19.35 – 20.00 / QUESTIONS AND ANSWERS PART 2

Room 10, Bonn Zone
Wednesday, November 8 2017
18:30-20:00

The UNFCCC Technology Mechanism supports countries in developing and transferring climate technologies to reduce greenhouse gas emissions and adapt to a changing climate. This side event will present the 2017 achievements of its two bodies: the Technology Executive Committee and Climate Technology Centre and Network.
