August 20th 2018

RedINGEI National Greenhouse Gas Inventories Latin American Network

Development process:

Objective:
Enable development of technical and institutional capacities through the exchange of experiences and the adoption of best practices among member countries.

RedINGEI

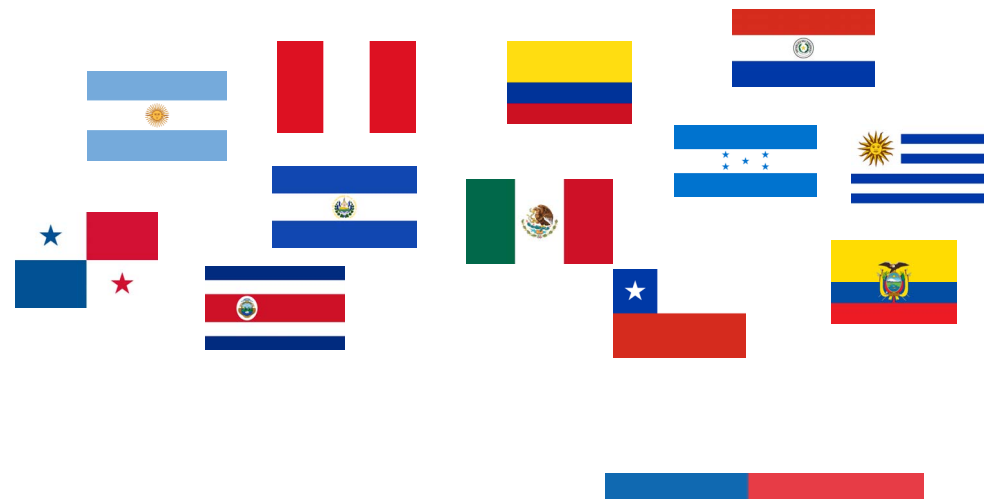

- Driven by the member countries: establishing annual agenda and actively participate in the exchange of experiences.
- Spanish speaking countries.
- LatinAmerican experts.

Red INGEI Activities:

- Online courses 2017
- Expert Directory
- Broadcast country's activities
- E-mail group to discuss specific topics
- Aditonal support 2018: BUR preparation

12 Member countries 2018

Argentina, Chile, Colombia, Costa Rica, Ecuador, El Salvador, Honduras, México, Panamá, Paraguay, Perú y Uruguay

What we have learned?

Factors to succeed

**1. Focus on what countries have already accomplished:
what can countries offer in a certain topic?**

Regional
capacity
Gaps, needs
Similar
realities

**2. Main challenges as a Region could be faced by
strengthening cooperation.**

Resilience
SDGs
DRR

3. Funding is always a constraining factor.

Good option:
Supporting
initiatives that
will benefit
more than one
country
