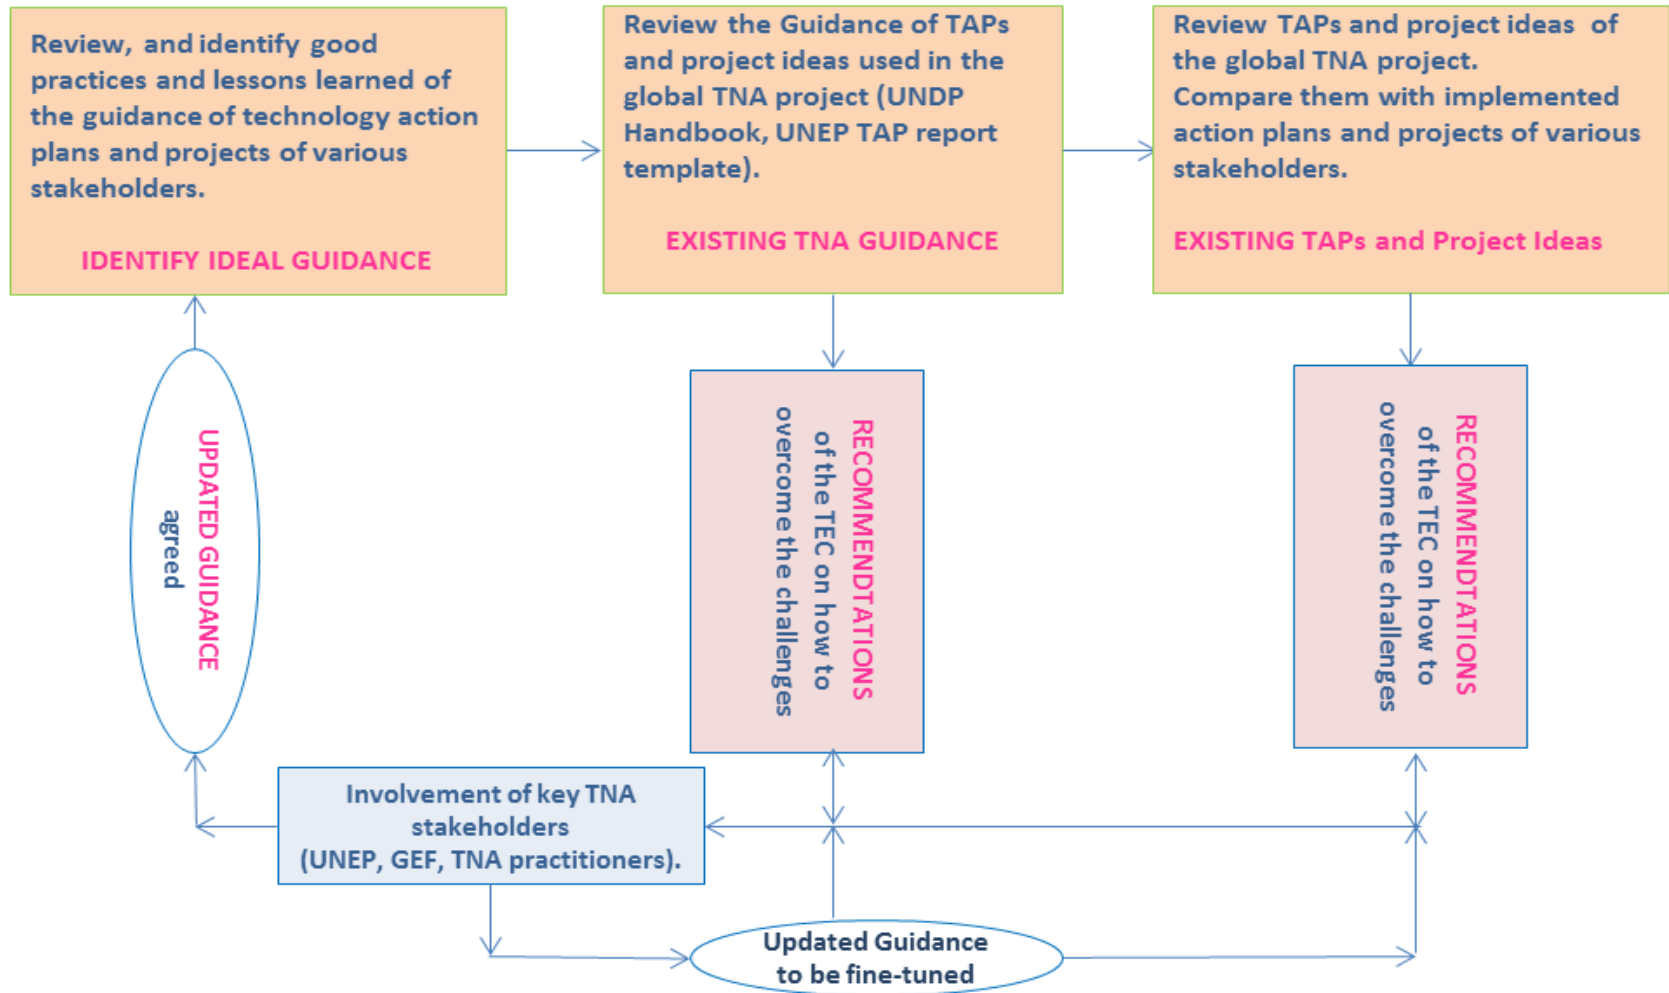

### Existing guidance documents:

- Handbook for **conducting Technology Needs Assessment for Climate Change** (UNDP and UNFCCC),
- Guidebook “**Overcoming Barriers to the Transfer and Diffusion of Climate Technologies**” (UNEP RISO, GEF),
- Finance guidebooks in mitigation and adaptation “**Accessing International Funding for Climate Change**” (UNEP RISO, GEF),
- Guidebook on **preparing technology transfer projects for financing** (UNFCCC),
- The third **synthesis report** on technology needs identified by 31 NAI Parties (UNFCCC),
- **The TEC work** on:
  - Results and success factors of TNAs,
  - Possible integration of the TNA process with NAMA and NAP processes,
- The paper **on good practices with TNAs** from 2014 (UNFCCC).

### The draft process of the work on the guidance:

### State of the work (I)

Works on:

- **The deliverable 1** “Review, and identify good practices and lessons learned of the guidance of technology action plans and projects of various stakeholders”, and
- **The deliverable 2** “Review the guidance of technology action plans and project ideas used in the global TNA project”,  
are currently undertaken by the task force.

These will be followed in June by initiating the work on

- **The deliverable 3** “Review technology action plans and project ideas of the global TNA project. Compare them with implemented action plans and project ideas of other stakeholders”.

**The TEC task force will report on its work to the TEC at its 11<sup>th</sup> meeting in September 2015.**

### State of the work (II)

**Based on the agreement of the TEC, UNEP and NGO stakeholders were invited to the TNA task force:**

- **NGOs**
  - Environmental NGOs (ENGO) nominated Mr. Aaron Leopold from Practical Action,
  - Research related NGOs (RINGO) nominated Ms. Marilyn Averill from the University of Colorado at Boulder,
  - Business related NGOs (BINGO) nomination is pending, however BINGO has consulted with the TEC task force, and will come with a nominee in June.
- **UNEP**
  - UNEP nominated Mr. Jonathan Duwyn, Programme officer of the Technology unit of UNEP, and the GEF-UNEP-TNA project supporting officer to represent UNEP in this task force.

Thank you.
