

Question 1:

How can we nurture innovation in countries, enhancing the implementation of NDCs and mid-century strategies

Based on your experience, what has driven innovation that has resulted in large-scale change ?

- ▶ Tweaking of existing technologies to suit the local context ?
- ▶ iPad-type product ?
- ▶ Managing supply chains and affordability ?
- ▶ Creating demand ?

At what stage in the technology cycle is it most effective to intervene in order to achieve large-scale technological adoption ?

What can you and your organization do to stimulate action that leads to innovation for achieving the NDC goals ?

- ▶ Test what is it that the users will accept ?
- ▶ Create a demand for a service ? Or a product ?
- ▶ Set up a system in which innovators are rewarded for their enterprise ?
- ▶ Support – especially financially – innovation to enable large-scale change ?

What – and where – are the gaps that need to be filled ?
