

Technology Executive Committee

30 August 2017

Fifteenth meeting

Bonn, Germany, 12–15 September 2017

Draft inputs for the draft guidance to the operating entities of the Financial Mechanism

Background paper

I. Introduction

A. Background

1. One of the functions of the Standing Committee on Finance (SCF) is to provide to the Conference of the Parties (COP) draft guidance to the operating entities of the Financial Mechanism of the Convention, with a view to improving the consistency and practicality of such guidance, taking into account the annual reports of the operating entities as well as relevant submissions from Parties.

2. The SCF has invited the Technology Executive Committee (TEC) to provide inputs to the SCF with regards to the draft guidance of the operating entities of the Financial Mechanism to be provided to COP 23. This activity has been reflected in the rolling workplan of the TEC for 2016-2018 (activity 16.2 of the workplan).

3. At its 14th meeting (TEC 14), the TEC requested its task force on climate technology financing (task force on finance) to prepare draft inputs for draft guidance to the operating entities of the Financial Mechanism for consideration at TEC 15.

B. Scope of the note

4. This background note provides a compilation of draft inputs for the draft guidance to the operating entities of the Financial Mechanism, submitted by members of the task force on finance.

C. Possible action by the Technology Executive Committee

5. The TEC will be invited to consider the draft inputs prepared by the task force and agree on the TEC inputs for the draft guidance to the operating entities of the Financial Mechanism.

II. Process for preparing draft guidance to the operating entities of the Financial Mechanism

6. In its invitation to the TEC, the SCF provided the following information regarding the scope, format, timing of the inputs for the draft guidance, and how these will be processed:

(a) Scope: the annual reports of the operating entities should form the basis for the inputs provided;

(b) Format: the thematic bodies are invited to provide inputs using the same template as last year;

(c) Timing: the TEC is invited to provide the inputs ahead of the 16th meeting of the SCF, which has been scheduled to take place from 18 to 21 September 2017;

(d) Processing of inputs received: the SCF aims to recommend draft guidance for consideration by COP 23 through its annual report to the COP. The SCF will prepare the draft guidance based on the inputs, inter alia, received from the TEC. In order to ensure the consistency and practicality of guidance provided to the operating entities, the SCF will apply the following criteria to assess the inputs received, to see whether they are:

- (i) In line with the mandates of the operating entities;
- (ii) Ongoing and are being currently undertaken by the operating entities;
- (iii) Not contradictory to previous guidance given to the operating entities;
- (iv) Not duplicative of previous guidance given to the operating entities.

7. The TEC was encouraged to take note of the above mentioned criteria in preparing its inputs. Moreover, the SCF invited the TEC to utilize the Compilation and Analysis of previous guidance provided to the operating entities¹ in preparing its inputs, to ensure consistency and practicality of the inputs.

III. Draft inputs for the draft guidance to the operating entities of the Financial Mechanism

8. In preparing draft inputs for the draft guidance to the operating entities of the Financial Mechanism, the following documents were taken into account:

- (a) Report of the Green Climate Fund to COP 23;²
- (b) Report of the Global Environment Facility to COP 23;³
- (c) Previous guidance provided to the operating entities of the Financial Mechanism on technology related matters.

9. A compilation of inputs received from task force members of the task force on finance is contained in Annex I.
